

Essex Flood Partnership: FRMP update

Wednesday, 14 October 2020

Joe Pugsley, FCRM Advisor

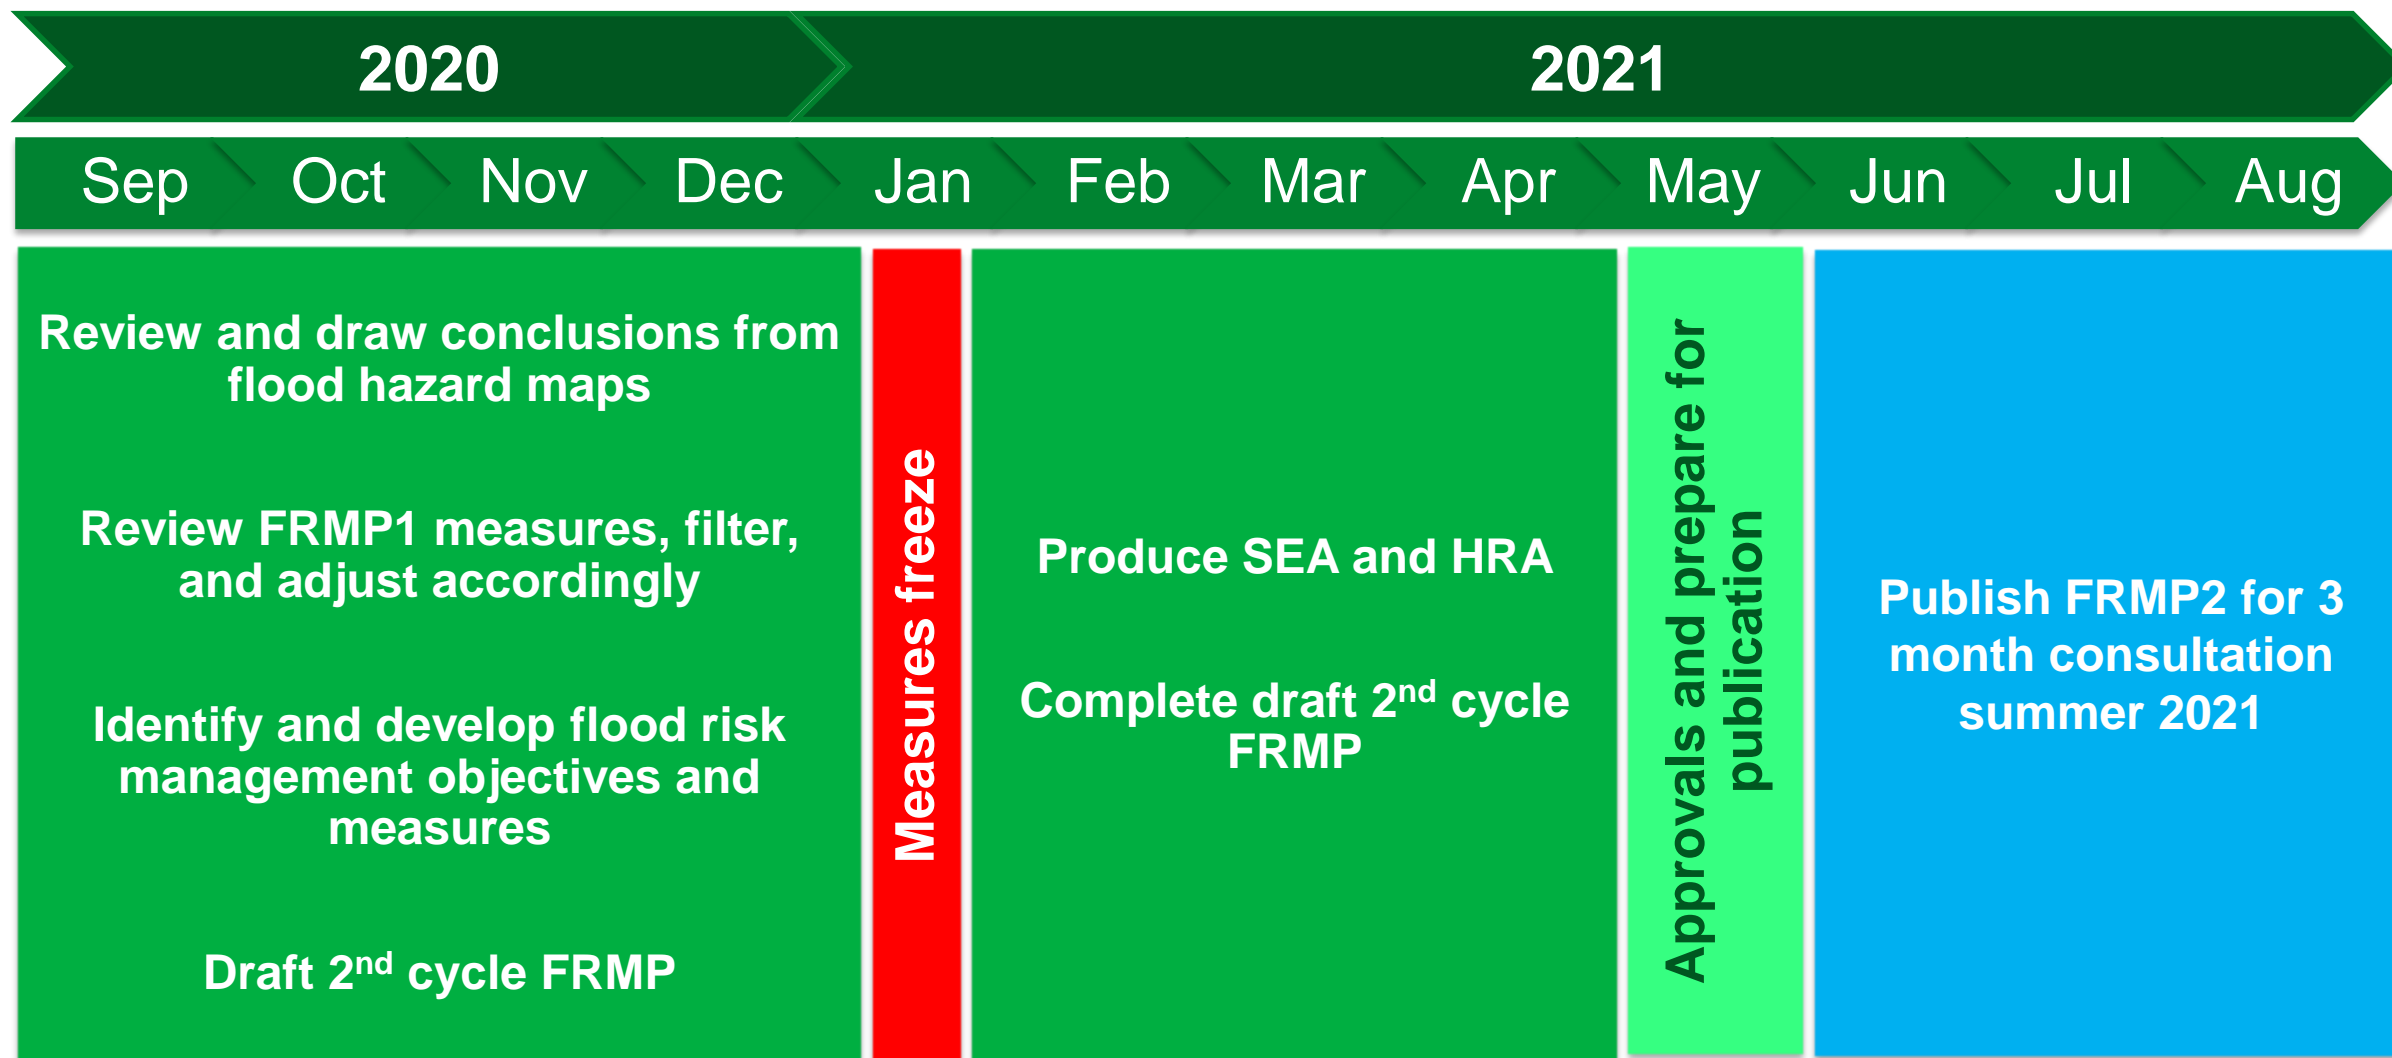

Anglian FRMP

Table 1: FRAs within the Anglian RBD

| RMA | FRAs |
|---------------------------------|--|
| Environment Agency | Alconbury, Alconbury Weston, Boston, Great Yarmouth, Horncastle, Hunstanton, King's Lynn, Lincoln, Lowestoft, Mablethorpe, Northampton, Oakington, Saffron Walden, Skegness, Spalding, Wisbech |
| Cambridgeshire County Council | Cambridge, Huntingdon, March |
| Essex County Council | Chelmsford, Colchester, South Essex |
| Leicestershire County Council | Market Harborough |
| Milton Keynes Council | Milton Keynes |
| Norfolk County Council | Norwich |
| Northamptonshire County Council | Northampton |
| Rutland County Council | Oakham |
| Southend-on-Sea Borough Council | South Essex |
| Suffolk County Council | Ipswich |

Timeline Update

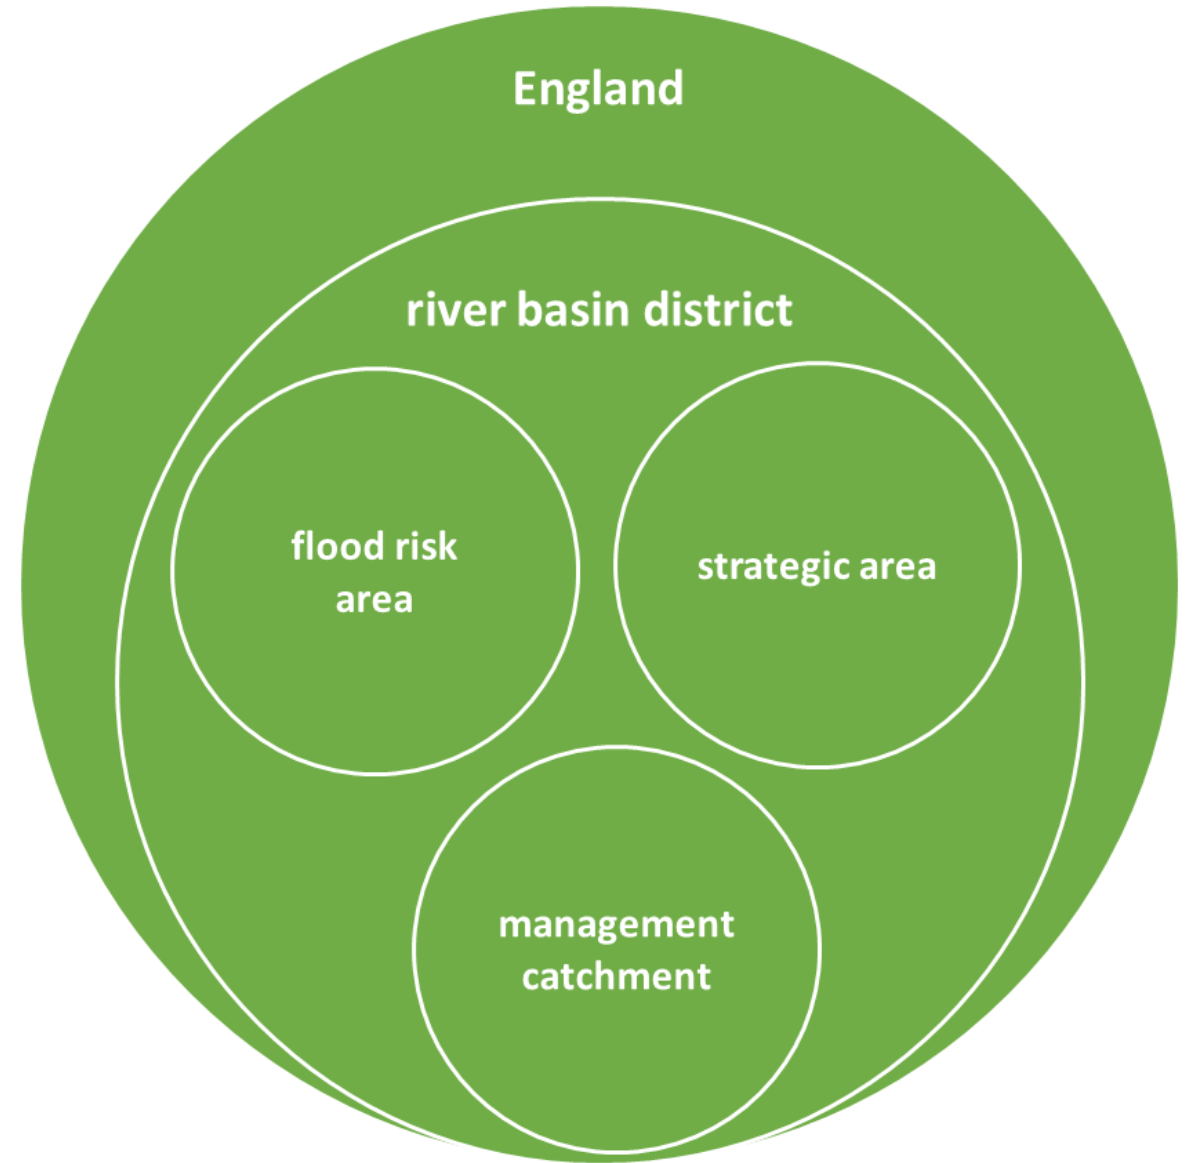

Summer Reset

- Take stock of existing information
- Check in with LLFAs
- Consider other area approaches
- National FCERM Strategy & FRMP Objectives
- Formalise approach

Measures Development

- Legal requirements:
 - One objective per sub-category for each FRA.
 - One measure to illustrate how an objective will be achieved.
- Ambition:
 - To include objectives and measures for the wider RBD.

Measures Development

- Themes based on the core ambitions of the National Strategy.
- Use themes to facilitate discussion with stakeholders and develop measures.
- Combination of detailed discussions for FRAs and broader workshops for Management Catchments.

Anglian RBD Themes

Climate resilient places

Flood Resilient Places

- Strategic Planning
- Investigation and Initial Assessment
- Building and Maintaining Defences
- NFM

Adaptive Pathways

- Factoring in the uncertainty of a changing climate

Environmental Enhancement

- Land management decisions
- Nature-based solutions

Today's growth and infrastructure, resilient in tomorrow's climate

Growth and Development

- FRM enabling growth
- Net gain opportunities

Infrastructure Resilience

- Property level resilience
- National infrastructure
- Flood defence infrastructure

A nation ready to respond and adapt to flooding and coastal change

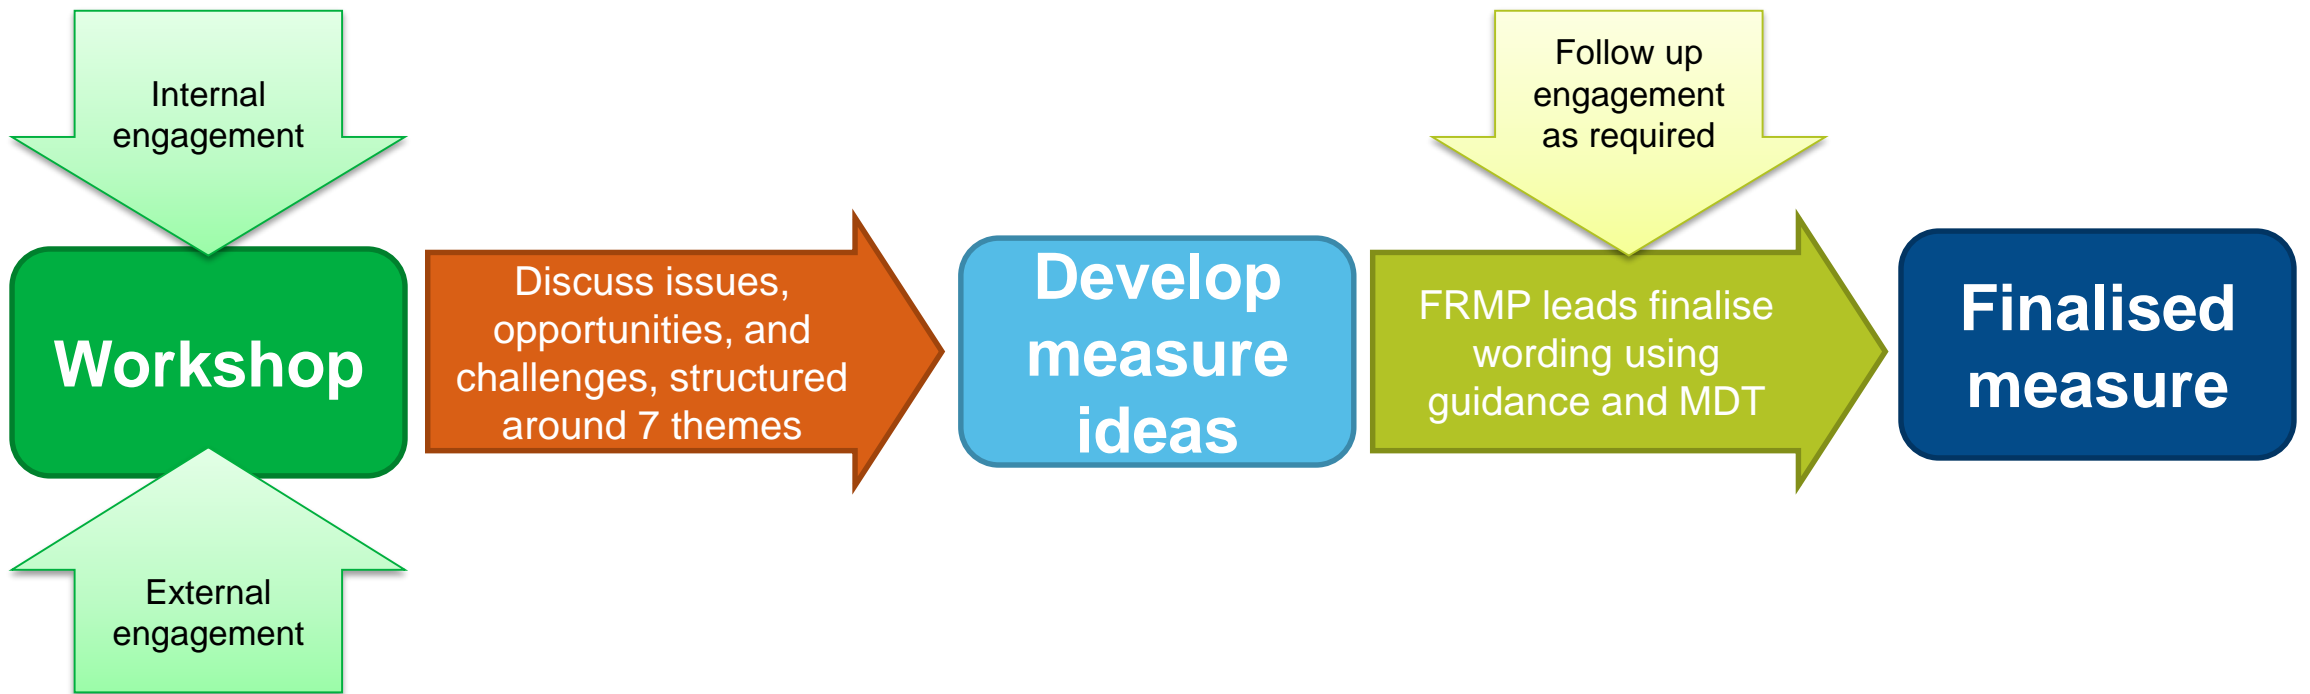

Ready to Respond

- Community resilience and preparedness
- Incident management

Recovery

- Build back better
- Mental health impacts

Measures Development

FRMP products/ tools

- Measures development guidance - released 13 August
- Live measures development tool - released 13 August
- Final Objectives – released 16 July
- National once measures – LLFA final released 16 September and EA draft released 7 August
- FRMP template – internal and external – released 21 August

FRMP approvals

- By mid Jan 2021, measures development freeze
 - EA AFCRM and equivalent within LLFA
- Before draft documents are finalised for consultation
 - Currently considering two options for EA approval
 - LLFA approval will probably vary between LLFAs – may be Cabinet Member/ Full Cabinet / Overview and Scrutiny Committee

Current and Upcoming Workload

- Review implementation of FRMP1 measures and transition to FRMP2 – ongoing
- Measure development
 - EA Workshops – October and November
