## **6. Country Parks Strategy**

The Cabinet considered report FP/900/08/12 by the Cabinet Member for Customer Services, Environment and Culture which advised of the intention to advertise the opportunity of taking a commercial lease of Marsh Farm visitor attraction and separately, the opportunity to enter into a service or concession/partnership arrangement for the future operation of Cressing Temple Barns heritage site..

Arising from consideration of the report, the Cabinet Member for Customer Services, Environment and Culture advised that the decision to grant any lease or award any contract would be brought back to a future meeting.

In response to questions by Councillor Mrs Higgins, the Cabinet Member advised that TUPE would apply to any staff transferred to a new employer and that developments in respect of Marsh Farm and Cressing Temple would be progressed as soon as possible (although the process in respect of Cressing Temple was likely to take longer).

Also in response to a question by Councillor Mrs Higgins it was agreed that Cabinet reports should in future include links to Equality Impact Assessments.

## **7. Essex Countywide Traveller Unit**

The Cabinet considered report FP/868//06/12 by the Cabinet Member for Communities and Planning (presented in his absence by the Leader of the Council) which provided an update on the development and funding arrangements for the Essex Countywide Traveller Unit (ECTU) partnership and sought agreement for the Council to enter into Joint Committee arrangements with partner authorities across Essex. The Cabinet was required to agree to accept delegation of powers from these authorities in order for it to carry out the functions of the Joint Committee.

In response to Councillor Mrs Higgins, the Leader of the Council agreed to make the Cabinet Member for Communities and Planning aware of her comments regarding the need for the Joint Committee to include Member representation and as to whether it may be possible to seek Government action to allow Primary Care Trusts and their successors to become full members. ## **8. Community Asset Transfer Policy**

The Cabinet considered report FP/884/07/12 by the Deputy Leader and Cabinet Member for Finance and Transformation Programme which sought approval to adopt a Community Asset Transfer Policy.

Community Asset Transfer is the process by which smaller parcels of land assets held by Essex county Council (EC) are transferred to local community groups. This has the advantage of empowering the community (in line with the Government's Localism agenda) and also of reducing the ongoing maintenance costs to the Authority where there is limited medium or longer term use of the asset proposed. The proposed policy had been developed to provide a clear transparent basis for the consideration of applications for the transfer of assets to the community.

In introducing the report, the Cabinet Member for Finance and Transformation Programme advised that the Chairman of the Executive Scrutiny Committee had agreed that the Committee would review the effectiveness of the policy in six to twelve months' time.

In response to questions by Councillor Mrs Higgins and Councillor Mackrory, the Cabinet Member advised that the list of Council assets was due to be made available online shortly and he offered clarification as to the method for determining the current use value of assets in a poor state of repair.

**Resolved:**

That the Community Asset Transfer Policy attached an appendix to the report be adopted.

**9. Decisions taken by or in consultation with Cabinet Members**
