Better Care Fund 2016-17 Planning Template

Sheet: Guidance

Overview

Ine purpose or this template is to collect information from CCGs, local authorities, and Health and Wellbeing Boards (HWBs) in relation to Better Care Fund (BCF) plans for 2016-17. The focus of the collection is on finance and activity information, as well as the national conditions. The template represents the minimum collection required to provide assurance that plans meet the requirements of the Better Care Fund policy framework set out by the Department of Health and the Department of Communities and Local Government (www.gov.uk/government/publications/better-care-fund-how-it-will-work-in-2016-to-2017). This information will be used during the regionally led assurance process in order to ensure that BCF plans being recommended for sign-off meet technical requirements of the fund.

The information collected within this template is therefore not intended to function as a 'plan' but rather as a submission of data relating to a plan. A narrative plan will also need to be provided separately to regional teams, but there will be no centrally submitted template for 2016-17. CCGs, local authorities, and HWBs will want to consider additional finance and activity information that they may wish to include within their own BCF

ımetable

The submission and assurance process will follow the following timetable:

- NHS Planning Guidance for 2016-17 released 22 December 2015
- BCF Allocations published following release of CCG allocations 09 February 2016
- Annex 4 BCF Planning Requirements 2016-17 released 22 February 2016
- BCF Planning Return template, released 24 February 2016
- First BCF submission by 2pm on 02 March 2016, agreed by CCGs and local authorities, to consist of: o BCF planning return template

All submissions will need to be sent to DCO teams and copied to the National Team (england.bettercaresupport@nhs.net)

- First stage assurance of planning return template and initial feedback to local areas 02 to 16 March 2016
- Second version of the BCF Planning Return template, released (with updated NEA plans) 9th March
- Second submission following assurance and feedback by 2pm on 21 March 2016, to consist of: o High level narrative plan
 - o Updated BCF planning return template
- Second stage assurance of full plans and feedback to local areas 21 March to 13 April 2016
- BCF plans finalised and signed off by Health and Wellbeing Boards in April, and submitted 2pm on 25 April 2016

This should be read alongside the timetable on page of page 15 of Annex 4 - BCF Planning Requirements.

On the cover sheet please **enter the following information**:

- The name of the lead contact who has completed the report, with their email address and contact number for use in resolving any queries regarding the return;

section of the template have been completed the cell will turn green. Only when all 6 cells are green should the template be sent to england.bettercaresupport@nhs.net

2. Summary and confirmations

This sheet summarises information provided on sheets 2 to 6, and allows for confirmation of the amount of funding identified for supporting social care and any funds ring-fenced as part of risk sharing arrangement. To do this, there are 2 cells where data can be input.

On this tab please **enter the following information**:

- In cell E37 ,please confirm the amount allocated for ongoing support for adult social care. This may differ from the summary of HWB expenditure on social care which has been calculated from information provided in the 'HWB Expenditure Plan' tab. If this is the case then cell F37 will turn yellow. Please use this to indicate the reason for any variance:
- In cell F47 please indicate the total value of funding held as a contingency as part of local risk share, if one is being put in place. For guidance on instances when this may be appropriate please consult the full BCF

a useful printable summary of the return.

3. HWB Funding Sources

Fund plan and pooled budget for 2016-17. It will be pre-populated with the minimum CCG contributions to the Fund in 2016/17, as confirmed within the BCF Allocations spreadsheet.

- Please use rows 16-25 to detail Local Authority funding contributions by selecting the relevant authorities and then entering the values of the contributions in column C. This should include all mandatory transfers made via local authorities, as set out in the BCF Allocations spreadsheet, and any additional local authority contributions. There is a comment box in column E to detail how contributions are made up or to allow contributions from an LA to split by funding source or purpose if helpful. Please note, only contributions assigned to a Local Authority will be included in the 'Total Local Authority Contribution' figure.
- Please use cell C42 to indicate whether any additional CCG contributions are being made. If 'Yes' is selected then rows 45 to 54 will turn yellow and can be used to detail all additional CCG contributions to the fund by selecting the CCG from the drop down boxes in column B and enter the values of the contributions in column 16 funding levels set out below.
- Please use the comment box in cell B61 to add any further narrative around your funding contributions for 2016-17, for example to set out the driver behind any change in the amount being pooled. The final section on this sheet then sets out four specific funding requirements and requests confirmation as to the progress made in agreeing how these are being met locally by selecting either 'Yes', 'No' or 'No in development' in response to each question. 'Yes' should be used when the funding requirement has been met. 'No in development' should be used when the requirement is not currently agreed but a plan is in development to meet this through the development of your BCF plan for 2016-17. 'No' should be used to indicate that there is currently no agreement in place for meeting this funding requirement and this is unlikely to be agreed before the plan is finalised.

range of information about how schemes are being funded and the types of services they are providing, which is required to demonstrate how the national policy framework is being achieved. Where a scheme has multiple funding sources this can be indicated and split out, but there may still be instances when several lines need to be completed in order to fully describe a single scheme. In this case please use the scheme name column to

- Enter a scheme name in column B;
- Select the scheme type in column C from the dropdown menu (descriptions of each are located in cells B270 C278); if the scheme type is not adequately described by one of the dropdown options please choose 'other' and give further explanation in column D;
- Select the area of spending the scheme is directed at using from the dropdown menu in column E; if the area of spending is not adequately described by one of the dropdown options please choose 'other' and give further explanation in column F:
- Select the commissioner and provider for the scheme using the dropdown menu in columns G and J, noting that if a scheme has more than one provider or commissioner, you should complete one row for each. For example, if both the CCG and the local authority will contract with a third party to provide a joint service, there would be two lines for the scheme: one for the CCG commissioning from the third party and one for the local authority commissioning from the third party;
- In Column K please state where the expenditure is being funded from. If this falls across multiple funding that detailed scheme level plans will continue to be developed locally.

5. HWB Metrics

I his sheet should be used to set out the Health and Wellbeing Board's performance plans for each of the Better Care Fund metrics in 2016-17. This should build on planned and actual performance on these metrics in 2015-16. The BCF requires plans to be set for 4 nationally defined metrics and 2 locally defined metrics. The non-elective admissions metric section is pre-populated with activity data from CCG Operating Plan submissions for all contributing CCGs, which has then been mapped to the HWB footprint to provide a default HWB level NEA activity plan for 2016-17. There is then the option to adjust this by indicating how many admissions can be avoided through the BCF plan, which are not already built into CCG operating plan assumptions. Where it is decided to plan for an additional reduction in NEA activity through the BCF the option is also provided within the template to set out an associated risk sharing arrangement. Once CCG have made their second operating plan activity uploads via Unify this data will be populated into a second version of this template by the national team and sent back in time for the second BCF submission. At this point Health and Wellbeing Boards will be able to amend, confirm, and comment on non-elective admission targets again based on the new data. The full specification and details around each of the six metrics is included in the BCF On this tab please **enter the following information:**

- Please use cell E43 to confirm if you are planning on any additional quarterly reductions (Yes/No)
- If you have answered Yes in cell E43 then in cells G45, I45, K45 and M45 please enter the quarterly additional reduction figures for Q1 to Q4.
- In cell E49 please confirm whether you are putting in place a local risk sharing agreement (Yes/No)
- In cell E54 please confirm or amend the cost of a non elective admission. This is used to calculate a risk
- In cell G69 please enter your forecasted level of residential admissions for 2015-16. In cell H69 please enter your planned level of residential admissions for 2016-17. The actual rate for 14-15 and the planned rate for 15-16 are provided for comparison. Please add a commentary in column I to provide any useful information in
- Please use cells G82-83 (forecast for 15-16) and H82-83 (planned 16-17) to set out the proportion of older people (65 and over) who were still at home 91 days after discharge from hospital into reablement / rehabilitation services. By entering the denominator figure in cell G83/H83 (the planned total number of older people (65 and over) discharged from hospital into reablement / rehabilitation services) and the numerator figure in cell G83/H83 (the number from within that group still at home after 91 days) the proportion will be
- Please use rows 93-95 (columns K-L for Q3-Q4 15-16 forecasts and columns M-P for 16-17 plans) to set out the Delayed Transfers Of Care (delayed days) from hospital per 100,000 population (aged 18+). The denominator figure in row 95 is pre-populated (population aged 18+). The numerator figure in cells K94-P94
- Please use rows 105-107 to update information relating to your locally selected performance metric. The local performance metric set out in cell C105 has been taken from your BCF 16-17 planning submission 1 template those local metrics can be amonded, as required You may also use rows 117-119 to update information relating to your locally selected patient experience
- You may also use rows 117-119 to update information relating to your locally selected patient experience metric. The local patient experience metric set out in cell C117 has been taken from your BCF 16-17 planning

5b. HWB Metrics Tool

I nere is no data required to be completed on this tab. I ne tab is instead designed to provide assistance in setting your 16/17 plan figures for NEA and DTOC. Baseline 14/15, plan 15/16 and actual 15/16 data has been provided as a reference. The 16/17 plan figures are taken from those given in tab 5. HWB Metrics.

For NEAs we have also provided SUS 14/15 Baseline, SUS 15/16 Actual and SUS 15/16 FOT (Forecast Outturn) figures, mapped from the baseline data supplied to assist CCGs with the 16/17 shared planning round. This has been provided as a reference to support the new requirement for BCF NEA targets to be set in line with the revised definition set out in the "Technical Definitions" and the "Supplementary Technical Definitions" at the foot of the following webpage:

6. National Conditions

This sheet requires the Health & Wellbeing Board to confirm whether the eight national conditions detailed in the Better Care Fund Planning Guidance are on track to be met through the delivery of your plan in 2016-17. The conditions are set out in full in the BCF Policy Framework and further guidance is provided in the BCF

On this tab please enter the following information:

- For each national condition please use column C to indicate whether the condition is being met. The sheet sets out the eight conditions and requires the Health & Wellbeing Board to confirm either 'Yes', 'No' or 'No - in development' for each one. 'Yes' should be used when the condition is already being fully met, or will be by 31st March 2016. 'No - in development' should be used when a condition is not currently being met but a plan is in development to meet this through the delivery of your BCF plan in 2016-17. 'No' should be used to indicate that there is currently no plan agreed for meeting this condition by 31st March 2017.

Sheet: Checklist

This is a checklist in relation to cells that need data inputting in the each of the sheets within this file. It is sectioned out by sheet name and contains the question, cell reference (hyperlinked) for the question and two separate checks

- the 'tick-box' column (D) is populated by the user for their own reference (not mandatory), and

- the 'checker' column (E) which updates as questions within each sheet are completed. The checker column has been coloured so that if a value is missing from the sheet it refers to, the cell will be Red and contain the word 'No' - once completed the cell will change to Green and contain the word 'Yes'. The 'sheet completed' cell will update when all 'checker' values for the sheet are green containing the word 'Yes'. Once the checker column contains all cells marked 'Yes' the 'Incomplete Template' cell (B6) will change to 'Complete Template'. Please ensure that all boxes on the checklist tab are green before submission.

Better Care Fund 2016-17 Planning Template

Sheet: 1. Cover Sheet

The cover sheet provides essential information on the area for which the template is being completed, contacts and sign off. The selection of your Health and Wellbeing Board (HWB) on this sheet also then ensures that the correct data is prepopulated through the rest of the template.

On the cover sheet please enter the following information:

- The Health and Wellbeing Board;
- The name of the lead contact who has completed the report, with their email address and contact number for use in resolving any queries regarding the return;
- The name of the lead officer who has signed off the report on behalf of the CCGs and Local Authority in the HWB area. Question completion tracks the number of questions that have been completed, when all the questions in each section of the template have been completed the cell will turn green. Only when all 6 cells are green should the template be sent to england.bettercaresupport@nhs.net

You are reminded that much of the data in this template, to which you have privileged access, is management information only and is not in the public domain. It is not to be shared more widely than is necessary to complete the return.

Any accidental or wrongful release should be reported immediately and may lead to an inquiry. Wrongful release includes indications of the content, including such descriptions as "favourable" or "unfavourable".

Please prevent inappropriate use by treating this information as restricted, refrain from passing information on to others and use it only for the purposes for which it is provided.

It presents a summary of the first BCF submission and a mapped summary of the NEA activity plans received in the second iteration of the "CCG NHS Shared Planning Process".

Template for BCF submission 2: due on 21 March 2016 Sheet: 2. Summary of Health and Well-Being Board 2016/17 Planning Template **Selected Health and Well Being Board:** Essex **Data Submission Period:** 2016/17 2. Summary and confirmations This sheet summarises information provided on sheets 2 to 6, and allows for confirmation of the amount of funding identified for supporting social care and any funds ring-fenced as part of risk sharing arrangement. To do this, there are 2 cells where data can be input. On this tab please enter the following information: - In cell E37 ,please confirm the amount allocated for ongoing support for adult social care. This may differ from the summary of HWB expenditure on social care which has been calculated from information provided in the 'HWB Expenditure Plan' tab. If this is the case then cell F37 will turn yellow. Please use this to indicate the reason for any variance; - In cell F47 please indicate the total value of funding held as a contingency as part of local risk share, if one is being put in place. For guidance on instances when this may be appropriate please consult the full BCF Planning Requirements document. Cell F44 shows the HWB share of the national £1bn that is to be used as set out in national condition vii. Cell F45 shows the value of investment in NHS Commissioned Out of Hospital Services, as calculated from the 'HWB Expenditure Plan' tab. Cell F49 will show any potential shortfall in meeting the financial requirements of the condition. The rest of this tab will be populated from the information provided elsewhere within the template, and provides a useful printable summary of the return. 3. Template for BCF submission 2: due on 21 March 2016 Sheet: 4. Health and Well-Being Board Expenditure Plan

This sheet should be used to set out the full BCF scheme level spending plan. The table is set out to capture a range of information about how schemes are being funded and the types of services they are providing, which is required to demonstrate how the national policy framework is being achieved. Where a scheme has multiple funding sources this can be indicated and split out, but there may still be instances when several lines need to be completed in order to fully describe a single scheme. In this case please use the scheme has multiple funding sources this can be indicated and split out, but there may still be instances when several lines need to be completed in order to fully describe a single scheme. 5. HWB Metrics

This sheet should be used to set out the Health and Wellbeing Board's performance on these metrics in 2015-16. The BCF requires plans to be set for 4 nationally defined metrics and 2 locally defined metrics. The non-elective admissions metric section is prepopulated with activity data from CCG Operating Plan submissions for all contributing CCGs, which has then been mapped to the HWB footprint to provide a default HWB level NEA activity plan for 2016-17. There is then the option to adjust this by indicating how many admissions can be avoided through the BCF plan, which are not already built into CCG operating plan assumptions. Where it is decided to plan for an additional reduction in NEA activity through the BCF the option is also provided within the template to set out an associated risk sharing arrangement. Once CCG have made their second operating plan activity uploads via Unify this data will be populated into a second version of this template by the national team and sent back in time for the second BCF submission. At this point Health and Wellbeing Boards will be able to amend, confirm, and comment on non-elective admission targets again based on the new data. The full specification and details around each of the six metrics is included in the BCF Planning Requirements document. Comments and instructions in the sheet should provide the information required to complete the sheet.

Further information on how when reductions in Non-Elective Activity and associated risk sharing arrangements should be considered is set out within the BCF Planning Requirements document.

There is no data required to be completed on this tab. The tab is instead designed to provide assistance in setting your 16/17 plan figures for NEA and DTOC. Baseline 14/15, plan 15/16 and actual 15/16 data has been provided as a reference. The 16/17 plan figures are taken from those given in tab 5. HWB Metrics.

For NEAs we have also provided SUS 14/15 Baseline, SUS 15/16 Actual and SUS 15/16 FOT (Forecast Outturn) figures, mapped from the baseline data supplied to assist CCGs with the 16/17 shared planning round. This has been provided as a reference to support the new requirement for BCF NEA targets to be set in line with the revised definition set out in the "Technical Definitions" and the "Supplementary Technical Definitions" at the foot of the following webpage:

Essex 15/16 Actual	36,603	36,169			72,772

14/15 baseline and plan data has been taken from the "Better Care Fund Revised Non-Elective targets - Q4 Playback and Final Re-Validation of Baseline and Plans Collection" returned by HWB's in July 2015. The Q1 15/16 actual performance has been taken from the "Q1 Better Care Fund data collection" returned by HWB's in August 2015. The Q2 actual performance 15/16 and the Q4 15/16 plan figure have been taken from the "Q2 Better Care Fund data collection" returned by HWB's in November 2015. Actual Q3 and Q4 data is not available at the point of this template being released.

SUS 14/15 Baseline, SUS 15/16 Actual and SUS 15/16 FOT (Forecast Outturn) figures were mapped from the baseline data supplied to assist the CCGs with the 16/17 shared planning round.

Over the last year the monitoring of non-elective admission (NEA) activity has shifted away from the use of the Monthly Activity Return (MAR) towards the use of Secondary Users Service data (SUS). This has been reflected in the latest planning round where NHS England, Monitor and TDA have worked with CCGs and providers to create a consistent methodology to enable the creation of consistent NEA plans. The SUS CCG mapped data included here has been derived using this methodology. More details on the methodology used to define NEA can be found in the "Technical Definitions" and the "Supplementary Technical Definitions" at the foot of the following webpage:

6. National Conditions

This sheet requires the Health & Wellbeing Board to confirm whether the eight national conditions detailed in the BCF Policy Framework and further guidance is provided in the BCF Planning Requirements document. Please answer as at the time of completion. On this tab please enter the following information:

- For each national condition please use column C to indicate whether the condition is being met. The sheet sets out the eight conditions and requires the Health & Wellbeing Board to confirm either 'Yes', 'No' or 'No in development' for each one. 'Yes' should be used when the condition is already being fully met, or will be by 31st March 2016. 'No in development' should be used when a condition is not currently being met but a plan is in development to meet this through the delivery of your BCF plan in 2016-17. 'No' should be used to indicate that there is currently no plan agreed for meeting this condition by 31st March 2017.
- Please use column C to indicate when it is expected that the condition will be met / agreed if it is not being currently.
- Please detail in the comments box issues and/or actions that are being taken to meet the condition, or any other relevant information.

National Conditions For The Better Care Fund 2016-17	Does your BCF plan for 2016- 17 set out a clear plan to meet this condition?	Please detail in the comments box issues and/or actions that are being taken to meet the condition, or any other relevant information.
1) Plans to be jointly agreed	Yes	
2) Maintain provision of social care services (not spending)	Yes	
3) Agreement for the delivery of 7-day services across health and social care to prevent unnecessary non-elective admissions to acute settings and to facilitate transfer to alternative care settings when clinically appropriate	Yes	
4) Better data sharing between health and social care, based on the NHS number	Yes	
5) Ensure a joint approach to assessments and care planning and ensure that, where funding is used for integrated packages of care, there will be an accountable professional	Yes	
6) Agreement on the consequential impact of the changes on the providers that are predicted to be substantially affected by the plans	Yes	
7) Agreement to invest in NHS commissioned out-of-hospital services	Yes	
8) Agreement on a local target for Delayed Transfers of Care (DTOC) and develop a joint local action plan		To be developed as part of the BCF Narrative Plan completion process for submission on 21st March
