

MAFHI/01/10

Committee Mid Area Forum - Health Inequalities Across Mid-Essex Scrutiny Task and Finish Group

Date 14 July 2010

Evidence from NHS Mid Essex

Attached is advance information provided by NHS Mid Essex. Carol Winsor, Interim Commercial Director and Jane Richards, Assistant Director of Public Health, both will be in attendance to present and clarify further this information and take questions.

Documents attached:

- (i) Covering email from Jane Richards giving brief overview of documents attached (Appendix A).
- (ii) Questions submitted on behalf of the Task and Finish Group and the PCTs responses (Appendix B).
- (iii) Spreadsheet outlining GP and Other referrals for Mid Essex PCT for 2009/10 by provider (Appendix C).
- (iv) Spreadsheet outlining Mid-Essex Residents with a GP Outside of the Area (Appendix D).
- (v) Spreadsheet outlining Inpatient Spells by provider for 2009/10 (Appendix E).

Email to John Zammit, Area Co-ordinator Mid Essex

Hi John

I have attached a zip file with the following data enclosed

- All referrals made by Mid Essex GPs to secondary care providers - a you will see the vast majority are to MEHT (86%) with a further 8% to Colchester Hospitals University Foundation Trust (CHUFT)
- No of patients registered with GPs outside Mid Essex - these are primarily with our neighbouring PCTs in including Suffolk
- No of inpatient admissions (broken down by elective and non elective by provider) - again MEHT is the majority provider with CHUFT second <<HOSC data.zip>> With respect to the other questions asked the majority of these are probably better answered in discussion on 14th July but I have also attached some further info in response to these as well. I am still trying to secure some director input for the meeting on 14th - as you know Sallie Mills Lewis is on leave that day and although I will be coming I am sure the members would appreciate the presence of an Exec Board meeting as well!

Please let me know if you have immediate queries on the attached - happy to provide further clarification as required

<<HOSC scope_reponse_June_2010.doc>>

Regards

Jane Richards

Assistant Director of Public Health (*Health Improvement & Health Inequalities*)
NHS Mid Essex

T: 01245 459416

Swift House, Hedgerows Business Park, Colchester Road, Chelmsford, Essex. CM2 5PF

'We care about people...We do a great job...We work together!'

please consider the environment - do you really need to print this email?

HOSC scope

1. What hospital provision do residents who live in mid Essex (Braintree, Maldon Chelmsford) use? – **data attached**
2. What provision is there for patients with transport problems i.e. some older people, those who are disabled, socially disadvantaged etc? – **Patients on benefits are entitled to claim back travel costs. A range of transport options are available for patients unable to use public transport or without their own transport through East Of England Ambulance Service**
3. How many Essex patients who live in Mid Essex are registered with GP practices located in Mid Essex? **Number of patients registered with Mid practices as at 1st April 2010 = 377,969. Location of these patients is shown in the table below**

Chelmsford	Braintree (NHS Mid Essex Boundary)	Maldon	Colchester	Uttlesford	Epping Forest	Basildon	Braintree (NHS West Essex Boundary)	Rochford	Brentwood	Other Essex LAs
166,646	142,084	62,619	4,788	1,031	89	561	35	32	27	14

Re unregistered population – this is unknown but NHS mid Essex is required to pay for any hospital treatment given to a person who is not registered with a GP Practice but is a resident within the organisation's boundary. Data can be extracted on the activity that was paid for but will have a couple of drawbacks:

1. It will only be appointments not actual people i.e. it could be the same person going back a number of times (maybe preferring to use the hospital services instead of community services). Some evidence from around the country of certain ethnic groups preferring to access acute care instead of community services due to cultural reasons (unknown if an issue for mid Essex).
 2. Will only include those not registered but requiring healthcare i.e. excluding those not registered and have not needed or sought healthcare services
4. How many Essex patients who live in Mid Essex are registered with GP practices located outside Mid Essex? – **data attached**
 5. How many GP practices located in Mid Essex are single handed? **14 practices have only one or one WTE GP Principal but seven of these employ salaried doctors or regular locums to provide some sessions**
 6. What provision/contingency plans are in place if the above should have an issue/fail e.g. GP is long term sick, GP retires and unable to find a replacement etc?

The PCT has a Sickness and Maternity Leave policy that enables qualifying practices to apply for financial assistance with locum costs. Replacement of a retired doctor in a group practice is the responsibility of that practice: retirement of a single-handed GP would require intervention by the PCT as the contract would lapse. Type of intervention would depend upon the size of the practice but could include dispersal of the list, merger with another practice or a formal tender process.

7. Is the PCT planning for bigger, more centralised GP practices and what impact will this have on patients i.e. harder access, transport issues etc? – for detailed discussion on 14th July
8. What plans do the PCT have to make hospital care more localised – some areas have turned general hospitals into A & E only and made provision locally for patients needing hospital care? - for detailed discussion on 14th July
9. What pinch points does Mid Essex PCT have and what plans has it got for dealing with these? - for detailed discussion on 14th July
10. Are there big/varying gaps in waiting times for hospital admissions and appointments to see a GP? - for detailed discussion on 14th July
