Essex Health & Wellbeing Board

Essex County Council is taking a developmental approach to establishing a Health & Wellbeing Board. We have started with a pre-shadow Health & Wellbeing Board which, at the appropriate time, will evolve into the Shadow Health & Wellbeing Board, chaired by Cllr Peter Martin. The work of the pre-shadow board is supported by a task and finish development group. The development group is exploring issues around functions, governance and structures and reports into the pre-shadow health and wellbeing board. Once the development group and the board have agreed a set of proposals we will engage and seek views from a wider range of stakeholders.
