Purpose of the visit and anticipated value to the County Council:

The Local Government Association (LGA) is a politically-led, cross-party organisation which works on behalf of councils across England and Wales to ensure that local government has a strong and credible voice with national government. The LGAs membership also includes fire, national parks, passenger transport and police authorities.

The LGA Annual Conference is one of the largest events in the local government calendar, and regularly attracts over 1,100 delegates. The conference is attended by Council Leaders and Chief Executives, senior officers, lead members and policy makers across local government, and it also attracts high numbers from LGA partner organisations in the wider public sector, and the private and voluntary sectors.

This focus of this year's conference also aligns with two of ECC's most important priorities – devolution and health and social care integration – making attendance of the conference more important than ever. Member and officer attendance will ensure that our voice is represented, that we are influencing and leading the agenda, making sure we are not left behind, and that we are gaining insights into key developments elsewhere across the country.

In addition, with a growing emphasis on partnership working at Essex County Council, the LGA Annual Conference is a prime opportunity to discuss best practice and share innovation from delegates up and down the country as well as establishing key relationships and alliances. In addition, delegates will have the opportunity to share experiences, hear high-profile speakers, debate issues of importance, participate in these debates and network with colleagues, peers and partners.
