### Assessing the equality impact

**Use this section to record how you have assessed any potential impact on the communities likely to be affected by the policy (or decision):** The consultation arising from this proposal was conducted between 11th June 2019 and 9th July 2019, by the Burnt Mill Academy Trust (the Academy's sponsor). The vast majority of respondents supported the expansion of the Academy, with a proportion of those opposing doing so on non-educational grounds (which are addressed by the process, anyway).

Having considered all views expressed, it is our view that the proposal has overwhelmingly positive for the local community, as more parents/ carers will be able to send their children to a preferred local school. No resources are withdrawn by what is proposed. Further, school funding being predominantly pupil-led, the additional admission of children that the proposal creates brings with it extra revenue funding, on top of the capital investment that the expansion requires, thereby improving the learning environment for all children already on its roll.

**Does or will the policy or decision affect:**

**Service users:** Yes

**Employees:** No

**The wider community or groups of people, particularly where there are areas of known inequalities:** No

**Which geographical areas of Essex does or will the policy or decision affect?:** Harlow
