## 1. Purpose of Report

- 1.1 To update the Committee on the draft Essex Green Strategy

## 2. Background

- 2.1 The Green Essex Strategy, steered by the Essex Green Infrastructure Partnership, describes the need for green infrastructure in the county and sets a vision and objectives for the delivery of green infrastructure. This strategy provides a plan to guide the future planning and delivery of green infrastructure in Essex in light of the potential growth in development and population. The attached draft plan (Appendix A) outlines how a carefully planned Green Infrastructure network is crucial for the environment, the health & well-being of Essex residents and will help support a thriving, sustainable economy.

## 3. Session Aims

- 3.1 Members to discuss the draft Essex Prosperity and Productivity Plan with officers and provide comments and recommendations.
