

# Equality Impact Assessment

## Context

1. under s.149 of the Equality Act 2010, when making decisions, Essex County Council must have regard to the Public Sector Equality Duty, i.e. have due regard to:
  - eliminating unlawful discrimination, harassment and victimisation, and other conduct prohibited by the Act,
  - advancing equality of opportunity between people who share a protected characteristic and those who do not,
  - fostering good relations between people who share a protected characteristic and those who do not, including tackling prejudice and promoting understanding.
2. The characteristics protected by the Equality Act are:
  - age
  - disability
  - gender reassignment
  - marriage/civil partnership
  - pregnancy/maternity
  - race
  - religion/belief
  - gender
  - sexual orientation.
3. In addition to the above-protected characteristics, you should consider the cross-cutting elements of the proposed policy, namely the social, economic and environmental impact (including rurality) as part of this assessment. These cross-cutting elements are not a characteristic protected by law but are regarded as good practice to include.
4. The Equality Impact Assessment (EqIA) document should be used as a tool to test and analyse the nature and impact of what we either do or are planning to do in the future. It can be used flexibly for reviewing existing arrangements but in particular should enable identification where further consultation, engagement and data is required.
5. Use the questions in this document to record your findings. This should include the nature and extent of the impact on those likely to be affected by the proposed policy.
6. Where this EqIA relates to a continuing project, it must be reviewed and updated at each stage of the decision.
7. The EqIA will be published [online](#):
8. All **Cabinet Member Actions, Chief Officer Actions, Key Decisions** and **Cabinet Reports must be** accompanied by an EqIA.
9. For further information, refer to the EqIA guidance for staff.

## Section 2: Policy to be analysed

2.1	<p>Is this a new policy (or decision) or a change to an existing policy, practice or project?</p> <p>New policy to implement a 20mph Speed Limit, Waterhouse Moor, Harlow</p>
2.2	<p>Describe the main aims, objectives and purpose of the policy (or decision):</p> <p>To obtain approval for 20mph Speed Limit</p> <p>What outcome(s) are you hoping to achieve (i.e. decommissioning or commissioning a service).</p> <p>Implementation of 20mph Speed Limit, Waterhouse Moor, Harlow</p>
2.3	<p>Does or will the policy or decision affect:</p> <ul style="list-style-type: none"><li>• service users</li><li>• employees</li><li>• the wider community or groups of people, particularly where there are areas of known inequalities?</li></ul> <p>This decision will affect those with physical or unseen disabilities that require the need of Disabled Parking Bays.</p> <p>Will the policy or decision influence how organisations operate?</p> <p>No</p>
2.4	<p>Will the policy or decision involve substantial changes in resources?</p> <p>No</p>
2.5	<p>Is this policy or decision associated with any of the Council's other policies and how, if applicable, does the proposed policy support corporate outcomes?</p> <p>No</p>

### Section 3: Evidence/data about the user population and consultation<sup>1</sup>

As a minimum you must consider what is known about the population likely to be affected which will support your understanding of the impact of the policy, e.g. service uptake/usage, customer satisfaction surveys, staffing data, performance data, research information (national, regional and local data sources).

3.1	What does the information tell you about those groups identified?
3.2	<p>Have you consulted or involved those groups that are likely to be affected by the policy or decision you want to implement? If so, what were their views and how have their views influenced your decision?</p> <p>A statutory consultation was carried out by means of advertisements on the Essex County Council website and site notices placed in close proximity to the proposed road. This resulted in two objections to the implementation of the 20mph Speed Limit on Waterhouse Moor, Harlow. Concerns were expressed because the objector felt that all roads within Harlow should be 20mph Speed Limits.</p>
3.3	<p>If you have not consulted or engaged with communities that are likely to be affected by the policy or decision, give details about when you intend to carry out consultation or provide reasons for why you feel this is not necessary. Please include any reasonable adjustments, e.g. accessible formats, you will provide as part of the consultation process for disabled people:</p> <p>All members of the public were able to comment on the scheme when it was formally advertised.</p>

## Advice

Keep your director informed of all equality & diversity issues. We recommend that you forward a copy of every EqlA you undertake to the director responsible for the service area. Retain a copy of this EqlA for your records. If this EqlA relates to a continuing project, ensure this document is kept under review and updated, e.g. after a consultation has been undertaken.
