Essex County Council

Narrative Report

The purpose of the Narrative Report is to provide information on the Council, its main objectives and strategies and the principal risks it faces. The content of the Narrative Report is as follows:

Contents	Page
Introduction	5
Vision for Essex	7
Organisation Strategy	7
Revenue spending	8
Capital investment	12
Revenue Reserves and Balances	16
Cash Flow management	17
Statement of Accounts	17
Annual Governance Statement	19
Conclusion	19

Narrative Report

Introduction

About Essex County Council

Essex County Council (ECC) is one of the largest of the **26** county councils in England, covering an area of around **346,000** hectares, with a population of around **1.4m** people and comprising **70** electoral divisions. The Council forms the upper tier of local government within Essex (excluding Southend and Thurrock).

Our Services

The following core services are provided by the Council:

- **Children and Families** *(including the safeguarding of children, looked after children, services to vulnerable children and young people and their families and adoption and fostering services);*
- **Culture and Communities** *(including heritage, culture and the arts, tourism, community engagement and community resilience);*
- **Customer and Corporate** *(including libraries and community hubs, registration services, coroner and customer services);*
- **Economic Development** *(including enterprise and inward investment, employability and skills, strategic spatial planning, minerals and waste planning, housing growth and housing strategy, development and investment);*
- **Education and skills** *(including early years and pre-school, mainstream schools and education, special educational needs provision, school improvement, raising the participation age, youth services and careers advice and school crossing patrols);*
- **Environment and Waste** *(including waste minimisation, disposal and recycling, built and historic environment, country parks and green spaces, flood management and rural affairs);*
- **Health and Adult Social Care** *(including services for older people, people with physical or learning disabilities and the homeless, public health, mental health services, child health related matters and drug and alcohol action);*
- **Infrastructure** *(including highways maintenance, street lighting, traffic regulation and road safety, parking, cycling and public rights of way); and*
- **Finance, Commercial and Traded Services** *(including financial administration and management, comprising preparation and management of the revenue and capital budgets, funding and investment, traded services and strategic commercial partnerships).*

These services are either provided directly by the Council or are commissioned from and delivered by other organisations. Most of these services are mandatory, meaning that the Council must provide them because it is under a statutory duty to do so.

Narrative Report

Our leadership and workforce

The decisions that affect the services we provide and the policies we adopt are made by our Councillors. There are **75** Councillors at Essex County Council, who are elected in local elections based on their political affiliations, to represent **70** areas known as divisions. The last local election was on **4th May 2017**; our current Councillors are serving for a four-year term, effective from this date.

Full Council is a meeting of all **75** council members and it is at these meetings that councillors decide the overall policies of the County Council and set the Council's annual revenue budget and capital programme. The full Council is also responsible for electing a **Leader** of the Council.

The current **Leader** is Cllr David Finch. Cllr David Finch is responsible for the strategic direction, policies and priorities of the Council, including the overall corporate revenue and capital budget strategy. The Leader is also responsible for appointing nine other Councillors to form a **Cabinet**. The Councillors who make up the Cabinet provide collective and individual leadership, undertake lead responsibility for allocated portfolios and contribute towards the strategic direction of the Council. One of the nine Cabinet Members appointed by the Leader fulfils the role of **Deputy Leader**. The current **Deputy Leader** is Cllr Kevin Bentley.

Overview and scrutiny committees hold our Cabinet to account for the decisions made on behalf of the Council.

Senior officers, led by our **Chief Executive** Gavin Jones (our Head of Paid Services) and our Executive Directors, are responsible for:

- Advising Councillors on policy;
- Implementing Councillors' decisions; and
- Service performance.

Together, these officers form our **Corporate Leadership Team**.

Our workforce is aligned to our Corporate Leadership Team.

Overall, our workforce comprises **12,187** 'full time equivalent' employees. Of this total, **6,483** are employed within our locally maintained schools. Our non-schools' workforce therefore comprises **5,704** 'full time equivalent' employees as at 31st March 2019.

2017/18	Workforce numbers (full time equivalents)	2018/19
1,032	Adult Social Care	976
1,198	Children and Families	1,273
1,547	Corporate and Customer Services	1,408
600	Corporate Development	510
803	Place and Public Health	857
558	Education	555
103	Organisation Development and People	125
5,841	Sub total - non schools	5,704
7,840	Schools	6,483
13,681	Total	12,187

Narrative Report

Vision for Essex

The [Future of Essex](#) is a single, shared vision for Essex that has been created by working together with our partners across Essex – residents, businesses, the voluntary sector, schools, universities and other public service partners.

It is a long-term statement of ambition and aspiration for Essex:

- A statement of values and beliefs that represent Essex's identity and spirit.
- A statement of priorities for Essex that we can aspire to achieve together.
- An expression of shared pride in and ambition for our county bringing together public services, businesses and residents.
- A declaration of ambitions and aspirations for our shared future.
- A narrative to define and promote our county externally.

The [Future of Essex](#) is not an Essex County Council document, but the agreed ambitions (as shown in the adjacent diagram) have informed the Council's organisational strategy.

Organisation Strategy

Strategic aims

The Council's [Organisation Strategy](#) sets out our areas of focus over the four year period 2017-21. It articulates how we will achieve better outcomes for Essex, and secure the ambitions set out in the [Vision for Essex](#).

Our overarching ambition is for Essex to be the best local authority in the country – because that is what the people of Essex deserve. This ambition translates into four strategic aims (as summarised in the adjacent diagram).

Information on our performance against these priorities is provided in the Essex Annual Report for 2018/19 which is available on the Council's website.

Narrative Report

Revenue spending

Revenue spending plans for 2018/19

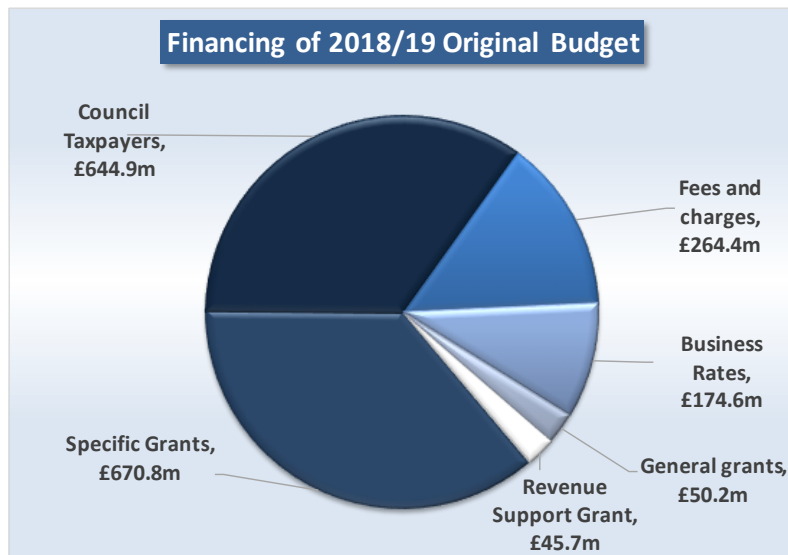

Our budget for the provision of services in 2018/19 was set against a backdrop of considerable financial challenge, due to the Government's on-going austerity programme of national reductions in public sector spending, compounded by inflationary pressures and an increasing demand for our services.

In total, we planned to spend some **£1,850.6m** (gross) on commissioning services this year.

This spending plan was aligned to the Council's Cabinet Members, according to their specific responsibilities for discharging the functions of the Cabinet.

We intended to finance **£985.4m** of our spending from income from fees and charges (**£264.4m**) and from specific (**£670.8m**) and general (**£50.2m**) government grants. The net budget, after allowing for specific and general government grants and income from fees and charges, originally amounted to **£865.2m**.

The net budget was financed from:

- Revenue Support Grant (**£45.7m**);
- Business rates (*including business rates 'top up' grant*) (**£174.6m**); and
- Local taxpayers (**£644.9m**).

The Council Tax for a band D property was set at **£1,221.75** (compared with £1,163.70 in 2017/18), which equated to an increase of under **65p** per household per week.

The Council levied the Government's social care precept of **2%** in 2018/19, which must be spent on the provision of adult social care; this is included in the Council Tax figure of **£1,221.75**.

Narrative Report

Year-end position

The Cabinet monitored actual spending against the approved budget throughout the year and reviewed the overall position on a quarterly basis.

Through careful financial planning and appropriate management action, the Council delivered a moderate under spend of **£8.9m (1%)** against a very challenging backdrop; this includes the **£4m** emergency contingency, unspent due in part to mild winter conditions. At the first quarter stage, the financial position was a forecast over spend of **£7.1m**, primarily driven by pressures in Adult Social Care and Home to School transport, but targeted management action to manage risk and reduce over spends enabled the recovery of that position.

Actual net expenditure compared with the final approved budget for the Cabinet Members' portfolios is shown below, together with the planned and actual financing of that expenditure:

	Budget		Actual net expenditure £000	Over / (under) spend against final estimate £000
	Original £000	Final Estimate £000		
Children and Families	115,667	116,477	116,200	(277)
Customer and Corporate	14,706	13,219	13,067	(152)
Economic Development	5,007	5,762	5,449	(313)
Education and Skills				
Dedicated Schools Budget	(3,063)	2,159	5,782	3,623
Non Dedicated Schools Budget	79,381	74,329	75,485	1,156
Environment and Waste	81,516	86,237	86,903	666
Health and Adult Social Care	411,107	409,260	399,310	(9,950)
Infrastructure	47,236	50,531	54,295	3,764
Culture and Communities	2,877	3,664	4,489	825
Leader	7,809	7,603	6,934	(669)
Finance and Commercial	16,195	14,488	13,225	(1,263)
Recharged strategic support services	74,746	90,215	84,863	(5,352)
Net expenditure by Portfolios	853,184	873,944	866,002	(7,942)
Other operating costs				
Emergency Contingency	4,000	4,000	-	(4,000)
Interest, capital financing and dividends	46,802	41,979	41,181	(798)
Appropriations to / (from) earmarked reserves and restricted funds:				
Proposed appropriations	11,427	(5,107)	2,896	8,003
Underlying under spend	-	-	6,500	6,500
Total net expenditure	915,413	914,816	916,579	1,763
General government grants (excl. RSG)	(50,162)	(50,162)	(53,438)	(3,276)
General Balance - contribution / (withdrawal)	-	597	2,972	2,375
Net Total	865,251	865,251	866,113	862
Financed by				
Revenue Support Grant (RSG)	(45,739)	(45,739)	(45,739)	-
Business rates (incl. business rates top up grant)	(174,488)	(174,488)	(175,350)	(862)
Council taxpayers	(645,024)	(645,024)	(645,024)	-
Total Financing	(865,251)	(865,251)	(866,113)	(862)

Narrative Report

The net under spend of **£8.9m** reflects:

- A net under spend by services of **£7.9m**. This is concentrated in the Health and Adult Social Care portfolio, due to lower domiciliary and respite care placements, and higher than budgeted income on non-residential care.
- The Emergency Contingency of **£4m** not being needed.
- A net under spend of **£0.8m** on interest, capital financing and dividends, largely resulting from not securing further external loans during 2018/19.
- The receipt of more income from general government grants, council tax and non-domestic rates than budgeted (**£4.1m**).
- Appropriations of **£8.0m** (net) into earmarked revenue reserves (including **£8.9m** into the Carry Forwards reserve, representing unspent budget that will be used to support service expenditure in 2019/20, some of which was planned, and the re-profiling endorsed in advance of the year end).

£6.5m of the under spend was appropriated into the Transformation Reserve and the remainder (**£2.4m**) was transferred to the General Balance.

Despite ending the year in an under spend position, there remain some significant underlying issues that require focus in the short and medium term to ensure financial sustainability, notably:

- Home to School Transport, where there is a cost pressure of circa **£2.1m** from 2020/21, driven by increased numbers and complexity of clients, specifically Special Educational Needs and Disabilities. This position is consistent with the national trend.
- A significant pressure within the high needs and early years' block within Education, funded by the Dedicated Schools Grant, which is over spent by **£3.0m** (see Note 13 of our Statement of Accounts, on page 71). A recovery plan is being prepared and will be reviewed by the Schools' Forum.

Revenue spending plans for 2019/20 and beyond

The 2019/20 budget is underpinned by a financial strategy to ensure the financial sustainability of the Council and to deliver essential services to residents, whilst keeping council tax as low as possible.

The Council accepted the government's offer of a multi-year settlement in 2016/17, in return for an efficiency plan. This settlement has provided the Council with certainty over some central government funding streams until 2019/20.

Revenue Support Grant funding from central government has reduced significantly over this period and falls to zero by 2020/21. Revenue Support Grant in 2019/20 will be **£18m** – this is equivalent to **2%** of the net cost of our services.

Narrative Report

At **£1,850.6m**, budgeted expenditure in 2019/20 is consistent with that originally planned for 2018/19.

The Council implemented a **2.99%** increase in core council tax in 2019/20 (in addition to a **1%** social care precept).

The Council Tax for a band D property is **£1,270.44** (compared with **£1,221.75** in 2018/19); this is an increase of **£0.94** per household per week.

The funding position beyond 2019/20 is not clear. Central government is working on the design of a new Business Rates Retention scheme which is due to be implemented in 2020/21. This will be a significant change to the way we are funded, but will provide greater financial independence, and incentives to push for local growth and pioneer new models of public service delivery. Importantly, it should also improve local accountability as locally raised tax becomes the core funding source. The Government is also consulting on the funding allocations for local authorities.

Looking ahead, total savings of **£100m** are required over the medium-term period, of which **£72m** must be found in 2020/21. Over the last 4 years, the Council has generated savings to taxpayers of **£311m** and has budgeted to deliver a further **£60m** of savings in 2019/20 (**6%** of the net budget). The Council has an outstanding track record, both in terms of delivering savings, generating income and delivering value to our residents, with a constant focus on strategic outcomes and financial prudence. Significant work is underway to align our plans for delivery to the Organisation Strategy with our financial position to ensure we deliver both a balanced budget for future years, as well as our ambitions for Essex and its residents.

The Council will continue to focus on commercialism, effective contract management and working with partners to secure value for money in delivering our strategic aims and priorities. The Council is redesigning its services where appropriate too, to ensure they remain modern and fit for purpose. The Capital Programme will also have elements which result in cash savings or reduced costs, thus reducing the burden on taxpayers.

Narrative Report

Further details of the Council's revenue investment plans are included in the [Essex County Council Organisation Plan 2019/20](#), which is available on the Council's website.

Capital investment

Background to the 2018/19 Capital Programme

Capital investment is essential to transform our capacity to meet future needs, generate additional income and deliver revenue savings. Our approach to setting the Capital Investment Programme for 2018/19 was to maximise and make the best use of the available funding to deliver projects that represent the key priorities of the Council and enable us to respond to residents' needs.

Overall, the Capital Programme for 2018/19 was originally set at **£298.6m** and comprised a diverse portfolio of activity, with elements that generate income and growth, drive savings and ensure the quality of infrastructure, for the benefit of Essex residents:

- **Invest to Grow (£148m)** – including economic growth schemes in infrastructure and highways, and the creation of new school places to meet additional demand from demographic changes and new housing developments;
- **Invest to maintain (£97m)** – projects intended to maintain but extend the life of our assets, including highways maintenance schemes countywide; and
- **Invest to save / generate return (£54m)** – schemes that generate a return or saving, including accommodation for older people and people with disabilities, LED street lighting and the Essex Housing Programme.

The Programme was aligned to the Council's Cabinet Members, according to their specific responsibilities for discharging the functions for the Cabinet (as illustrated above).

Narrative Report

Financing of Original 2018/19 Capital Programme

It was intended to finance the 2018/19 Capital Programme from a combination of borrowing (**£175.6m**) and from grants, contributions, capital receipts and reserves (**£123.0m**).

The grants for 2018/19 included funding from the Local Growth Fund (LGF) and National Productivity Investment Fund.

We submitted bids for the Housing Infrastructure Fund and continue to work closely with the Department for Transport and Highways England to secure improvements for the A120, A12 and M25 (junction 28).

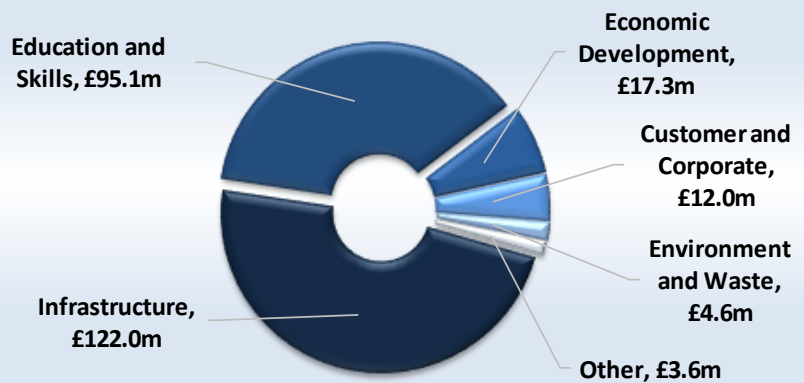

2018/19 Outturn position

The final approved capital payments budget amounted to **£263.4m**. In comparison, actual expenditure amounted to **£254.6m**. This was **£8.8m (3%)** lower than budgeted.

During 2018/19, over **500** schemes were undertaken, including:

- Treating over **180** miles of road length across the County, to rectify carriageway and structural defects.
- Creating **4,000** new school places through school expansions and the build of the Beaulieu Park and Newhall Schools, which each created **420** new school places);
- **90** BT Cabinets, giving **8,905** premises access to Superfast speeds for the first time, and **120** full fibre projects, giving **3,240** properties access to speeds of over 300mb.
- Deploying the Gigaclear, who started build work to provide a full fibre 1,000mb service to **8,500** homes and business in the Uttlesford, Braintree and Colchester areas; and

Actual Capital Expenditure 2018/19

Narrative Report

- A flood programme, which has contributed towards projects that have enabled **383** residential properties to benefit from reduced surface water flood risk.

The end of year position is set out in the following table:

	Original approved expenditure	Final approved expenditure	Actual Capital Payments	Variance from approved expenditure over / (under)
	£000	£000	£000	£000
Capital payments				
Children and Families	590	690	515	(175)
Culture and Communities	1,910	1,799	943	(856)
Customer and Corporate	23,339	12,868	12,006	(862)
Economic Development	19,452	19,651	17,341	(2,310)
Education and Skills	105,251	95,922	95,064	(858)
Environment and Waste	4,950	5,093	4,604	(489)
Health and Adult Social Care	3,169	1,925	1,870	(55)
Infrastructure	139,591	125,047	121,972	(3,075)
Finance and Commercial	343	414	281	(133)
Total of capital payments financed	298,595	263,409	254,596	(8,813)
Financed by				
Borrowing	(175,634)	(117,239)	(101,133)	16,106
Government grants and contributions	(104,118)	(136,596)	(143,890)	(7,294)
Capital receipts	(10,000)	(4,520)	(4,535)	(15)
Earmarked reserves applied	(8,843)	(5,054)	(5,038)	16
Total financing	(298,595)	(263,409)	(254,596)	8,813

During 2018/19, we disposed of some of our land and buildings – the sale proceeds were used to partly fund our capital investment programme. The most significant asset disposals during 2018/19 were as follows:

Significant disposals	Capital receipts (£000)
▪ Goldlay Gardens (Chelmsford)	4,623
▪ 24 Norton Road – Family Centre (Brentwood)	1,075
▪ Kingswood Day Care Centre (Maldon)	825
▪ Haron Close (Castle Point)	677
▪ Great Baddow Youth Centre (Chelmsford)	315

At 31st March 2019, we have **£6.1m** of properties held for sale, with sales expected to take place within the next twelve months, and a further **£55.1m** of surplus assets where disposal is anticipated but the timeframe for completion of the sales is less certain.

Narrative Report

Capital investment plans for 2019/20

Overall, the Capital Programme for 2019/20 has been set at **£249.0m**.

The Council recognises that investment is essential to meet future needs, generate income and deliver revenue savings and reductions in cost.

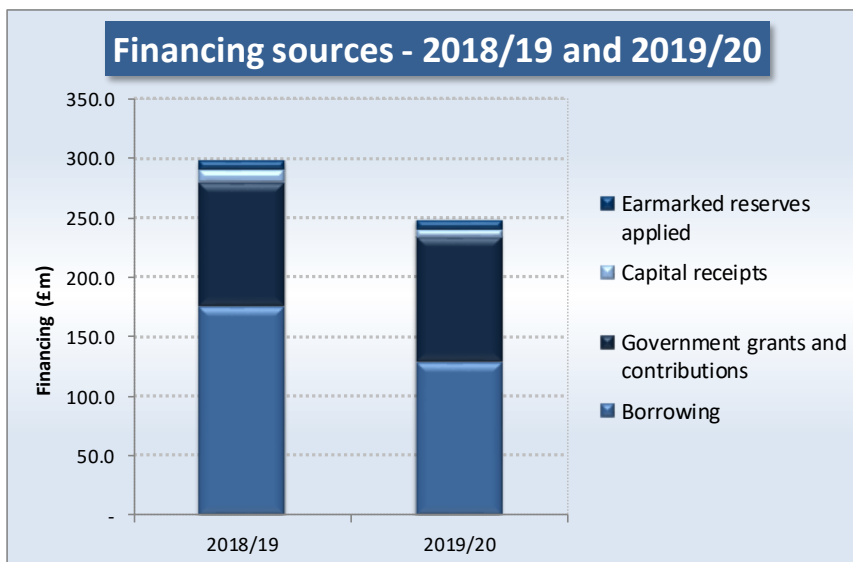

Over the next three years, delivery will continue on significant packages of work to reduce traffic congestion.

The programme also enables the Council to bring forward ambitious housing schemes and redevelop redundant council property to provide much needed new homes across the county, supporting independent living schemes for older people and adults with disabilities.

The Council's collaboration with Essex Schools will enable **£64m** investment for expanding special school places over the next three years. This is on top of **£144m** being spent on mainstream education.

The Council will also deliver a range of schemes to enhance, maintain and deliver new assets; schemes such as superfast broadband.

The 2019/20 Capital Programme will be financed from a combination of borrowing (**£128.2m**) and from grants, contributions, capital receipts and reserves (**£120.7m**).

Our longer-term Capital Programme aspirations are significant too, recognising that investment is essential to transform our capacity to meet future needs, generate additional income (including capital receipts) and deliver revenue savings.

Narrative Report

We will continue to develop a future programme of investment which is affordable within the financial envelope available and will help us to transform service delivery to improve the quality of life for our residents.

Further details of the Council's capital investment plans are included in the [Essex County Council Organisation Plan 2019/20](#), which is available on the Council's website.

Revenue Reserves and Balances

Our revenue reserves play an essential part in the financial strategy of the Council, by ensuring we have some resilience to cope with unpredictable financial pressures and long-term contractual commitments. The Council has built specific reserves to manage known financial liabilities and possible risks.

A substantial amount of the Council's reserves are 'restricted' in use (**£207.1m**).

This means the funds are ring-fenced very specifically to long term contractual commitments such as Private Finance Initiative schemes, or they are funds held on behalf of others (including schools and partnerships) and are not available to support spending by the Council.

These reserves are important in terms of risk management, as they have the potential to alleviate pressure on remaining reserves. However, they should not be considered available to support more general pressures facing the Council.

A further **£75.7m** of our reserves provide a cushion against the significant risks the Council faces and a source of funding to change the way the Council provides services and achieves future efficiencies. A further **£12.1m** has been earmarked for funding future capital investment.

The remainder (**£56.6m**) is the General Balance, which is not ring-fenced and provides a working balance to protect the Council against unexpected cost pressures. This is particularly critical during volatile economic times. With further major funding reductions expected in the year to 2020/21, coupled with economic uncertainty and increasing demand for services, this will remain under close review. The current balance is enough to fund **22** days of operational expenditure.

The continued provision of adequate reserves is essential. Without these, it may be necessary to take remedial urgent action in-year to mitigate challenges that arise, which could lead to longer term consequences.

Further details on the reserves held by the Council are provided within the Statement of Accounts (see page 63).

Narrative Report

Cash Flow management

The Council primarily undertakes external borrowing to manage the cash flow implications of incurring capital expenditure that it does not immediately fund from cash resources, and to manage fluctuations in its cash flows more generally too. Separately, the Council has cash resources, which it has set aside for longer term purposes (such as funds set aside in reserves and balances) and working capital balances, that can either be invested or temporarily utilised to defer the need for external borrowing.

Some short-term loans were secured during 2018/19, primarily in accordance with the Council's agreement to temporarily borrow the surplus cash balances of Essex Cares Ltd (which is a wholly owned subsidiary of the Council). In addition, longer term loans were secured during the year from Salix Finance Ltd (**£0.7m**) as part of its energy efficiency loans programme (related to upgrade to LED street lighting) and from the South East Local Enterprise Partnership (**£0.6m**). No other long-term borrowing was necessary in 2018/19, despite a significant increase in the Council's Capital Financing Requirement in 2018/19 (*see page 76 for further details*).

Any cash balances the Council held during 2018/19 were invested until they were required to meet outgoings. This meant that funds were mainly invested for periods of less than 1 year, but some funds were invested for longer periods. Funds were invested with other local authorities, money market funds and bodies with high credit ratings. Further details are provided in the Statement of Accounts (see page 82).

The Council also lent funds to Essex Cares Ltd, as part of its agreement to provide treasury management support to the company.

Statement of Accounts

The Council is required by statute to prepare a Statement of Accounts in accordance with proper practices in relation to accounts, defined to include the CIPFA / LASAAC Code of Practice on Local Authority Accounting in the United Kingdom (i.e. the 'Code of Practice'). The Statement of Accounts for 2018/19 is presented within this publication, commencing on page 20.

The key aim of the Statement of Accounts is to provide a 'true and fair' view of the Council's financial position at 31st March 2019 and of its income and expenditure for the 2018/19 financial year. The Statement of Accounts is therefore an essential feature of public accountability, reporting on the Council's use of funds raised from the public and provided by central government and confirming the availability of balances and reserves for future use.

The primary Financial Statements (shown on pages 26 to 31) summarise the financial effects of transactions and events that occurred during 2018/19. All other information included within the Statement of Accounts is intended to aid interpretation of the financial statements and/or to provide further information on the financial performance of the Council during 2018/19.

Narrative Report

The primary financial statements comprise:

- **Comprehensive Income and Expenditure Statement** – presents information on resources generated and consumed during the year, based on generally accepted accounting practice;
- **Movement in Reserves Statement** – presents the financial resources available to the Council to support future service delivery and cope with unexpected events;
- **Balance Sheet** – summarises the financial position of the Council at 31st March 2019 including the net assets it has available after settling its liabilities, and its reserves; and
- **Cash Flow Statement** – shows the changes in cash and cash equivalents during 2018/19.

Whilst the presentation of these financial statements is largely defined by the CIPFA Code of Practice and other proper practices, the service groupings in the Comprehensive Income and Expenditure Statement are those used by the Council for taking financial decisions and monitoring financial performance.

The accounting cost in the year of providing services (as presented in the Comprehensive Income and Expenditure Statement) differs from the amount to be funded from taxation. For this reason, the Expenditure and Funding Analysis (shown in Note 4 of the Statement of Accounts, on page 55) provides a reconciliation between the accounting cost of service provision and the amounts spent under the Council's rules for monitoring expenditure against the funding in the annual budget. The reasons for the differences between the two sets of figures are also explained in Note 4.

Accounting policies (see pages 34 to 49) explain how the financial effects of transactions and other events are reflected in the financial statements. The Council must make certain judgements about complex transactions or those involving uncertainty about future events when applying its accounting policies. Explanations are provided (see page 49) of the judgements made in 2018/19.

The Council has implemented changes in accounting policy in 2018/19 related to Financial Instruments (the new policies are explained in accounting policy note 1.21 on page 46), as a consequence of a change to the CIPFA Code of Practice on Local Authority Accounting in the United Kingdom 2018/19. The changes in accounting policy are designed to provide more transparency for gains and losses arising from financial assets and to require more pessimism about potential credit losses. The impacts of the changes in accounting policy are that the Council:

- Now makes allowance for credit losses on its financial assets (trade debtors and investments) using an expected credit losses model (previously loss allowances were only made when financial assets were deemed to be impaired);
- Classifies and accounts for financial assets according to the business model under which they are held and managed. This means that a small proportion of the Council's investments are now carried at 'fair value', with gains and losses in value being recognised in the Surplus or Deficit on the Provision of Services; and

Narrative Report

- Has recalculated the carrying value of loans that were previously refinanced and deemed to be modified by discounting the new cash flows by the original effective interest rate.

The impacts of these changes in accounting policy are explained within Note 18, which commences on page 82.

Other notes to the accounts (see pages 53 to 127) provide further information on the Council's financial performance and, where relevant, detailed analysis of the amounts provided in the primary financial statements. Information relating to transactions and events is included in these notes if it is material to the Council's financial statements. Information is considered material if omitting it or misstating it could influence decisions made based on the information presented.

Group accounts are presented in the Statement of Accounts in addition to the Council's own accounts. The Group accounts consolidate the Council's own accounts with those of Essex Cares Ltd (which is a company wholly owned by the Council). The Group Accounts therefore provide a full picture of the Council's economic activities and financial position.

Annual Governance Statement

Our Annual Governance Statement (which commences on page 203 of this publication) summarises the outcome of our review of the Governance Framework that has been in place during 2018/19. The statement demonstrates that we have in place effective arrangements for the governance of our organisation and that we are satisfied that we have a robust system of internal control, which is a critical component of our overall governance arrangements.

Conclusion

Through careful planning and management, Essex County Council has been able to close its 2018/19 accounts showing a robust position, which will support the Council in meeting the financial challenges of 2019/20 and beyond. Whilst a balanced budget has been set for 2019/20, the projections for future years currently indicate a gap between the Council's expected funding streams and the Council's expenditure. It is therefore essential that the Council continues with its Transformation and Efficiency programme to identify further savings opportunities to ensure future balanced budgets can be set.

Statement of Accounts - Introduction

Financial Statements

The Council's financial statements for 2018/19 are set out on pages 26 to 31, and comprise:

- **Comprehensive Income and Expenditure Statement** – shows the accounting cost of providing services in the year;
- **Movement in Reserves Statement** – shows the movement in the year on the different reserves held by the Council, analysed into usable and unusable reserves;
- **Balance Sheet** – shows the value of assets and liabilities recognised by the Council; and
- **Cash Flow Statement** – shows changes in cash and cash equivalents during the year.

The financial statements include the income, expenditure, assets, liabilities, reserves and cash flows of the local authority-maintained schools within the control of the Council.

Notes to the Accounts

Supplementary information is set out within the notes to the accounts (see pages 32 to 127) to provide further detail on the financial performance of the Council during 2018/19.

The notes to the accounts include the Council's accounting policies. The accounting policies are the principles, bases, conventions, rules and practices applied by the Council that specify how the financial effects of transactions and other events are reflected in the financial statements through recognising, selecting measurement bases for, and presenting assets, liabilities, gains, losses and changes in reserves. All the accounting policies adopted, that are material in the context of the Council's 2018/19 financial statements, are described in the Statement of Accounting Policies. The Statement of Accounting Policies is set out in **Note 1** to the Accounts, which commences on page 34.

The notes to the accounts also include an **Expenditure and Funding Analysis** (see *Note 4, commencing on page 55*). The Expenditure and Funding Analysis provides a reconciliation between how annual expenditure is funded from resources and the accounting cost of providing services in the year.

Group Accounts

Group accounts are presented, in addition to the Council's single entity statements, to provide a full picture of the Council's economic activities and financial position. The Group Accounts comprise:

- Group Comprehensive Income and Expenditure Statement;
- Group Movement in Reserves Statement;
- Group Balance Sheet; and
- Group Cash Flow Statement.

Statement of Accounts - Introduction

These statements, together with explanatory notes and accounting policies, are set out on page 128 to 142.

Pension Fund

The Essex Pension Fund provides pensions and other benefits to employees of the Council, city, district, borough and unitary councils and other scheduled and admitted bodies. An annual report and accounts are published for the Fund. However, the accounting statements of the Fund are also included within this Statement of Accounts.

The Essex Pension Fund accounts comprise:

- **Fund Account**

This statement summarises the financial transactions of the Pension Fund for the year.

- **Net Assets Statement**

This statement summarises the net assets relating to the provision of pensions and other benefits payable to former employees of the Council and other admitted bodies.

The Pension Fund accounts are set out on pages 143 to 196.

Glossary of terms

A glossary of the terminology used throughout the Statement of Accounts is provided on pages 197 to 202.

Statement of Accounts - Statement of Responsibilities

Council's responsibilities

The Council is required to:

- Make arrangements for the proper administration of its financial affairs and to secure that one of its officers has responsibility for the administration of those affairs. At Essex County Council, that officer is the **Executive Director, Corporate and Customer Services**.
- Manage its affairs to secure economic, efficient and effective use of resources and safeguard its assets.
- Approve the Statement of Accounts. The Council has delegated this responsibility to the **Audit, Governance and Standards Committee**.

Executive Director, Corporate and Customer Services' responsibilities

The Executive Director, Corporate and Customer Services is responsible for the preparation of the Council's Statement of Accounts in accordance with proper practices as set out within the CIPFA / LASAAC Code of Practice on Local Authority Accounting in the United Kingdom (the 'Code of Practice'). In preparing this Statement of Accounts, the Executive Director, Corporate and Customer Services has:

- Selected suitable accounting policies and applied them consistently.
- Made judgements and estimates which were reasonable and prudent.
- Complied with the Code of Practice.

The Executive Director, Corporate and Customer Services has also:

- Kept proper, up to date, accounting records.
- Taken reasonable steps for the prevention and detection of fraud and other irregularities.

Executive Director, Corporate and Customer Services' certificate

I certify that this Statement of Accounts has been prepared in accordance with proper practices and presents a true and fair view of the financial position of the Council at 31st March 2019 and its expenditure and income for the year then ended.

Margaret Lee

Executive Director, Corporate and Customer Services

31st July 2019

Statement of Accounts - Statement of Responsibilities

Chairman of the Audit, Governance and Standards Committee's certificate

I confirm that this Statement of Accounts was considered and approved by the Audit, Governance and Standards Committee at its meeting on **29th July 2019**.

Cllr Terry Cutmore

Chairman of the Audit, Governance and Standards Committee

29th July 2019

Statement of Accounts - Financial Statements

Introduction

The financial statements comprise:

- **Comprehensive Income and Expenditure Statement**

This Statement shows the accounting cost in the year of providing services in accordance with generally accepted accounting practices, rather than the amount to be funded from taxation. The Council raises taxation to cover expenditure in accordance with Regulations; this may be different from the accounting cost. The taxation position is shown in the Movement in Reserves Statement.

- **Movement in Reserves Statement**

This Statement shows the movement in the year on the different reserves held by the Council, analysed into 'usable' reserves (i.e. those that can be applied to fund expenditure or reduce local taxation) and 'unusable' reserves.

The Statement shows how the movements in the year of the Council's reserves are broken down between gains and losses incurred in accordance with generally accepted accounting practices and the statutory adjustments required to return to the amount chargeable to council tax for the year.

The 'Net (increase) / decrease before transfers to earmarked reserves' line shows the statutory General Fund Balance before any discretionary transfers to or from earmarked reserves are undertaken by the Council.

- **Balance Sheet**

The Balance Sheet shows the value of the assets and liabilities recognised by the Council.

The net assets of the Council are matched by the reserves held by the Council. Reserves are reported in two categories:

- **Usable reserves** - those that the Council may use to provide services, subject to the need to maintain a prudent level of reserves and any statutory limitations on their use.
- **Unusable reserves** - those that the Council is not able to use to provide services. These include reserves that hold unrealised gains and losses that would only become available to provide services if assets are sold; and reserves that hold adjustments between accounting and funding certain transactions which are permitted under regulations.

- **Cash Flow Statement**

The Cash Flow Statement shows the changes, during the reporting period, in cash and cash equivalents of the Council, net of bank overdrafts that are repayable on demand and form an integral part of the Council's cash management. It shows how the Council generates and uses cash and cash equivalents by classifying cash flows as operating, investing and financing activities.

- **Notes to the financial statements**

These present information about the basis of preparation of the financial statements and the specific accounting policies used. They also disclose information that is not presented within the financial statements but is relevant to an understanding of them.

The Expenditure and Funding Analysis, which is presented in Note 4 to the Accounts, provides a reconciliation between the accounting cost of providing services in accordance with generally accepted accounting practices (as presented in the Comprehensive Income and Expenditure Statement), and the amounts to be funded from taxation.

Comprehensive Income and Expenditure Statement

Statement of Accounts - Notes to the Financial Statements

1. Accounting policies

1.1 Introduction

The Statement of Accounts summarises the Council's transactions for the 2018/19 financial year, and its position as at 31st March 2019. The accounting policies explain the basis for the recognition, measurement and disclosure of transactions and other events within the Statement of Accounts.

The accounting policies adopted, that are material in the context of the Council's 2018/19 Statement of Accounts, are set out within the following paragraphs.

1.2 General principles

The Council's Statement of Accounts is prepared in accordance with the CIPFA Code of Practice on Local Authority Accounting in the United Kingdom 2018/19, supported by International Financial Reporting Standards (IFRS) and statutory regulations.

The accounting convention adopted in the Statement of Accounts is principally historical cost, modified by the revaluation of certain categories of non-current assets and financial instruments.

1.3 Accruals of income and expenditure

Activity is accounted for in the year that it takes place, not simply when the cash payments are made or received.

Where income and expenditure has been recognised, but the cash has not been received or paid, a debtor or creditor for the relevant amount is recognised in the Balance Sheet. Where it is doubtful that debts will be settled, the balance of debtors is reduced, and a charge is made to revenue for the income that might not be recoverable.

1.4 Provisions and contingencies

1.4.1 Provisions

Provisions are charged as an expense to the appropriate service line in the Comprehensive Income and Expenditure Statement when an event has taken place that gives the Council a legal or constructive obligation that probably requires settlement by a transfer of economic benefits or service potential, and a reliable estimate can be made of the amount of the obligation.

Provisions are maintained at the best estimate of the expenditure required to settle the obligation, considering relevant risks and uncertainties.

Statement of Accounts - Notes to the Financial Statements

1.4.2 Contingencies

A contingent liability arises where:

- An event has taken place that gives the Council a possible obligation whose existence will only be confirmed by future events not wholly within the Council's control; or
- A provision would otherwise be made but it is not probable that an outflow of resources will be required, or the amount of the obligation cannot be measured reliably.

A contingent asset arises where an event has taken place that gives the Council a possible asset, whose existence will be confirmed only by the occurrence or non-occurrence of one or more uncertain events.

Contingencies are not recognised in the financial statements but are disclosed as a note to the accounts.

1.5 Earmarked revenue reserves

The Council sets aside specific amounts as reserves for future contingency or policy purposes. Reserves are created by transferring amounts out of the General Fund Balance.

When expenditure is incurred that is to be financed from a reserve, it is charged to the appropriate service revenue account in that year, to count against the Surplus / Deficit on the Provision of Services in the Comprehensive Income and Expenditure Statement. An amount is then released from the earmarked revenue reserve and transferred back into the General Fund Balance, so that there is no net charge against Council Tax for the expenditure.

1.6 Government grants and contributions

Government grants and third-party contributions and donations are recognised as due to the Council when there is reasonable assurance that:

- The Council will comply with any conditions that would require repayment of the grant or contribution if not met; and
- The grants and contributions will be received.

Grants and contributions are credited to the Comprehensive Income and Expenditure Statement when recognised as due to the Council (i.e. specific revenue grants and contributions are credited to the relevant service line in the Cost of Services, and capital grants and contributions and non ring-fenced grants are credited to Taxation and Non Specific Grant Income and Expenditure).

Where specific revenue grants and contributions are credited to the Comprehensive Income and Expenditure Statement, but the associated expenditure has not yet been incurred, the grant is

Statement of Accounts - Notes to the Financial Statements

set aside in an Earmarked Revenue Reserve (i.e. in accordance with note 1.5) so that it can be matched with the expenditure in a subsequent year.

Capital grants and contributions are reversed out of the General Fund Balance in the Movement in Reserves Statement and are transferred to the Capital Adjustment Account (if the grant eligible expenditure has been incurred); or to the Capital Grants Unapplied Account.

1.7 Council Tax and Non-Domestic Rates

The council tax and non-domestic (business) rates (NDR) income included in the Comprehensive Income and Expenditure Statement is the Council's share of accrued income for the year. However, this differs from the amounts required by Regulation to be credited to the General Fund. Therefore, the difference between the income included in the Comprehensive Income and Expenditure Statement and the amount required by Regulation to be credited to the General Fund is taken to the Collection Fund Adjustment Account and included as a reconciling item in the Movement in Reserves Statement.

The Council's Balance Sheet includes the Council's share of the end of year balances in respect of council tax and NDR related to arrears, impairment allowances for doubtful debts, overpayments and prepayments and appeals.

1.8 Employee benefits

1.8.1 Benefits payable during employment

Short-term employee benefits are recognised as an expense in the year in which employees render service to the Council.

Where employees have earned entitlement to annual and other forms of leave but not taken it before the year end and are carrying it forward into the next financial year, an accrual is raised against services in the Surplus or Deficit on the Provision of Services. This accrual is then reversed out through the Movement in Reserves Statement to the Accumulated Absences Account.

1.8.2 Termination benefits

Termination benefits are charged, on an accrual's basis, to the relevant service line in the Comprehensive Income and Expenditure Statement at the earlier of when the Council can no longer withdraw the offer of those benefits or when the Council recognises costs for a restructuring.

Statement of Accounts - Notes to the Financial Statements

1.8.3 *Post-employment (retirement) benefits*

Employees of the Council are members of three separate pension schemes:

- The Teachers' Pension Scheme administered by Capita on behalf of the Teachers Pensions Agency;
- The NHS Pension Scheme administered by NHS Pensions; and
- The Local Government Pension Scheme (LGPS), administered by the Council.

The Teachers' and NHS Pension schemes provide defined benefits to members. However, the Schemes' arrangements mean that liabilities for these benefits cannot be identified specifically to the Council. The schemes are therefore accounted for as if they were defined contributions schemes – no liability for future payments of benefits is recognised in the Balance Sheet, and the employer's contributions payable to these schemes are charged to the relevant service lines within the Comprehensive Income and Expenditure Statement.

The Local Government Pension Scheme (LGPS) is accounted for as a defined benefits scheme. Hence:

- The liabilities of the LGPS attributable to the Council are included in the Balance Sheet on an actuarial basis, using the projected unit method.
- Liabilities are discounted to their value at current prices, using a discount rate that is based upon the indicative rate of return on a high-quality corporate bond of equivalent currency and term to the scheme's liabilities.
- The assets of the LGPS attributable to the Council are included in the Balance Sheet at their fair value.
- Changes in the net pension's liability are analysed into the following components:
 - **Service Costs**, comprising:
 - **Current service cost** – charged to the Comprehensive Income and Expenditure Statement (i.e. to the services for which the employees worked);
 - **Past service cost** - charged to the Surplus/Deficit on the Provision of Services in the Comprehensive Income and Expenditure Statement; and
 - **Net interest on the net defined benefit liability** – charged or credited to the 'Financing and Investment Income and Expenditure' line within the Comprehensive Income and Expenditure Statement.
 - **Re-measurements of the net pension liability** (comprising **Return on plan assets** and **Actuarial gains and losses**) – charged to the Pensions Reserve as Other Comprehensive Income and Expenditure.
 - **Contributions paid to the LGPS** – not accounted for as an expense within the Comprehensive Income and Expenditure Statement.

Statement of Accounts - Notes to the Financial Statements

- The amount chargeable to the General Fund for providing pensions for employees is the amount payable for the year to the LGPS, as determined in accordance with the statutory requirements governing the Scheme. Where this amount does not match the net amount charged to the Surplus or Deficit on the Provision of Services, the difference is appropriated, in the Movement in Reserves Statement, to the Pensions Reserve.

1.8.4 Discretionary benefits

The Council has restricted powers to make discretionary awards of retirement benefits in the event of early retirements. Any liabilities estimated to arise because of an award to any member of staff (including teachers) are accrued in the year of the decision to make the award and accounted for using the same policies as are applied to the Local Government Pension Scheme.

1.9 Overheads and support services

The costs of overheads are recharged to those who benefit from the supply or service, in accordance with the costing principles of the CIPFA Service Reporting Code of Practice 2018/19 (SeRCOP).

Support Services are shown as separate headings in the Comprehensive Income and Expenditure Statement, as part of the Cost of Services, reflecting the Council's arrangements for accountability and performance.

1.10 Value added tax

VAT payable is included as expense only to the extent that it is not recoverable from Her Majesty's Revenue and Customs. VAT receivable is excluded from income.

1.11 Inventories

When acquired, inventories are recognised on the Balance Sheet at cost (comprising all costs of purchase and conversion, together with any costs incurred in bringing the inventories to their intended location and condition). Inventories are subsequently carried on the Balance Sheet at the lower of cost and net realisable value.

Inventories are removed from the Balance Sheet and recognised as an expense in the Comprehensive Income and Expenditure Statement when they are sold or consumed in the provision of services, or when they no longer provide economic benefits or service potential.

Statement of Accounts - Notes to the Financial Statements

1.12 Property, plant and equipment

1.12.1 Recognition of property, plant and equipment

Expenditure on the acquisition, creation or enhancement of property, plant and equipment is capitalised on an accruals basis in the accounts, if it is probable that the future economic benefits or service potential associated with the item will flow to the Council over a period extending beyond one year, and the cost of the item can be measured reliably.

Expenditure that maintains but does not add to an asset's potential to deliver future economic benefits or service potential (i.e. repairs and maintenance) is charged as an expense when it is incurred. The Council does not capitalise expenditure on furniture and fittings.

1.12.2 Measurement

Items of Property, Plant and Equipment are initially measured at cost, comprising:

- the purchase price;
- any costs attributable to bringing the asset to the location and condition necessary for it to be capable of operating in the manner intended; and
- the initial estimate of the costs of dismantling and removing the item and restoring the site on which it is located.

Borrowing costs incurred whilst items of Property, Plant and Equipment are under construction are not capitalised.

Assets are then carried in the Balance Sheet, using one of the following measurement bases:

Asset category	Measurement basis
Land and buildings	Current value <i>Current value is determined as being the amount that would be paid for the asset in its existing use but, if there is no market based evidence of fair value due to the specialist nature of the asset, depreciated replacement cost is used as an estimate of current value.</i>
Vehicles and equipment	Depreciated historical cost (<i>as a proxy for current value</i>).
Infrastructure	Depreciated historical cost.
Community assets	Depreciated historical cost.
Assets under construction	Historical cost.
Surplus assets	Fair value, estimated at highest and best use from a market participant's perspective.

Statement of Accounts - Notes to the Financial Statements

Assets included in the Balance Sheet at current value are re-valued sufficiently regularly to ensure that their carrying amount is not materially different from their current value at the year-end but, as a minimum, at least once every five years.

Assets are also assessed at each year end to determine whether there is any indication that an asset may be impaired. Where indications exist, and any possible differences are estimated to be material, an impairment loss is recognised.

Where increases in valuations are identified, the gain is accounted for by crediting:

- The Revaluation Reserve to recognise the unrealised gain; or
- The Surplus or Deficit on the Provision of Services where it arises from the reversal of a loss previously charged to a service.

Where decreases in value are identified, the loss is accounted for by writing the carrying amount of the asset down against:

- Any accumulated gains for the asset in the Revaluation Reserve (i.e. up to the amount of the accumulated gains); or
- The Surplus or Deficit on the Provision of Services, where there is no or insufficient balance in the Revaluation Reserve for the asset.

The Revaluation Reserve only contains revaluation gains recognised since 1 April 2007. Gains arising prior to that were consolidated into the Capital Adjustment Account.

1.12.3 Depreciation

Depreciation is provided on all property, plant and equipment assets by the systematic allocation of their depreciable amounts over their useful lives. An exception is made for assets without a determinable finite useful life and assets that are not yet available for use.

Asset category	Depreciation basis
Land	Land is not depreciated.
Buildings	<p>Buildings are depreciated, on a straight line basis, over the useful economic life (UEL) of each asset (as assessed by the Council's Valuer).</p> <p>Each part of the Council's buildings with a cost that is significant in relation to the total cost of the item is depreciated separately over its UEL. This means that the following components are depreciated separately:</p> <ul style="list-style-type: none">▪ Structure 80 years▪ Roof 25 to 80 years▪ Plant and machinery 30 to 40 years▪ External works 30 years

Statement of Accounts - Notes to the Financial Statements

Asset category	Depreciation basis
Community assets	Depreciated over 60 years, on a straight-line basis.
Vehicles and equipment	Depreciated on a straight-line basis, over an expected lifetime ranging between 2 and 30 years.
Roads and other infrastructure	<p>Depreciation is provided on a straight-line basis over the following periods:</p> <ul style="list-style-type: none"> Road signage 30 years Roads and highway lighting 40 years Structures (eg: bridges) 120 years Off-highways drainage 100 years Other infrastructure 15 to 20 years Additions prior to 2008/09 30 to 35 years
Assets under construction	Assets are re-categorised upon completion, from which point depreciation will be charged in accordance with the policies set out above.

Depreciation charges commence in the first full year after assets become operational, except for vehicles, plant and equipment, where depreciation charges commence in the year of acquisition.

Revaluation gains are also depreciated, with the amount equal to the difference between current value depreciation charged on assets and the depreciation that would have been chargeable based on their historical cost being transferred each year from the Revaluation Reserve to the Capital Adjustment Account.

1.12.4 Disposals and Non-current Assets Held for Sale

When it becomes probable that the carrying amount of an asset will be recovered principally through a sale transaction, the asset is re-valued and is classified as an asset 'Held for Sale'.

Once an asset is disposed of, the carrying amount of the asset and any receipts from its disposal are written off to the Other Operating Expenditure line in the Comprehensive Income and Expenditure Statement. Any revaluation gains accumulated for the asset in the Revaluation Reserve are transferred to the Capital Adjustment Account.

Amounts received for disposals are categorised as capital receipts. These receipts are therefore appropriated, via the Movement in Reserves Statement, to the Capital Receipts Reserve. They can then only be applied to pay for new capital investment or to reduce the Council's underlying need to borrow.

The written off value of asset disposals is not a charge against council tax, as the cost of property, plant and equipment is fully provided for under separate arrangements for capital financing.

Statement of Accounts - Notes to the Financial Statements

Amounts are appropriated from the General Fund Balance to the Capital Adjustment Account and are recorded as such in the Movement in Reserves Statement.

1.13 Intangible assets

Expenditure on non-monetary assets that do not have physical substance but are controlled by the Council because of past events, is capitalised when it is expected that future economic benefits or service potential will flow from the intangible asset to the Council.

Internally generated assets are capitalised when the feasibility of the project is proven, and it is intended to complete it, and the Council will be able to generate future economic benefits or deliver service potential by being able to sell or use the asset. Expenditure is capitalised only where it can be attributed to the asset and is incurred during the development phase.

Intangible assets are initially measured at cost and are subsequently carried at amortised cost.

The depreciable amount of an intangible asset is amortised over its useful life to the relevant service line in the Comprehensive Income and Expenditure Statement. Impairment losses are also posted to the relevant service line in the Comprehensive Income and Expenditure Statement. Any gain or loss arising on the disposal or abandonment of an intangible asset is posted to the Other Operating Expenditure line in the Comprehensive Income and Expenditure Statement.

The amortisation, impairment losses and disposal gains and losses charged to the Comprehensive Income and Expenditure Statement Account are reversed out of the General Fund Balance in the Movement in Reserves Statement and are posted to the Capital Adjustment Account and (for sale proceeds) to the Capital Receipts Reserve.

1.14 Heritage Assets

The categories of heritage asset held, and the measurement and depreciation bases applied, are as follows:

Asset category	Measurement and depreciation basis
Buildings held for historical interest	<ul style="list-style-type: none">• Held at depreciated historical cost.• Depreciated over 60 years on a straight-line basis.
Archives	<ul style="list-style-type: none">• The value of these items is derived from the estimated costs of conservation and repair.• These assets are not subject to depreciation.
Fine Art	<ul style="list-style-type: none">• Where art work has been subject to formal valuation, it is reported in the Balance Sheet at market value. These pieces of art work are not subject to depreciation.

Statement of Accounts - Notes to the Financial Statements

Where there is evidence of impairment, this is recognised and measured in accordance with the Council's general policy on impairment (see note 1.12.2 which commences on page 39).

Where heritage assets are disposed of, the sale proceeds are accounted for in accordance with the Council's general provisions relating to the disposal of non-current assets and in accordance with statutory accounting requirements relating to capital expenditure and capital receipts (see note 1.12.4).

1.15 Investment property

Investment property is measured initially at cost and subsequently at fair value (i.e. at a price reflecting its best and highest use). Properties are not depreciated but are revalued annually, reflecting the market conditions at the year end.

Gains and losses on revaluation and disposal are posted to the Financing and Investment Income and Expenditure line in the Comprehensive Income and Expenditure Statement. Revaluation and disposal gains and losses are then reversed out of the General Fund Balance in the Movement in Reserves Statement and posted to the Capital Adjustment Account and (for any sale proceeds) to the Capital Receipts Reserve.

Rentals received in relation to investment property are credited to the Financing and Investment Income and Expenditure line in the Comprehensive Income and Expenditure Statement.

1.16 Charges to revenue for non-current assets

All services are charged with the following amounts to record the cost of holding non-current assets during the year:

- Depreciation attributable to the assets held and/or occupied;
- Revaluation and impairment losses on the assets held or occupied (i.e. where there are no accumulated gains in the Revaluation Reserve against which the losses can be applied), and revaluation gains that reverse a revaluation loss previously recognised in the Comprehensive Income and Expenditure Statement; and
- Amortisation of intangible assets held.

The Council is not required to raise council tax to cover these charges. Instead, it is required to make a prudent annual provision to contribute towards the reduction in its overall borrowing requirement. Depreciation, revaluation and impairment losses and amortisations are therefore replaced by a revenue provision in the General Fund Balance, by way of an adjusting transaction with the Capital Adjustment Account in the Movement in Reserves Statement.

Statement of Accounts - Notes to the Financial Statements

1.17 Revenue expenditure funded from capital under statute

Expenditure incurred during the year that may be capitalised under statutory provisions but does not result in the creation of a non-current asset, is charged as expenditure to the relevant service in the Comprehensive Income and Expenditure Statement in the year.

Where the Council has determined to meet the cost of this expenditure from existing capital resources, or by borrowing, a transfer is made in the Movement in Reserves Statement to the Capital Adjustment Account to mitigate the impact on the General Fund Balance.

1.18 Private Finance Initiative and similar contracts

Where the Council is deemed to control the services that are provided under Private Finance Initiative (PFI) and similar contracts, and where ownership of the assets used under the contracts passes to the Council at the end of the contracts for no additional charge, the Council carries the assets on its own Balance Sheet as part of Property, Plant and Equipment.

Where the assets are constructed under a PFI contract, the asset under construction is only recognised in the Council's Balance Sheet when it becomes probable that future economic benefits attributable to the asset will flow to the Council.

Once recognised on the Council's Balance Sheet, assets are accounted for in accordance with Note 1.12. A PFI liability is also recognised on the Council's Balance Sheet for the amounts due to the scheme operator for the capital investment.

The amounts payable to PFI operators each year are analysed into the following elements:

Element of charge	Accounting treatment
Services received <i>Services that the operator must provide with the property, plant and equipment.</i>	Charged to the relevant service in the Comprehensive Income and Expenditure Statement.
Deferred income <i>Benefits that the Council is deemed to receive through its control of the services to be provided using the property, plant and equipment.</i>	Credited to the relevant service in the Comprehensive Income and Expenditure Statement.
Finance cost <i>Interest charge on outstanding Balance Sheet liability.</i>	Debited to the Financing and Investment Income and Expenditure line in the Comprehensive Income and Expenditure Statement.
Contingent rent <i>Increases in the amount to be paid for the property arising during the contract.</i>	Debited to the Financing and Investment Income and Expenditure line in the Comprehensive Income and Expenditure Statement.

Statement of Accounts - Notes to the Financial Statements

Element of charge	Accounting treatment
Payment towards liability <i>Obligation to pay the operator for the property, plant and equipment.</i>	Applied to write down the Balance Sheet liability towards the PFI operator.
Lifecycle replacement <i>The replacement of components of an asset as they wear out.</i>	Posted to the Balance Sheet as a pre-payment and then recognised as an addition to Property, Plant and Equipment when the relevant works are eventually carried out.

1.19 Leases

1.19.1 Classification of leases

Leases are classified as finance leases where the terms of the lease transfer substantially all the risks and rewards incidental to ownership of the property, plant or equipment from the lessor to the lessee. All other leases are classified as operating leases.

Where a lease covers both land and buildings, the land and buildings elements are considered separately for classification.

Arrangements that do not have the legal status of a lease but convey a right to use an asset in return for payment are accounted for under this policy where fulfilment of the arrangement is dependent on the use of specific assets.

1.19.2 Council as lessee

Property, plant and equipment held by the Council under finance leases is recognised on the Balance Sheet at the commencement of the lease at its fair value measured at inception (or the present value of the minimum lease payments, if lower). The asset recognised is matched by a liability for the obligation to pay the lessor. Premiums paid on entry into a lease are applied to writing down the lease liability. Subsequent payments are apportioned between:

- A charge for the acquisition of the interest in the property, plant or equipment – applied to write down the lease liability; and
- Financing charges and contingent rents (debited to the Financing and Investment Income and Expenditure line in the Comprehensive Income and Expenditure Statement).

Rentals paid by the Council under operating leases are charged to the Comprehensive Income and Expenditure Statement as an expense of the services benefiting from use of the leased property, plant or equipment. Charges are made on a straight-line basis over the life of the lease, even if this does not match the pattern of payments.

Statement of Accounts - Notes to the Financial Statements

1.19.3 Council as lessor

Where the Council grants a finance lease over a property, or an item of plant or equipment, the relevant asset is written out of the Balance Sheet as a disposal, with the difference between the carrying amount of the asset and the Council's net investment in the lease being credited (or debited) to the Other Operating Expenditure line in the Comprehensive Income and Expenditure Statement. The net investment in the lease is recognised as a lease asset in the Balance Sheet, net of any premium paid.

Lease rentals receivable are apportioned between:

- A credit for the disposal of the interest in the property (applied to write down the lease asset); and
- Finance income (credited to the Financing and Investment Income and Expenditure line in the Comprehensive Income and Expenditure Statement).

Where the Council grants an operating lease over a property or an item of plant or equipment, the asset is retained in the Balance Sheet. Rental income is credited as operating income to the Comprehensive Income and Expenditure Statement. Credits are made on a straight-line basis over the life of the lease, even if this does not match the pattern of receipts.

1.20 Cash and cash equivalents

Cash is represented by cash in hand and deposits with financial institutions repayable on demand without penalty on the same working day, or with notice of not more than 24 hours. Cash equivalents are investments that mature in three months or less from the date of acquisition and that are readily convertible to known amounts of cash with insignificant risk of change in value.

The Council's bank overdraft is integral to the way in which the Council manages its cash and cash equivalents during the year and, as a result, forms part of 'Cash and Cash Equivalents' on the Balance Sheet. The Council nets its bank overdraft balance down against other cash and cash equivalent balances held at the year end.

1.21 Financial instruments

1.21.1 Financial liabilities

Financial liabilities are recognised on the Balance Sheet when the Council becomes a party to the contractual provisions of the financial instrument. Financial liabilities are initially measured at fair value and are carried at their amortised cost.

Interest is charged to the Financing and Investment Income and Expenditure line in the Comprehensive Income and Expenditure Statement, based on the carrying amount of the liabilities, multiplied by the effective rate of interest for the instruments. This means that:

Statement of Accounts - Notes to the Financial Statements

- The amount included in the Balance Sheet is the outstanding principal repayable, plus accrued interest; and
- Interest charged to the Comprehensive Income and Expenditure Statement is the amount payable for the year according to the loan agreement.

Financial liabilities are de-recognised when the obligation is discharged, cancelled or expires.

Where the repurchase of loans has taken place that involves the modification of existing loans:

- The carrying amount of the loans is recalculated by discounting the new cash flows, including any premiums or discounts, by the original effective interest rate;
- Any difference between the recalculated amount and the original cash flows represent a gain or loss on modification that is recognised immediately in the Comprehensive Income and Expenditure Statement; and
- Interest is allocated to the Comprehensive Income and Expenditure Statement over the term of the modified loans, based on the adjusted carrying amount.

This represents a change in account policy, effective from 1 April 2018. Previously, modified loans were retained in the Balance Sheet at their old carrying amount, with the premium or discount and interest being allocated to the Comprehensive Income and Expenditure Statement over the remaining term, based on a recalculated effective interest rate.

1.21.2 Financial Assets

Financial assets are recognised on the Balance Sheet when the Council becomes a party to the contractual provisions of the financial instrument. They are classified into two types:

▪ Amortised cost

Financial assets are initially measured at fair value, and subsequently at their amortised cost.

Interest receivable is credited to the Financing and Investment Income and Expenditure line in the Comprehensive Income and Expenditure Statement, based on the carrying amount of the assets, multiplied by the effective rate of interest for the instruments. This means that:

- The amount included in the Balance Sheet is the outstanding principal receivable, plus accrued interest; and
- Interest credited to the Comprehensive Income and Expenditure Statement is the amount receivable for the year according to the loan agreement.

Any gains and losses that arise on the de-recognition of an asset are credited/debited to the Financing and Investment Income and Expenditure line in the Comprehensive Income and Expenditure Statement.

Statement of Accounts - Notes to the Financial Statements

- **Fair value through profit or loss (FVPL)**

Financial assets are initially measured and carried at fair value. Changes in fair value are recognised as they arise in the Surplus or Deficit on the Provision of Services.

For pooled investment funds, changes in fair value are subsequently reversed out of the General Fund Balance, in the Movement in Reserves Statement, to a Pooled Investment Funds Adjustment Account.

For investments covered by the definition of capital expenditure, changes in fair value are subsequently reversed out of the General Fund Balance, in the Movement in Reserves Statement, to the Capital Adjustment Account.

Income (e.g. dividends) received is credited to the Comprehensive Income and Expenditure Statement when it becomes receivable by the Council.

Allowances for impairment losses are calculated for financial assets carried at amortised cost, applying the expected credit losses model, either on a 12 month or lifetime basis. Impairment losses are calculated to reflect the expectation that the future cash flows might not take place, because the borrower could default on their obligations. Changes in loss allowances, including balances outstanding at the date of derecognition of an asset, are debited / credited to the Financing and Investment Income and Expenditure line in the Comprehensive Income and Expenditure Statement.

1.22 Fair value measurement

The Council measures some of its non-financial assets (i.e. surplus and investment properties) and some of its financial instruments at fair value at each reporting date. Fair value is the price that would be received from the sale of an asset, or paid to transfer a liability, in an orderly transaction between market participants.

The fair value measurement assumes that the transaction to sell the asset or transfer the liability takes place either in the principal market for the asset or liability or, in the absence of a principal market, in the most advantageous market for the asset or liability.

The Council uses valuation techniques that are appropriate in the circumstances and for which sufficient data is available. Inputs to the valuation techniques in respect of assets and liabilities for which fair value is measured or disclosed in the authority's financial statements are categorised as follows:

- **Level 1** – quoted prices (unadjusted) in active markets for identical assets or liabilities that the Council can access at the measurement date;
- **Level 2** – inputs other than quoted prices included within Level 1 that are observable for the asset or liability, either directly or indirectly; and
- **Level 3** – unobservable inputs for the asset or liability.

Statement of Accounts - Notes to the Financial Statements

1.23 Joint operations

The activities undertaken by the Council in conjunction with other joint operators involve the use of the assets and resources of those joint operators. In relation to its interest in a joint operation, the Council as a joint operator recognises:

- Its assets, including its share of any assets held jointly;
- Its liabilities, including its share of any liabilities incurred jointly;
- Its revenue from the sale of its share of the output arising from the joint operation;
- Its share of the revenue from the sale of the output by the joint operation; and
- Its expenses, including its share of any expenses incurred jointly.

1.24 Changes in accounting estimates

A change in an accounting estimate is an adjustment to the carrying amount of an asset or a liability, or the amount of the periodic consumption of an asset, that results from the assessment of the present status of, and expected future benefits and obligations associated with, assets and liabilities.

Changes in accounting estimates result from new information or new developments and, accordingly, are not correction of errors. They are accounted for prospectively (i.e. in the current and future years affected by the change).

1.25 Events after the Balance Sheet date

Events after the reporting period are those events, both favourable and unfavourable, that occur between the end of the reporting period and the date when the Statement of Accounts is authorised for issue. There are two types of event:

- Those that provide evidence of conditions that existed at the end of the reporting period – the Statement of Accounts is adjusted to reflect such events.
- Those that are indicative of conditions that arose after the reporting period – the Statement of Accounts are not adjusted to reflect such events, but where a category of events would have a material effect, disclosure is made in the notes of the nature of the events and their estimated financial effect.

Events taking place after the date of authorisation for issue are not reflected in the Statement of Accounts.

2. Critical judgements in applying accounting policies

The Council must make judgements about complex transactions, or those involving uncertainty about future events, when applying the accounting policies set out in Note 1.

Statement of Accounts - Notes to the Financial Statements

The critical judgements made in applying the accounting policies for 2018/19 are as follows:

- **Future funding for local government**

The Council accepted a multi-year financial settlement from Central Government in 2016/17, in return for an efficiency plan. The settlement provides certainty over some central government funding streams until 2019/20; thereafter, the funding position is currently unknown. Government funding is reducing significantly over this period too, with Revenue Support Grant expected to fall to zero with effect from 2020/21.

As well as reductions in government funding, the Council faces significant cost pressures due to inflation and increasing demand for its services. In particular, demand is rising for adult social care, with people living longer and having more care needs, and for children's services, with more cases, some of which are complex too.

The Council has a control environment that will help to manage and minimise risks inherent in its budgets for future years, including a robust approach to financial planning, regular reporting to members and senior officers, using performance reporting as an early warning system and an internal audit function assessing controls and processes.

The Council also continues to focus on commercialisation, effective contract management and working with partners to secure value for money in delivering its strategic aims and priorities. The Council is also investing in its digital capability to make optimum use of digital solutions to drive transformation and improve efficiency.

The Council has a strong track record in terms of delivering savings, generating income and delivering value to its residents, with a constant focus on strategic outcomes and financial prudence. Therefore, whilst the financial challenge facing the Council is significant, there is no evidence to indicate that the assets of the Council might be impaired due to the need to reduce service provision.

- **Property, Plant and Equipment**

Property, Plant and Equipment assets included in the Balance Sheet at current value are re-valued at least once every five years. At each year end, a review is undertaken by the Council's valuer to determine whether the carrying amount of these assets is consistent with their current value.

In limited circumstances, property assets are valued at 'fair value' (a price reflecting their best and highest use). Property assets valued on this basis comprise investment properties, non-current assets held for sale and surplus properties. The criteria for assessing property assets into one of these three categories are subject to a degree of interpretation and judgement.

- **Schools**

Whilst all locally maintained schools (*i.e. community, foundation, voluntary aided, voluntary controlled, community special and foundation special schools*) are deemed to be entities controlled by the Council, only the income, expenditure, assets, liabilities, reserves and cash

Statement of Accounts - Notes to the Financial Statements

flows that would be recognised by a 'school as an entity' are consolidated into the Council's financial statements.

Land and buildings provided by religious bodies for use by voluntary controlled, voluntary aided and certain foundation schools without the right to continuing use, such that they can be taken back by the owners at any point, are not recognised in the Council's financial statements, even though these assets may continue to be used by these schools for many years into the future. At 31st March 2019, land and buildings for **47** voluntary controlled (2017/18: 57), **51** voluntary aided (2017/18: 56) and **4** foundation schools (2017/18: 4) were provided by religious bodies without the right to continuing use.

- **Private Finance Initiative (PFI) schemes**

Where ownership of the property, plant and equipment used to provide services under operational PFI arrangements passes to the Council at the end of the contracts for no additional charge, the Council considers that it controls the services that are provided, and the residual values of these assets and their facilities at the end of these agreements. Accordingly, it recognises the Property, Plant and Equipment assets in its own balance sheet.

With regard to the Waste Treatment Plant, the Council cannot yet demonstrate that the economic benefits and service potential of the Plant will flow to it, as the Plant remains subject to testing (*see page 80 for further details*). The Council has therefore determined that the asset and the associated PFI liability should not be recognised within its financial statements for 2018/19.

- **Leases**

The Council has examined its leases, and arrangements that have the substance of a lease, and classified them as either operating or finance leases. In some cases, the lease transaction is not always conclusive, and the Council uses judgement in determining whether the lease is a finance lease arrangement that transfers substantially all the risks and rewards incidental to ownership.

- **Provisions**

The Council has made judgements about the likelihood of pending liabilities and whether a provision should be made or whether there is a contingent liability. This includes appeals against the rateable value of business properties, legal, insurance and other claims that could eventually result in the payment of compensation or other settlement and termination benefits where restructuring plans have been published which may result in staff redundancies.

The judgements are based on the degree of certainty around the results of pending cases based on experience in previous years or in other local authorities.

Statement of Accounts - Notes to the Financial Statements

- **Collaborative arrangements**

- **Group entities**

Whilst the Council is involved in several collaborative arrangements, it has concluded that it is only necessary to consolidate one into its Group Accounts – this being Essex Cares Ltd, which is a wholly owned subsidiary of the Council. Although the majority of Essex Cares' turnover arises in respect of contracts with the Council, consolidation of their financial results into the Council's Group Accounts is considered appropriate on qualitative grounds, to provide a full picture of the Council's economic activities and financial position.

- **South East Local Enterprise Partnership**

The South East Local Enterprise Partnership (SELEP) was established to drive economic growth across Essex, East Sussex, Kent, Medway, Southend and Thurrock. It has a range of members (including representatives from businesses, local authorities and higher / further education) and they collectively decide what the priorities should be for investing in roads, buildings and facilities in the area, as part of an integrated approach to growth and infrastructure delivery.

The SELEP is an informal partnership. It does not have legal status to enter into contracts, and so is required to act through one of its local authority partners; Essex County Council currently fulfils this role for the partnership. This means that all funding allocated to the SELEP by the Government is transferred to the Council, and that the Council is responsible for the disbursement of this funding in accordance with the funding decisions made by the SELEP's Accountability Board.

As the accountable body for the SELEP, Essex County Council retains overall legal accountability for the SELEP. However, whilst the Council is responsible for the proper use and administration of the SELEP's funding, the Council is not able to direct the use of the SELEP's funding for its own, or any other, purposes.

The Council is not required to comply with any decision made by the SELEP's Accountability Board that does not comply with its own financial procedure rules, the terms attached to the grant funding awarded to the SELEP or any relevant regulations. If the Council and the SELEP are unable to agree on any matter, the Government acts as arbiter. This ensures that the Council is not subject to significant risks associated with disbursement of the SELEP's funds.

The Council has therefore concluded that it acts as an agent for the SELEP, which means that the SELEP's transactions are not reflected within the Council's financial statements. However, the Council recognises a creditor in its Balance Sheet for the cash it holds on behalf of the partnership. At 31st March 2019, this creditor amounted to **£70.479m** (2017/18: £67.391m).

- **Pooled budgets**

Pooled budgets occur where several partners agree to set aside funds for a specific purpose that they will pursue jointly, usually because it enables them to address common objectives or realise benefits from working together.

Statement of Accounts - Notes to the Financial Statements

The Council currently participates in, and hosts, three pooled budgets:

- **Better Care Fund**
- **Equipment Pool**
- **Transforming Care Partnership Pool**

Further details of these pooled budgets are provided in Note 33, which commences on page 114.

The nature of these pooled budget arrangements implies an element of joint decision making over how the pooled funds are used. However, the precise accounting is determined by the terms of the agreements between the members of these partnership arrangements.

Whilst partners collectively agree the services to be provided, the agreed services are commissioned by the respective partners via their own contracts with end providers, with the commissioning entity holding end providers to account for the services they provide.

On this basis, the Council has determined that the transactions of these pools are not reflected in the Council's financial statements, except for expenditure incurred on agreed services commissioned by the Council via its own contracts with end providers, and the income it receives from the Pools to pay for these services.

3. Assumptions made about the future and other major sources of estimation uncertainty

The Statement of Accounts contains estimated figures that are based on assumptions made by the Council about the future or that are otherwise uncertain. Estimates are made considering historical experience, current trends and other relevant factors. However, because balances cannot be determined with certainty, actual results could be materially different from the assumptions and estimates.

The items in the Balance Sheet at 31st March 2019 for which there is a risk of material adjustment in the forthcoming financial year are set out in the following paragraphs.

	Uncertainties	Effect if actual results differ from assumptions	Comments on uncertainty
Property, plant & equipment	Land and buildings are valued at 'current value' based on existing use or on a depreciated replacement cost (DRC) basis. DRC is used when there is no established property market (excluding sales for alternative use) which would enable a reliable valuation by any other method.	The gross book value of the operational land and buildings valued on a DRC basis was £1.360bn at 31st March 2019 (equivalent to 94% of the total gross book value of operational land and buildings at this date).	The Council employs a professional RICS registered valuer to value its land and buildings, including those valued by DRC. Use of the DRC method of valuation is regularly considered by the Council and its Valuer.

Statement of Accounts - Notes to the Financial Statements

	Uncertainties	Effect if actual results differ from assumptions	Comments on uncertainty
Property, plant & equipment	<p>Assets are depreciated over their assessed useful lives, considering assumptions about the level of repairs and maintenance that will be undertaken.</p> <p>The current economic climate makes it uncertain that current spending on repairs and maintenance can be sustained, bringing into doubt the useful lives of its assets.</p>	<p>If the useful economic life (UEL) of assets is reduced, depreciation and impairment charges will increase and the carrying value of assets will decrease.</p>	<p>The useful economic lives (UELs) of buildings are reassessed at each formal re-valuation.</p> <p>Details of the carrying values and depreciation are detailed in Note 14 (page 72).</p>
Fair value valuations	<p>When the fair values of financial assets and financial liabilities cannot be measured based on quoted prices in active markets, their fair value is measured using valuation techniques based on observable data.</p>	<p>Significant changes in any of the valuation inputs would result in a significantly lower or higher fair value measurement for the financial assets and liabilities.</p>	<p>The Council employs experts to identify the most appropriate valuation techniques to determine fair value.</p> <p>Information about the techniques used to determine the fair value is disclosed in notes 14.3, 18.2 and 18.5.</p>
Pensions liability	<p>Estimation of the net pension liability to pay pensions depends on several complex judgements. A firm of actuaries is engaged to provide the Council with expert advice about the assumptions to be applied.</p>	<p>The net pension liability in the accounts amounts to £991.877m at 31st March 2019.</p> <p>The effect on the net pensions' liability as a result of changes in individual assumptions is detailed within note 30.4 which commences on page 110.</p>	<p>The pensions liability reduced by £93.800m in 2018/19 because of changes in demographic, financial and other assumptions.</p> <p>Adjustments are likely to arise in future years, due to the complex nature of the judgements made to estimate the liability.</p>

Statement of Accounts - Notes to the Financial Statements

4. Expenditure and Funding Analysis

4.1 Introduction

The Expenditure and Funding Analysis (see note 4.2) shows, for each of the Council's portfolios and recharged strategic support services:

- **Net expenditure chargeable to the General Fund** (i.e. the amount spent under the Council's rules for monitoring expenditure against the funding in the annual budget for the General Fund); and
- **Net expenditure in the Comprehensive Income and Expenditure Statement** (the resources consumed in the year, as measured by proper accounting practices).

The reasons for the differences between the two amounts for each portfolio / recharged strategic support service are explained in Note 4.3 (see page 57).

The service groupings in the Comprehensive Income and Expenditure Statement, and hence in the Expenditure and Funding Analysis reflect the Council's political leadership (Cabinet) structure. This reporting format is the one most commonly used by the Council for allocating resources and for assessing financial performance.

4.2 Expenditure and Funding Analysis

2017/18				2018/19		
Net expenditure chargeable to General Fund	Adjustments between the Funding and Accounting basis	Net expenditure in the Comprehensive Income and Expenditure Statement		Net expenditure chargeable to General Fund	Adjustments between the Funding and Accounting basis	Net expenditure in the Comprehensive Income and Expenditure Statement

(55,299)			Balance as at 1 April	(55,212)		
-			Restatement of opening balances	1,574		
(55,299)			Restated balance at 1 April	(53,638)		
(5,386)			Surplus on Provision of Services	(12,853)		
5,473			Transfers from Earmarked Revenue Reserves	9,881		
(55,212)			Balance as at 31st March	(56,610)		

Notes:

- *The Council has implemented changes to its accounting policies for financial instruments this year. In accordance with the requirements of the CIPFA Code of Practice on Local Authority Accounting in the United Kingdom 2018/19, prior year comparative figures have not been restated. Instead, the new policies have been adopted in 2018/19, by restating opening balances for the year. Further details are provided in Note 18, commencing on page 82.*
- *The service groupings shown above reflect the alignment of spending to Cabinet Members, according to their specific responsibilities for discharging the functions of the Cabinet during 2018/19; comparative figures for 2017/18 have been restated on a consistent basis.*

4.3 Notes to Expenditure and Funding Analysis

4.3.1 Adjustments between funding and accounting basis

The following analysis provides an explanation of the 'adjustments between the funding and accounting basis' column in the Expenditure and Funding Analysis.

2017/18	Adjustments for capital purposes	Net change for Pension Adjustments	Other adjustments between funding and accounting	Other differences	Adjustments between the Funding and Accounting basis
	Note 4.3.2	Note 4.3.3	Note 4.3.4	Note 4.3.5	
	£000	£000	£000	£000	£000

Statement of Accounts - Notes to the Financial Statements

4.3.2 Adjustments for capital purposes

This column adds the following amounts into service lines:

- Depreciation and impairments of non-current assets;
- Amortisation of intangible assets;
- Revenue expenditure funded from capital under statute; and
- Capital grants receivable in the year without conditions or for which conditions were satisfied in the year and applied to finance revenue expenditure funded from capital under statute.

For other income and expenditure not charged to services, this column adjusts for:

- The value of Property, Plant and Equipment disposed of in the year, together with the sale proceeds from these disposals;
- The statutory charges for capital financing (i.e. minimum revenue provision and other revenue contributions); and
- Capital grants receivable in the year.

4.3.3 Net change for Pensions Adjustments

The net change for Pension adjustments comprises:

- For services, the removal of the employer pension contributions by the Council as allowed by statute, and the replacement with current service costs and past service costs; and
- For other income and expenditure not chargeable to services, the addition of the net interest on the defined benefit liability.

4.3.4 Other adjustments between funding and accounting

The other adjustments between the amounts debited / credited to the Comprehensive Income and Expenditure Statement and the amounts payable / receivable to be recognised under statute comprise:

- The amount by which officers' remuneration charged to the Comprehensive Income and Expenditure Statement differs from remuneration chargeable in accordance with statutory regulations;
- The difference between what is chargeable under statutory regulations for council tax and non-domestic rates and what was projected to be received at the start of the year and the income recognised under generally accepted accounting practices in the Code; and
- The amount by which finance costs charged to the Comprehensive Income and Expenditure Statement differ from costs chargeable in accordance with statutory requirements.

4.3.5 Other differences

The other differences column shows the reclassification of amounts included in the 'cost of services' for 'Cabinet' reporting that are required to be classified as 'other income and expenditure not charged to services' in the Comprehensive Income and Expenditure Statement.

Statement of Accounts - Notes to the Financial Statements

5. Expenditure and income analysed by nature

The Council's expenditure and income is analysed as follows:

2017/18		2018/19	
£000		£000	£000
Expenditure			
559,908	Employee expenses	531,199	
1,263,909	Other service expenditure	1,316,822	
97,805	Depreciation, amortisation and impairment	103,276	
37,415	Interest payable and similar charges	38,987	
3,301	Precepts and levies	3,267	
112,485	(Gain) / loss on disposal of fixed assets	215,329	
88,508	Corporate amounts	89,543	
<u>2,163,331</u>			2,298,423
Income			
(259,303)	Fees, charges and other service income	(274,542)	
(2,411)	Interest and investment income	(2,585)	
(56,254)	Corporate amounts	(57,554)	
(649,638)	Income from council tax and non domestic rates	(685,461)	
(1,057,090)	Government grants and contributions	(1,013,730)	
<u>(2,024,696)</u>			(2,033,872)
<u>138,635</u>	Deficit on the Provision of Services		<u>264,551</u>

6. Adjustments between Accounting Basis and Funding under Regulations

This note details the adjustments that are made to the total comprehensive income and expenditure recognised by the Council in the year in accordance with proper accounting practice to the resources that are specified by statutory provisions as being available to the Council to meet future capital and revenue expenditure.

Statement of Accounts - Notes to the Financial Statements

7. Earmarked revenue reserves

The Council maintains a number of specific reserves to manage known financial liabilities and possible risks. These reserves are categorised as follows:

- **Restricted use** – reserves for known contractual liabilities and potential risks beyond the control of the Council and balances held on behalf of others (including schools).
- **Future capital funding** – comprise revenue contributions to be used to supplement the resources available to finance future capital expenditure.
- **Other** – reserves for general purposes and used to fund revenue investment, investment in new ways of working and reserves to respond to short term budget pressures.

Details of the restricted use and the most significant of the other reserves are as follows:

Reserves	Purpose and usage	Timescale for usage
RESTRICTED USE		
▪ Grant equalisation reserve	Equalise the timing differences between the recognition of grant income in the Comprehensive Income and Expenditure Statement (in accordance with Note 1.5) and incurring the grant eligible expenditure.	There are no time constraints placed upon the usage of this reserve.
▪ PFI equalisation reserves	Equalise the timing differences between expenditure and government grant over the life of the PFI contracts.	To be utilised over the life of the PFI contracts.
▪ Waste reserve	To smooth the effects of future increases in the costs of waste disposal.	There are no time constraints placed upon the usage of this reserve.
▪ Partnerships	To retain unspent contributions from partners and apply them in subsequent years.	Usage of these reserves is determined by the individual partnerships.
▪ Schools	Schools are permitted to retain unspent resources which are held in the Schools Reserves.	The statutory authority to commit these resources rests with school governors.
▪ Trading activities	Surpluses generated by trading activities, to be applied by these activities in subsequent years.	No time constraints have been placed upon the usage of this reserve.
OTHER RESERVES		
▪ Adults Digital Programme	Established to enable investment in innovative and digital solutions for Adult Social Care.	There are no time constraints placed upon the usage of this reserve.

Statement of Accounts - Notes to the Financial Statements

Reserves	Purpose and usage	Timescale for usage
▪ Capital receipts pump priming	Used to meet costs associated with bringing properties into readiness for disposal.	There are no time constraints placed upon the usage of this reserve.
▪ Carbon reduction	Used to finance measures aimed at reducing the Council's carbon footprint.	No time constraints have been placed upon the usage of this reserve.
▪ Carry Forwards	Used to carry under spends in the year of account forwards to support expenditure plans in the forthcoming financial year.	It is anticipated that this reserve will be fully utilised in 2019/20.
▪ Collection Fund investment risk	Established to mitigate the risks of falling collection rates for council tax and non-domestic rates.	No time constraints have been placed upon the usage of this reserve.
▪ Community Initiatives Fund	Established to fund revenue and capital community initiatives.	No time constraints have been placed upon the usage of this reserve.
▪ Digital infrastructure	Established to fund the Council's digital transformation.	To be subsumed into the Transformation Reserve in 2019/20
▪ Health and safety	Used to meet the costs of undertaking asbestos, legionella and disability discrimination act surveys.	No time constraints have been placed upon the usage of this reserve.
▪ Insurance	Provides for future potential and contingent liabilities for insurance claims.	There are no time constraints placed upon the usage of this reserve.
▪ Quadrennial elections	Established to meet costs associated with the Council's local elections.	There are no time constraints placed upon the usage of this reserve.
▪ Transformation	Used to meet costs associated with project and change management aspects of the Council's ambitious programme of transformation.	There are no time constraints placed upon the usage of this reserve.

A summary of the balances on the Earmarked Reserves is set out in the following table.

	Balance 1 April 2017	2017/18 movements		Balance 31 March 2018	2018/19 movements		Balance 31 March 2019
	£000	Contributions £000	Withdrawals £000	£000	Contributions £000	Withdrawals £000	£000

8. Other operating expenditure

Other operating expenditure comprises of the following:

2017/18		2018/19
£000		£000
	(Gains)/losses on the disposal of non current assets	
(7,921)	Disposal proceeds	(9,218)
120,276	Carrying value of assets disposed of during the year	224,485
130	Disposal costs	62
<u>112,485</u>	Losses on disposal of non-current assets	<u>215,329</u>
3,301	Precepts and levies	3,267
<u>115,786</u>	Total Other Operating Expenditure	<u>218,596</u>

The carrying value of assets disposed of during the year includes the effect of removing locally maintained schools from the Council's Balance Sheet that have obtained academy status during the financial year.

9. Financing and investment income and expenditure

Financing and investment income and expenditure comprises of the following:

2017/18		2018/19
£000		£000
	Net interest on the net defined benefit liability	
88,068	Interest cost	81,414
(54,188)	Interest on assets	(53,812)
<u>33,880</u>		<u>27,602</u>
37,415	Interest payable and similar charges	38,987
(2,411)	Interest receivable and similar income	(2,585)
	Income and expenditure in relation to investment properties and changes in their value	
197		6,194
(1,939)	Net surplus on trading activities	(1,950)
<u>67,142</u>	Financing and Investment income and expenditure	<u>68,248</u>

Statement of Accounts - Notes to the Financial Statements

10. Trading operations

The Council has a number of trading activities that are required to operate in a commercial manner and balance their budget by generating income from other parts of the Council and other organisations. They are as follows:

Trading activity	Purpose
▪ EES for Schools	Delivers advisory and inspection, governor, library services and financial management support to schools.
▪ School staffing insurance scheme	A self-insurance scheme for schools, supporting sickness and relocation expenses.
▪ Music Services	Delivers music services to schools.
▪ Information Services infrastructure	Monitors the decommissioning and refresh of IT equipment within the Council.
▪ Place Services	Provides environmental planning support and arboriculture services.

The net surplus or deficit on these trading activities is brought into account when determining the net operating expenditure of the Council.

The following table provides a summary of the financial results of these trading activities.

	Balance at 1 April	Movements			Balance at 31 March
		Income	Expend- iture	Net (Surplus) / deficit	
	£000	£000	£000	£000	£000
2017/18					
EES for Schools	(1,026)	(12,072)	9,519	(2,553)	(321)
School staffing insurance scheme	(913)	(4,187)	4,837	650	(263)

	(3,373)	(31,617)	29,678	(1,939)	(1,415)
2018/19					
EES for Schools	(321)	(10,499)	8,076	(2,423)	-
School staffing insurance scheme	(263)	(4,075)	5,172	1,097	-
Music Services	-	(4,529)	4,233	(296)	(168)
Information Services infrastructure	(538)	(3,687)	3,543	(144)	-
Place Services	(293)	(2,856)	2,672	(184)	(483)
	(1,415)	(25,646)	23,696	(1,950)	(651)

Notes

- The Smarte East, Essex Legal Services and Library Services trading accounts were closed at the end of 2017/18.
- The School staffing insurance scheme trading activity was closed at the end of 2018/19.

Statement of Accounts - Notes to the Financial Statements

11. Taxation and non-specific grant income

Taxation and non-specific grant income is analysed as follows:

2017/18 £000		2018/19 £000
	Taxation	
(607,448)	Council tax	(641,542)
(42,190)	Non domestic rates	(43,919)
(649,638)		(685,461)
(340,152)	Non specific grant income	(303,737)
(989,790)	Taxation and non specific grant income	(989,198)

12. Grant income

12.1 Amounts credited to Taxation and Non-Specific Grant income

The following non-specific grants have been credited to Taxation and Non-Specific Grant income:

2017/18 £000		2018/19 £000
	Non ring-fenced grants	
73,875	Revenue Support Grant	45,738
126,762	Non Domestic Rates (<i>Top up grant and Safety net / levy</i>)	130,940
29,082	Private Finance Initiative Grants	27,123
6,782	New Homes Bonus / New Homes Bonus Adjustment Grant	4,551
6,972	Transitional Grant	-
5,946	Adult Social Care Support Grant	3,700
5,420	Independent Living Fund Grant	5,249
4,452	Business Rates (Section 31 Grants)	11,586
931	Other non ring-fenced grants	1,230
260,222		230,117
	Capital grants and contributions	
	Department for Education	
27,217	Basic need	18,077
966	Other	4,782
	Department for Transport grants	
19,463	Direct funding	19,626
9,592	Integrated transport grant	7,640
-	Other	6,055
10,987	South East Local Enterprise Partnership - Local Growth Fund	10,162
11,403	Other grants and contributions	7,278
79,628		73,620
302	Donated assets - recognition of new assets	-
340,152	Total non-specific grant income	303,737

Statement of Accounts - Notes to the Financial Statements

12.2 Amounts credited to Services

An analysis of the specific revenue and capital grants that have been credited to the Net Cost of Services within the Comprehensive Income and Expenditure Statement is as follows:

2017/18			2018/19		
Capital grants	Specific revenue grants	Total	Capital grants	Specific revenue grants	Total
£000	£000	£000	£000	£000	£000
Department for Education (incl. Education and Skills Funding Agency)

42,378	674,560	716,938	59,248	650,745	709,993

Note:

Comparative figures for the prior year have been grouped on a basis consistent with 2018/19.

Statement of Accounts - Notes to the Financial Statements

13. Dedicated Schools Grant

The Council's expenditure on schools is funded primarily by a grant awarded by the Education and Skills Funding Agency, the Dedicated Schools Grant (DSG). An element of the DSG is recouped by the Education and Skills Funding Agency to fund academy schools in the Council's area.

DSG is ring-fenced and can only be applied to meet expenditure properly included in the Schools Budget, as defined in the School and Early Years Finance (England) Regulations 2018.

The Schools Budget includes elements for a range of educational services provided on an authority-wide basis and for the Individual Schools Budget (ISB), which is divided into a budget share for each maintained school.

Details of the deployment of DSG receivable for 2018/19 are provided in the following table.

2017/18		2018/19 Total	Deployment in 2018/19	
£000			Central Expenditure	Individual Schools Budget
		£000	£000	£000
(1,025,122)	Final DSG for the year (before Academy recoupment)	(1,068,459)		
518,852	Academy figure recouped	586,477		
(506,270)	Total DSG after Academy recoupment	(481,982)		
(3,341)	Brought forward from previous year	5,096		
(509,611)	Agreed initial budgeted distribution	(476,886)	(82,864)	(394,022)
941	In year adjustments	1,755	-	1,755
(508,670)	Final budgeted distribution	(475,131)	(82,864)	(392,267)
513,766	Actual central expenditure / ISB deployed	478,150	85,883	392,267
5,096	Carry forward to next year	3,019	3,019	-

14. Property, plant and equipment, other non-current assets and assets held for sale

Statement of Accounts - Notes to the Financial Statements

14.3 Fair value measurement

In accordance with Note 1.22 (page 48), the Council measures its surplus assets and investment property at fair value. The inputs into the valuation techniques are categorised as follows:

- **Level 1** – quoted prices (unadjusted) in active markets for identical assets that the Council can access at the measurement date;
- **Level 2** – inputs other than quoted prices that are observable for the asset, either directly or indirectly;
- **Level 3** – unobservable inputs for the asset.

Information about the fair values of these assets as at 31st March 2019 is as follows:

31st March 2018			31st March 2019		
Level 1 <i>Quoted price in active market for identical assets</i>	Level 2 <i>Other significant observable inputs</i>	Fair value	Level 1 <i>Quoted price in active market for identical assets</i>	Level 2 <i>Other significant observable inputs</i>	Fair value

7,360	32,560	39,920	1,667	36,670	38,337

The Council has interpreted **Level 1** inputs as meaning that the valuation figures are based on a strong pool of prima facie market evidence considered to be highly or directly comparable (i.e. very similar in terms of property type and/or location to the subject asset).

In the absence of prima facie market transactional evidence, fair value has been derived by determining a general tone of values for an asset class and/or geographical location and by considering transactional evidence for the sale of comparable assets (interpreted as being a **Level 2** input).

No fair values have been derived using **Level 3** inputs.

In estimating the fair value of the Council's investment properties, the highest and best use of the properties is their current use. For surplus properties, the highest and best use is assessed by considering if there is an alternative use to that applied by the Council when the properties were used for operational purposes that would maximise their value.

Statement of Accounts - Notes to the Financial Statements

14.4 Capital commitments

At 31st March 2019, the Council has entered into contracts for the construction or enhancement of property, plant and equipment. The commitments as at 31st March are summarised as follows:

2018 £000		2019 £000
7,708	Highways and Transportation	13,836
34,798	Education (schools)	15,894
7,758	Information Services	12,188
5,824	Other	7,526
56,088		49,444

14.5 Revaluations

The Council ensures that all property, plant and equipment required to be measured at current value is re-valued, under a rolling five-year programme, by the Council's property advisor Lambert Smith Hampton. All valuations are undertaken in accordance with the methodologies and bases for estimation set out in the professional standards of the Royal Institution of Chartered Surveyors (RICS). The timing and amounts of the valuations are summarised in the following table:

	Held at historical value £000	Valued as at					Total cost or valuation £000
		31 March 2015 £000	31 March 2016 £000	31 March 2017 £000	31 March 2018 £000	31 March 2019 £000

Statement of Accounts - Notes to the Financial Statements

15. Capital expenditure and capital financing

The total amount of capital expenditure incurred in the year is shown in the table below (including the value of assets acquired under finance lease and PFI contracts), together with the resources that have been used to finance it.

The Capital Financing Requirement provides a measure of the capital expenditure incurred by the Council that has yet to be financed. The movement in the Capital Financing Requirement is analysed in the second part of this note.

2017/18 £000		2018/19 £000 £000	
901,016	Opening Capital Financing Requirement		992,451
	Capital investment		
188,166	Property, plant and equipment	172,897	
27,180	Investment property	6,673	
7,123	Inventories	6,423	
47,234	Revenue expenditure funded from capital under statute	69,862	
1,373	Loans awarded for capital purposes	627	
250	Equity investments	250	
271,326	Total capital investment	256,732	
	Sources of finance

611	Increase for assets acquired under finance lease		103
91,435	Increase in the Capital Financing Requirement		64,405

Statement of Accounts - Notes to the Financial Statements

16. Leases

16.1 Council as Lessee – Finance leases

The following table summarises the Council's finance lease obligations:

31st March 2018			31st March 2019	
Short Term	Long Term		Short Term	Long Term
£000	£000		£000	£000
8	805	Property	8	797
1,469	4,573	Vehicles, plant and equipment	1,307	3,229
6,551	133,567	Private Finance Initiatives	6,636	126,931
8,028	138,945		7,951	130,957

Further detail on the liabilities related to Private Finance Initiative schemes is provided in Note 17, which commences on page 78.

16.2 Council as Lessee – Operating leases

The Council has acquired the use of property, plant and equipment by entering operating leases. The future minimum lease payments due as at the year-end under non-cancellable leases in future years are:

31 March 2018				31 March 2019		
Property £000	Other £000	Total £000		Property £000	Other £000	Total £000
3,374	1,926	5,300	One year	3,128	1,933	5,061
10,974	1,524	12,498	Two to five years	10,733	1,314	12,047
54,493	212	54,705	Over five years	51,123	21	51,144
68,841	3,662	72,503	Total lease rentals	64,984	3,268	68,252

16.3 Council as Lessor – Finance leases

The Council has leased out two properties under the terms of a finance lease, both for a term of 125 years. The Council has a gross investment in these leases, made up of the minimum lease payments expected to be received over the remaining term of the leases. The minimum lease payments comprise the settlement of the long-term debtor for the interest in the properties and finance income that will be earned by the Council in future years whilst the debtors remain outstanding.

Statement of Accounts - Notes to the Financial Statements

The gross investment is made up of the following amounts:

31 March 2018 £000		31 March 2019 £000
	Finance lease debtor	
25	Current	25
2,510	Non-current	2,494
<u>2,535</u>		<u>2,519</u>

16.4 Council as lessor – Operating leases

The Council leases out the properties within its Investment Property portfolio, as detailed in Note 14.3, on page 74. It also leases out properties for the provision of community and voluntary services. The future minimum lease payments receivable under non-cancellable leases in future years are as follows:

31 March 2018 £000		31 March 2019 £000
3,177	Not later than one year	3,374
10,655	Later than one year and not later than five years	11,105
11,035	Later than five years	12,049
<u>24,867</u>	Total	<u>26,528</u>

17. Private Finance Initiative and similar contracts

17.1 Nature and significant terms of PFI arrangements

The Council has entered into several Private Finance Initiative (PFI) and Public Private Partnership (PPP) schemes. The nature and significant terms of these arrangements are as follows:

Scheme	Nature and significant terms
A130 Bypass	<p>This contract was entered into in October 1999 for the design, construction and maintenance of the A130 Bypass and associated off-site facilities.</p> <p>Construction was completed in two phases; the Northern section was completed in 2002 and the Southern section in 2003. No payments were made until construction of the road was complete. Construction costs were estimated at £80m (including construction and land costs but excluding maintenance costs).</p> <p>Payments are made to the Contractor for the provision of the road surface and are based</p>

Statement of Accounts - Notes to the Financial Statements

Scheme	Nature and significant terms
	<p>upon the availability and usage of the road. Deductions can be made if the road is closed or if traffic flow is affected by road works.</p> <p>The road will be passed to the Council in a repaired/neutral state at the end of the arrangements in 2030.</p>
Debden Park School	<p>Under this arrangement, the Operator was firstly responsible for construction of the school and subsequently for the running of the School. Initial construction costs were in the region of £15m.</p> <p>The operator is operating and maintaining the school facilities for a contract term of 25 years (i.e. until 2026).</p> <p>The amounts paid to the Operator vary according to inflation, the proportion of time that the facilities are made available to the Council and according to the achievement of performance goals.</p>
Clacton Secondary Schools	<p>This PFI contract was entered into in 2003/04 for the construction of a new secondary school and the expansion and refurbishment of a further two secondary schools, all within the Clacton area. Total construction costs were in the region of £34m.</p> <p>The contract also provides for a full facilities management service for all sites for the contract term of 30 years (i.e. from 2005 until 2035).</p> <p>In return for these services, the Operator is paid an annual unitary charge, which varies according to inflation, the proportion of the time that the facilities are made available to the Council, and the extent to which the Operator meets agreed performance goals.</p>
Tendring Primary Schools	<p>This contract was entered into in October 2001 for the provision and refurbishment of 12 primary schools within the Tendring area. Total construction costs were in the region of £15m.</p> <p>The Operator is operating and maintaining the schools' facilities for the contract term of 32 years (i.e. until 2033).</p> <p>The unitary charges paid to the Operator each year vary according to inflation, the proportion of the required time that the facilities are available to the Council and the extent to which performance goals are met.</p>
Castlevew, Cornelius Vermuyden and Columbus Schools	<p>This contract was entered into in April 2010 for the provision of three schools under one project agreement, with one unitary payment. The contract includes buildings and grounds maintenance, security, caretaking and cleaning. The operational term for the PFI contract, which commenced in January 2012, is 25 years.</p> <p>At financial close of this contract, two of the schools were foundation schools and one was a community school. All three of the schools have subsequently converted to academy status.</p> <p>These schools' governing bodies consent to the Council acting on their behalf and they accept the arrangements included within the PFI project agreement. Payment arrangements between the Council and these schools reflect those agreed in the project agreement.</p> <p>The Council carries the PFI liabilities on its own Balance Sheet for one of these schools (the Columbus School), as this school was a community school at financial close of the contract. The construction costs of this school amounted to £22.3m.</p>

Statement of Accounts - Notes to the Financial Statements

Scheme	Nature and significant terms
Woodlands School	<p>The contract includes buildings and grounds maintenance, security, caretaking and cleaning. The operational term for the PFI contract is 23 years (excluding the construction period). Upon expiry of the contract, it is intended that any property interest will revert back to the Council for nil consideration.</p> <p>Construction costs for this school amounted to £27m. The school became operational in January 2014. It converted to academy status on 1 April 2015.</p> <p>Unitary payments, which include payment for services provided, financing charges and repayment of this liability, will be in the region of £4m per annum.</p>
Waste Treatment Plant - Basildon	<p>This contract was entered into on 31 May 2012 with Urbaser Balfour Beatty and provides for the design, construction, finance and operation of a waste treatment plant in Basildon. Work on the physical construction commenced in March 2013; the Facility required capital expenditure in the region of £107m (borne by the private sector) and achieved the Readiness Date in November 2014.</p> <p>The Facility is accepting waste and achieving diversion from landfill but is still in its commissioning phase and the contractual longstop date has passed. The parties are utilising the contractual and dispute mechanisms to seek resolution to the commissioning issues that have arisen (<i>see page 95 for further details</i>).</p> <p>The Facility, and associated PFI liability, will not be recognised in the Council's Balance Sheet until the Acceptance Test Certificate is issued for the Facility or a likely future obligation exists.</p> <p>Upon expiry of the 25 year PFI contract, it is intended that any property interest will revert back to the Council for nil consideration.</p>

17.2 Details of payments to be made under PFI contracts

The Council makes agreed payments under the schemes detailed in note 17.1 each year, which are increased by inflation, and can be reduced if the contractor fails to meet availability and performance standards, but which are otherwise fixed.

Payments remaining to be made by the Council under the operational phase of its PFI contracts (*excluding any estimation of inflation and availability / performance deductions*) are as follows:

	Estimated timing of payments to PFI/PPP operators					Total
	Within one year	2 - 5 years	6 - 10 years	11 - 15 years	16 - 20 years	
	£000	£000	£000	£000	£000	£000
Service charges	7,368	31,462	42,280	38,076	13,562	132,748
Interest and similar charges	19,444	82,113	59,187	24,582	5,529	190,855
Repayment of liability	6,636	45,540	38,474	25,939	16,979	133,568
Lifecycle replacement	2,115	13,714	13,512	17,251	2,076	48,668
Total	35,563	172,829	153,453	105,848	38,146	505,839

Statement of Accounts - Notes to the Financial Statements

Under existing legislation, the Council expects to continue to receive additional government grant that will broadly cover the capital elements of the payments to contractors.

17.3 Property, plant and equipment used to provide services

The assets recognised on the Council's Balance Sheet that are used to provide services in respect of the above schemes are as follows:

31st March 2018 £000		31st March 2019 £000
Gross Book Value		
143,083	As at 1 April	145,339
-	Additions	-
	Revaluation increases / (decreases) recognised in:	
2,249	Revaluation Reserve	1,359
(2)	Surplus/Deficit on the provision of services	-
9	Transfers to / (from) assets under construction	8
<u>145,339</u>	As at 31 March	<u>146,706</u>
Depreciation / Amortisation		
(30,988)	As at 1 April	(33,330)
612	Revaluations and restatements	703
1	Depreciation / amortisation on impairments	-
(2,955)	Depreciation / amortisation for the year	(2,962)
<u>(33,330)</u>	As at 31 March	<u>(35,589)</u>
112,095	Net book value at 1 April	112,009
112,009	Net book value at 31 March	111,117

17.4 Value of PFI liabilities for capital expenditure

The following liability is outstanding to pay the PFI contractors for capital expenditure:

2017/18 £000		2018/19 £000
(144,072)	Balance as at 1 April	(140,120)
3,952	Liabilities repaid	6,552
<u>(140,120)</u>	Balance as at 31 March	<u>(133,568)</u>

Statement of Accounts - Notes to the Financial Statements

18. Financial instruments

18.1 Categories of Financial Instruments

The following categories of financial instrument are carried in the Balance Sheet:

31 March 2018			31 March 2019		
Long term £000	Short term £000	Total £000	Long term £000	Short term £000	Total £000
Financial assets					
Investments					
-	-	-	11,645	-	11,645
-	-	-	1,470	90,209	91,679
1,634	164,193	165,827	-	-	-
10,862	47,368	58,230	-	-	-
250	-	250	-	-	-
12,746	211,561	224,307	13,115	90,209	103,324
17,971	121,534	139,505	5,591	93,896	99,487
-	40,567	40,567	-	157,578	157,578
30,717	373,662	404,379	18,706	341,683	360,389
Financial liabilities (amortised cost)					
(514,914)	(7,382)	(522,296)	(511,798)	(8,572)	(520,370)
(138,945)	(8,028)	(146,973)	(130,957)	(7,951)	(138,908)
(124)	(269,443)	(269,567)	(1,113)	(283,666)	(284,779)
(653,983)	(284,853)	(938,836)	(643,868)	(300,189)	(944,057)

Cash and cash equivalents are financial instruments which are subject to setting off arrangements - the Council's bank overdraft balance has been set-off against the cash and cash equivalent balances held. Further details of this arrangement are disclosed in Note 21 on page 92.

Debtors and creditors are carried at amortised cost. The above totals for debtors and creditors differ from the Balance Sheet as debtors and creditors related to statutory debts such as council tax and non-domestic rates are excluded, as they are not classified as financial instruments.

Under defined circumstances, the gain or loss on an exchange of debt instruments between an existing borrower and lender is applied to adjust the carrying amount of the modified loans. In accordance with the requirements of the CIPFA Code of Practice on Local Authority Accounting in the United Kingdom 2018/19 the carrying value of loans previously deemed to have been modified has been restated as at 1st April 2018 (in accordance with Accounting Policy Note 1.21.1 on page 46). The Council has five modified loans (related to debt refinancing undertaken in 2007/08); the carrying value of these loans, at 31st March 2018, was **£41.833m**. The restated amount, at 1 April 2018, is **£40.595m**. The difference between these two amounts (**£1.238m**) was transferred into the General Fund Balance.

Statement of Accounts - Notes to the Financial Statements

The Council has adopted new classifications for financial assets with effect from 1 April 2018, in accordance with the requirements of the CIPFA Code of Practice on Local Authority Accounting in the United Kingdom. The table below shows how the closing balances for 2017/18 translate into the new asset classifications.

Investments at 1 April 2018	Carrying amount brought forward at 1 April 2018 £000	New classification at 1 April 2018		
		Amortised cost £000	Fair value through Profit and Loss £000	Fair value through other comprehensive income £000
Previous classifications				
Loans and receivables	165,827	165,712	115	-
Available for sale	58,230	47,368	10,862	-
Unquoted equity investment at cost	250	-	250	-
Fair value through profit and loss	-	-	-	-
Reclassified amount at 1 April 2018	224,307	213,080	11,227	-
Remeasurements at 1 April 2018		(114)	-	-
Remeasured carrying amounts at 1 April 2018		212,966	11,227	-

18.2 Income, expense, gains and losses

The following table provides an analysis of the items included within the Comprehensive Income and Expenditure Statement in relation to income, expense and gains and losses on financial instruments:

2017/18			2018/19	
Surplus or deficit on the Provision of services	Other Comprehensive Income and Expenditure		Surplus or deficit on the Provision of services	Other Comprehensive Income and Expenditure
£000	£000		£000	£000
Net gains / losses				
Financial assets classified as:

37,396	-	Interest expense	38,987	-
19	-	Fee expense	-	-
35,004	(492)	Net (gain) / loss for the year	36,402	-

Statement of Accounts - Notes to the Financial Statements

18.3 Fair values of financial assets carried at fair value

The financial assets classified as 'Fair Value through Profit and Loss' in note 18.1 comprise an investment in a pooled Property Fund and an equity investment in Medtech Accelerator Ltd, a company supporting the development of new medical technologies to create new employment opportunities in the region.

The pooled Property Fund is measured at fair value on a recurring basis, using input **Level 1** in the fair value hierarchy. This means that fair value is based on the quoted price in an active market for identical shares.

The equity investment in Medtech Accelerator Ltd is held at amortised cost, as a proxy for fair value, as fair value cannot be reliably estimated.

18.4 Fair values for financial assets and liabilities not measured at fair value

Other than the financial assets described in note 18.2, all financial assets and all financial liabilities are carried in the Balance Sheet at amortised cost.

The following table compares, for all financial assets and liabilities held at amortised cost, the carrying and fair values:

31 March 2018			31 March 2019	
Carrying amount £000	Fair Value £000		Carrying amount £000	Fair Value £000
		Financial liabilities		
		Borrowing		
(436,060)	(542,359)	Public Works Loans Board	(433,418)	(551,998)
(77,928)	(122,969)	Money Market loans	(77,928)	(124,888)
(8,308)	(8,308)	Other	(9,024)	(9,024)
(522,296)	(673,636)		(520,370)	(685,910)
(146,973)	(146,973)	PFI / finance lease liabilities	(138,908)	(138,908)
(269,567)	(269,567)	Creditors (contractual)	(284,779)	(284,779)
(938,836)	(1,090,176)		(944,057)	(1,109,597)
		Financial Assets		
		Investments		
165,827	165,827	Loans and receivables	-	-
-	-	Investments at amortised cost	91,679	91,470
165,827	165,827		91,679	91,470
40,567	40,567	Cash and cash equivalents	157,578	157,578
139,505	139,505	Debtors (contractual)	99,487	99,487
345,899	345,899		348,744	348,535

Statement of Accounts - Notes to the Financial Statements

Financial liabilities

- The fair value of Public Works Loan Board (PWLB) loans measures the economic effect of terms agreed with the PWLB compared with the estimates of the terms that would be offered for market transactions undertaken at the Balance Sheet date, which has been assumed to be the PWLB 'new loan' rate. The difference between the fair value of the PWLB loans (**£551.998m**) and the carrying amount (**£433.418m**) therefore measures the additional interest the Council will pay over the remaining terms of the loans, against what would be paid if the loans were at prevailing 'new loan' rates. However, the Council would not simply be able to swap its existing loans for equivalent loans at the 'new loan' rate because the PWLB would raise a penalty charge for early redemption of **£207.288m** for the additional interest that would now not be paid. The exit price for the PWLB loans, including this penalty charge, would therefore be **£640.706m**.
- Whilst the 'fair value' measurements provide an indication of the cost of prematurely repaying existing PWLB and Money Market loans at 31st March 2019, the Council has a Capital Financing Requirement (see note 15 on page 76) well in excess of these loans, and so does not foresee the need to prematurely repay these loans.

Investments and cash

- Where an instrument will mature in the next 12 months, the carrying amount is assumed to approximate to fair value.

Other

- The fair value of trade creditors, debtors and PFI liabilities is taken to be the invoiced or billed amount.

18.5 Fair value hierarchy for financial assets and liabilities not measured at fair value

The fair values for borrowing and investments that are not carried in the Balance Sheet at fair value have all been derived at **level 2** of the fair value hierarchy (i.e. using inputs other than quoted prices that are observable for the financial asset / liability). The fair value of the remainder of financial liabilities and assets that are not carried in the Balance Sheet at fair value have been derived at **level 3** of the fair value hierarchy.

The fair value for financial liabilities and financial assets that are not measured at fair value has been assessed by calculating the present value of the cash flows that will take place over the remaining term of the instruments, using the following assumptions:

- **Financial Assets**
 - No early repayments or impairment is recognised.
 - Estimated ranges of interest rates at 31st March 2019 of **0.55%** to **1.10%** for loans receivable, based on new lending rates for the remaining period of the deposits at that date.

Statement of Accounts - Notes to the Financial Statements

- The fair value of trade and other receivables is taken to be the invoiced or billed amount.
- **Financial liabilities**
 - No early repayment is recognised.
 - Estimated ranges of interest rates at 31st March 2019 of **1.48%** to **2.26%** for loans payable based on new lending rates for equivalent loans at that date.
 - The fair value of trade and other payables is taken to be the invoiced or billed amount.

18.6 Nature and extent of risks arising from financial instruments

The Council's activities expose it to a variety of financial risks:

- **Credit risk** – the possibility that other parties might fail to pay amounts due to the Council.
- **Liquidity risk** – the possibility that the Council might not have funds available to meet its commitments to make payments.
- **Market risk** – the possibility that financial loss might arise for the Council because of changes in such measures as interest rates.

The Council's overall treasury risk management framework focuses on the unpredictability of financial markets and arrangements for minimising these risks. An annual **Treasury Management Strategy** is produced in compliance with statutory regulations and the CIPFA Treasury Management Code of Practice (i.e. the CIPFA Treasury Management in the Public Services Code of Practice and Cross Sectoral guidance notes).

Overall, these procedures require the Council to manage risks in the following ways:

- By approving annual limits on the overall level of borrowing, exposure to fixed and variable interest rates, maturity structure of debt and amount that can be invested beyond one year.
- By approving an annual investment strategy that establishes criteria for both investing and selecting counterparties in compliance with government guidance.

Risk management is carried out by the Council's central treasury team, under policies approved by the Council in the annual **Treasury Management Strategy**. In addition, the Council has written principles for overall risk management, as well as written policies covering specific areas such as interest rate risk, credit risk and the investment of surplus cash.

Credit risk

Credit risk arises from deposits with banks and financial institutions, as well as from credit exposure associated with the Council's customers.

The Council sought to minimise the credit risks associated with depositing funds with banks and financial institutions by only placing funds with those counterparties that had credit ratings equivalent to, or better than, the credit rating criteria set out within the Council's investment

Statement of Accounts - Notes to the Financial Statements

strategy, which is updated annually (as a minimum) and seeks to provide a sound approach to investing in normal market circumstances.

UK banks and building societies, and non-UK banks domiciled in a country with a minimum sovereign rating of 'AA', were considered for inclusion on the Council's lending list during 2018/19 if they had acceptable credit ratings in both of the following categories:

- **Short term rating** – provides an indication of the capacity of the financial institution to meet its financial commitments in the short term.
- **Long term rating** – provides an indication of the capacity of the financial institution to meet its financial commitments over the longer term.

Banks and building societies that satisfied the Council's minimum criteria across each of these categories were eligible to be included on the Council's lending list. The short and long-term ratings were further applied to determine the maximum amount that could be invested with individual counterparties and the maximum period of those investments. This approach sought to ensure that the Council applied a consistent approach to the amount, and period, of investments with institutions exposed to similar risks.

Nationalised / part-nationalised financial institutions were also included on the Council's lending list, together with Money Market Funds that were denominated in 'sterling' and regulated within the EU and had an 'AAA' credit rating.

Application of the credit rating criteria set out within the Annual Investment Strategy meant that the maximum amount invested in 2018/19 by the Council with any financial institution, at any point in time, ranged between **£20m** and **£70m** (*i.e. the limit varied within this range, depending on the relative strength of financial institutions' credit ratings within the acceptable range*).

Surplus cash balances were predominantly invested on a short-term basis (*i.e. for periods of up to 364 days*) until the funds were next required. Funds invested on this basis were either placed 'on-call' or in short term 'fixed term' deposits. Because of the short-term nature of these investments, the Council was able to respond quickly to changes in credit risk.

The Council's Investments Strategy also allowed for underlying cash balances to be invested on a longer-term basis (*i.e. for periods beyond 364 days*). Because it is not possible to respond to changes in credit risk as quickly, a limit was set within the annual treasury management strategy, upon the total amount that could be invested for periods beyond 364 days. For 2018/19, this limit was **£50m** (2017/18: £50m).

No credit limits were exceeded during 2018/19 and the Council did not experience any losses from non-performance by any of its counterparties in relation to the deposits it placed with them.

Statement of Accounts - Notes to the Financial Statements

Liquidity risk

There are no significant risks that the Council will be unable to raise finance to meet its commitments under financial instruments. Instead, the risk is that the Council will be bound to replenish a significant proportion of its borrowings at a time of unfavourable interest rates. The Council seeks to mitigate against this risk by ensuring a relatively even debt maturity profile, through a combination of careful planning of new loans taken out and (where it is economic to do so) making early repayments.

The maturity analysis of existing financial liabilities is as follows:

31 March 2018				Repayment period	31 March 2019			
PWLB	Money Market	Other	Total		PWLB	Money Market	Other	Total
£000	£000	£000	£000		£000	£000	£000	£000
5,469	928	985	7,382	Less than one year	5,551	928	2,093	8,572
5,469	928	985	7,382	Short term borrowing	5,551	928	2,093	8,572
1,479	-	1,552	3,031	Between 1 and 2 years	16,539	-	1,685	18,224
34,809	-	5,204	40,013	Between 2 - 5 years	28,005	-	5,246	33,251
51,178	-	567	51,745	Between 5 - 10 years	48,019	-	-	48,019
161,576	-	-	161,576	Between 10 - 25 years	155,000	-	-	155,000
161,549	-	-	161,549	Between 25 - 40 years	180,304	-	-	180,304
20,000	-	-	20,000	Between 40 - 50 years	-	-	-	-
-	77,000	-	77,000	Over 50 years	-	77,000	-	77,000
430,591	77,000	7,323	514,914	Long term borrowing	427,867	77,000	6,931	511,798
436,060	77,928	8,308	522,296	Total borrowing	433,418	77,928	9,024	520,370

Market Risk

The Council is exposed to significant risk in terms of its exposure to interest rate movements on its borrowings and investments. Movements in interest rates could have a complex impact on the Council. For instance, a rise in interest rates would have the following effects:

- Borrowings at variable rates – the interest expense charged to the Comprehensive Income and Expenditure Statement will rise;
- Borrowings at fixed rates – the fair value of borrowings will fall;
- Investments at variable rates – the interest income credited to the Comprehensive Income and Expenditure Statement will rise; and
- Investments at fixed rates – the fair value of the assets will fall.

The Council only carries a small proportion of its investments at fair value, and none of its borrowing is carried at fair value. Consequently, nominal gains and losses on fixed rate borrowing and investments would not impact on the surplus/deficit on the Provision of Services. However, changes in interest payable and receivable on variable rate borrowings and

Statement of Accounts - Notes to the Financial Statements

investments will impact on the amount charged / credited to the Comprehensive Income and Expenditure Statement and affect the General Fund Balance pound for pound.

The Council has several strategies for managing interest rate risk. The overall policy is to aim to keep a maximum of **30%** of borrowings in variable rate loans (2017/18: 30%).

The treasury management team has an active strategy for assessing interest rate exposure that feeds into the setting of the annual budget and which is used to update the budget quarterly during the year. This allows any adverse changes to be accommodated. The analysis will also advise whether new borrowing taken out is fixed or variable.

If interest rates had been **1%** higher throughout 2018/19 (with all other variables held constant) the Council's net interest burden would have been lower than that shown in Note 18.2, as follows:

2017/18 £000		2018/19 £000
	Impact on the Comprehensive Income and Expenditure Statement	
343	Interest payable on variable rate borrowing	339
(1,214)	Interest receivable on variable rate investments	(1,077)
<u>(871)</u>	Net (gain) / loss	<u>(738)</u>

18.7 Credit risk management practices

The following arrangements were in place for managing credit risk in relation to financial assets, and for estimating the impairment loss allowances that would reflect the Council's exposure to this risk:

Asset type	Credit risk management practices	Estimation of impairment loss allowances
Loans to other local authorities	Investments guaranteed by statute – no credit risk.	No allowance required.
Deposits with banks and building societies	Deposits are restricted by the Council's Treasury Management Strategy (as noted above).	Expected credit losses are calculated applying historical experience of default factors supplied by the Council's Treasury Management Advisor.
Other debtors	Debtors are not subject to internal credit rating and have been grouped for the purposes of calculating expected credit losses.	Expected credit losses are calculated using provision matrices based on historical data for defaults, overlaid by consideration of factors impacting upon debtors' ability to settle their obligations.

Statement of Accounts - Notes to the Financial Statements

The following table summarises the Council's potential credit risk exposure:

	Credit risk rating			Gross carrying amount £000
	Low £000	Medium £000	High £000	
Deposits with banks and other financial institutions	269,000	-	-	269,000
Loans to businesses	1,470	-	-	1,470
	270,470	-	-	270,470
Other debtors (contractual) - not subject to credit rating				99,487
Total amount exposed to credit risk				369,957

Other debtors (contractual) are not subject to credit rating. Instead, credit risk is assessed by grouping debtors according to their credit risk characteristics. A collective assessment of the credit loss allowance for each category of debt is determined based on the age profile of the debt and the Council's historical credit loss experience. The total credit loss allowance for contractual debtors, at **£14.063m**, equates to **14%** of the debt outstanding at 31st March 2019.

The following movements in the impairment loss allowances for financial assets took place in 2018/19:

	Allowance at 1 April 2018 £000	Assets derecognised £000	Assets recognised £000	Allowance at 31st March 2019 £000
Deposits with banks and other financial institutions				
Cash and cash equivalents	2	(2)	24	24
Investments at amortised cost	114	(114)	33	33
Other debtors (contractual)	13,989	-	74	14,063
Total amount exposed to credit risk	14,105	(116)	131	14,120

The adjustments made to impairment loss allowances as a result of reclassification of financial assets and the change from an incurred losses model to an expected losses model at 1st April 2018 are as follows:

	Allowance B/fwd 1 April 2018 £000	Cash and cash equivalents £000	Investments at amortised cost £000	Debtors (contractual) £000	Allowance at 1 April 2018 £000
Previous classifications					
Cash and cash equivalents	-	-	-	-	-
Loans and receivables	-	-	-	-	-
Debtors (contractual)	11,294	-	-	11,294	11,294
	11,294	-	-	11,294	11,294
Remeasurement from incurred loss to expected losses basis at 1 April 2018		2	114	2,695	2,811
Impairment loss allowance at 1 April 2018		2	114	13,989	14,105

Statement of Accounts - Notes to the Financial Statements

19. Inventories

The following table provides an analysis of the inventories held at 31st March:

2017/18			2018/19		
Consumable Stores	Property acquired or constructed for sale	Total	Consumable Stores	Property acquired or constructed for sale	Total
£000	£000	£000	£000	£000	£000
50	-	50	42	7,123	7,165
-	7,123	7,123	11	6,424	6,435
(8)	-	(8)	(9)	(3,695)	(3,704)
42	7,123	7,165	44	9,852	9,896
Balance as at 1 April			Purchases		
Recognised as an expense in the year			Balance as at 31 March		

20. Debtors

The following table analyses short and long-term debtors:

31 March 2018			31 March 2019		
Short term	Long term	Total	Short term	Long term	Total
£000	£000	£000	£000	£000	£000
94,914	1,490	96,404	82,843	283	83,126
9,985	-	9,985	10,442	-	10,442
13,569	-	13,569	11,536	-	11,536
39,886	-	39,886	43,064	-	43,064
27,018	419	27,437	23,190	400	23,590
8,615	-	8,615	7,006	-	7,006
165	16,807	16,972	612	16,706	17,318
194,152	18,716	212,868	178,693	17,389	196,082
(10,549)	(745)	(11,294)	(14,063)	-	(14,063)
(17,347)	-	(17,347)	(18,539)	-	(18,539)
166,256	17,971	184,227	146,091	17,389	163,480
Trade debtors			Recoverable Value Added Tax		
Council Tax and Non Domestic Rates			Billing authorities		
Taxpayers			Prepayments		
Grants and accrued income			Other debtors		
Allowance for doubtful debts			Sundry debtors		
Council Tax and Non Domestic Rates			Total		

Note: the analysis of debtors provided above differs from that provided in the previous year's accounts. Comparative figures have been restated on a basis consistent with 2018/19.

Statement of Accounts - Notes to the Financial Statements

21. Cash and cash equivalents

The following table shows the balance of cash and cash equivalents at 31 March.

31st March 2018 £000		31st March 2019 £000
Amounts that form an integral part of the Council's cash management		
5,618	Cash repayable on demand	43,997
29,022	Cash equivalents	125,162
(33,987)	Bank overdraft	(52,327)
93	Petty cash balances	85
<hr/> 746		<hr/> 116,917
39,821	Cash held by schools	40,661
<hr/> 40,567	Total of cash and cash equivalents	<hr/> 157,578

The Council holds several bank accounts which can fluctuate significantly depending on cash receipts and payments and may become overdrawn. However, the Council's banking arrangements mean that agreed overdraft charges are only incurred by the Council where the aggregate balance on all accounts is in an overdraft position.

22. Creditors

The following table analyses short and long term creditors:

31st March 2018			31st March 2019		
Short term £000	Long term £000	Total £000	Short term £000	Long term £000	Total £000
157,790	-	157,790	162,685	987	163,672
84,506	-	84,506	84,822	-	84,822
4,128	-	4,128	6,429	-	6,429
12,151	-	12,151	13,188	-	13,188
26,980	-	26,980	22,410	-	22,410
4,299	-	4,299	13,749	-	13,749
8,386	124	8,510	7,654	126	7,780
<hr/> 298,240	<hr/> 124	<hr/> 298,364	<hr/> 310,937	<hr/> 1,113	<hr/> 312,050

Note: the analysis of creditors provided above differs from that provided in the previous year's accounts. Comparative figures have been restated on a basis consistent with 2018/19.

Statement of Accounts - Notes to the Financial Statements

23. Grant receipts in advance

Where grants or contributions have been received, but the conditions attached to the funding are not satisfied, the amount is carried in the Balance Sheet as a receipt in advance. An analysis of the amounts carried in the Balance Sheet as a receipt in advance is as follows:

31st March 2018			31st March 2019		
Revenue £000	Capital £000		Revenue £000	Capital £000	
Department for Education and related					
306	8,024	Department for Education grants	316	542	
-	-	Education and Skills Funding Agency	-	-	
607	-	Dedicated Schools grant	754	-	
232	-	Other Education and Skills Funding Agency grants	436	-	
		National College of Teaching and Leadership			
1,145	8,024		1,506	542	
Other grants					
4,582	1,695	Ministry of Housing, Communities & L. Govnt	3,216	-	
3,240	62	Department for Transport	80	17,388	
249	-	Department of Health and Social Care	486	-	
738	24	Other	393	3,398	
8,809	1,781		4,175	20,786	
9,954	9,805	Total of grant receipts in advance	5,681	21,328	
3,553	44,723	Developer contributions (\$106)	8,589	53,747	
13,507	54,528	Total	14,270	75,075	

Note: whilst prior year comparative figures are consistent overall with the figures presented in the 2017/18 Statement of Accounts, comparative figures for the prior year have been restated on a basis consistent with 2018/19.

24. Provisions and contingencies

24.1 Provisions

The Council has set funds aside as provisions to meet obligations related to events that have taken place which probably require settlement by the transfer of economic benefits.

Provisions are split on the Council's Balance Sheet between current (amounts expected to be settled within 12 months) and non-current (those expected to be settled beyond the next 12 months).

Statement of Accounts - Notes to the Financial Statements

An analysis of the current and non-current provisions is provided in the following table.

	Insurance Provision	Landfill aftercare	Non-domestic rating appeals	Restructuring	Other provisions	Total
	£000	£000	£000	£000	£000	£000
Current provisions						
Balance at 31st March 2018	(6,200)	(396)	(4,133)	(933)	(987)	(12,649)
Amounts arising	-	-	(1,542)	(593)	(488)	(2,623)
Provisions reversed	-	-	-	91	10	101
Provisions utilised	3,090	430	953	1,040	456	5,969
Unwinding of discount	-	(10)	-	-	-	(10)
Amounts reclassified as current	(1,890)	(445)	-	-	-	(2,335)
Balance at 31st March 2019	(5,000)	(421)	(4,722)	(395)	(1,009)	(11,547)
Non-current provisions						
Balance at 31st March 2018	(17,030)	(13,210)	-	-	-	(30,240)
Amounts arising	(5,427)	(2,033)	-	-	-	(7,460)
Provisions reversed	-	-	-	-	-	-
Provisions utilised	-	-	-	-	-	-
Amounts reclassified as current	1,890	445	-	-	-	2,335
Balance at 31st March 2019	(20,567)	(14,798)	-	-	-	(35,365)
Total current and non-current provisions						
31st March 2018	(23,230)	(13,606)	(4,133)	(933)	(987)	(42,889)
31st March 2019	(25,567)	(15,219)	(4,722)	(395)	(1,009)	(46,912)

An explanation of each provision is as follows:

Provision	Purpose
Insurance	<p>The Insurance Provision represents the estimated outstanding liabilities of the Council that are likely to be paid over a number of years. They arise due to the self-insured elements of the Council's Insurance programme and other claims related to the period when Municipal Mutual Insurance (MMI) and Independent Insurance were the Council's insurers.</p> <p>MMI insured the Council's liability risks from 1983, until they ceased trading in 1992. Since ceasing trading, MMI has been dealing with all outstanding claims, operating under a contingent Scheme of Arrangements. This Scheme allows MMI to claw back monies paid (in the form of a levy) from the scheme participants if it has insufficient funds to pay remaining claims itself.</p> <p>The Scheme of Arrangements was triggered, and therefore came into effect, on 13th November 2012. As a result, the Council was required to make an initial levy payment of £1.149m to the Scheme Administrator in 2014/15, equivalent to 15% of all claims it had received settlement for since 1993. The Council has been required to meet 15% of any subsequent claims made since the initial levy payment was made.</p> <p>With effect from 1 April 2016, the levy increased to 25%. Therefore, a second levy payment of £767,000 was made in 2017/18, equivalent to a further 10% of all claims for which it has received settlement since 1993 to date. The Council will be required to meet 25% of any claims made after this second levy payment being made. The Insurance Provision includes</p>

Statement of Accounts - Notes to the Financial Statements

Provision	Purpose
	<p>an allowance for this liability.</p> <p>Whilst the claims position has stabilised in recent years, and may continue to do so, it is anticipated that a request for payment of a further levy on historic claims will be made in the next 18 to 36 months. Allowance has been made for this in the Insurance Reserve (see Note 7, which commences on page 63).</p>
Landfill aftercare	<p>The Council has responsibility for the aftercare of twelve former landfill sites. Restoration work was undertaken at all sites during the 1990's, when the sites were closed. However, the Council continues to monitor each site, and to operate and maintain pollution control infrastructure, to ensure that these sites do not bring harm to human health, property and the environment; the Council will have this obligation until the sites become inert.</p> <p>As the Council expects to discharge its environmental monitoring liabilities over a prolonged period, the provision has been discounted to the present value of the expenditures expected to be required to settle the obligation.</p>
Non-domestic rating appeals	<p>Under the legislative framework for the Collection Fund, billing and precepting authorities share proportionately the risks that the amount of non-domestic rates collectable could be affected by the requirement to make backdated refunds to non-domestic ratepayers who lodge appeals against the Valuation Rating Lists. For this reason, the Council's Balance Sheet includes an attributable share of the provisions raised by the billing authorities for non-domestic rating appeals.</p>
Restructuring	<p>This provision represents the best estimate of the amount the Council is committed to pay because of formal plans for the restructuring of services, where these plans are likely to result in the termination of employment for some of the affected staff before their normal retirement date.</p>
Other	<p>Provisions have been established for various matters.</p>

24.2 Contingent Liabilities

As detailed in Note 17, on page 80, the Council entered into a Private Finance Initiative contract for the design, construction and operation of a waste treatment plant in Basildon in May 2012. The relevant acceptance tests are still to be achieved and therefore the plant remains in the commissioning phase.

The Council has been involved in ongoing discussions with the operator Urbaser Balfour Beatty regarding the delay in achieving services commencement and the Parties are utilising the appropriate contractual mechanisms to resolve these issues. Matters where no agreement has been reached have been referred to the Courts for consideration and to determine an outcome.

It is not possible to provide an indication if any additional contract costs that will be incurred as a result of the range of possible outcomes that could occur as a result of the court proceedings. The Council has taken expert advice and as a result no liability has been recorded in these financial statements.

Statement of Accounts - Notes to the Financial Statements

25. Usable reserves

Movements in the Council's usable reserves are shown in the Movement in Reserves Statement, on page 28, with further analysis provided in Note 6, which commences on page 60.

26. Unusable reserves

26.1 Introduction

The Council maintains several unusable reserves which are held for statutory reasons or to comply with proper accounting practice. The Council is not able to use these reserves to provide services. Notes 26.2 to 26.10 explain the purpose of each unusable reserve and the movements in these reserves during the year.

26.2 Revaluation Reserve

This reserve records the gains made by the Council arising from increases in the value of its property, plant and equipment. The balance is reduced when assets with accumulated gains are:

- Re-valued downwards or impaired and the gains are lost;
- Used in the provision of services and the gains are consumed through depreciation; or
- Disposed of and the gains are realised.

The reserve contains only revaluation gains accumulated since 1 April 2007, the date that the reserve was established. Accumulated gains arising before that date are consolidated into the balance on the Capital Adjustment Account.

The following table provides an analysis of the movements on the Revaluation Reserve:

2017/18		2018/19	
£000		£000	£000
(578,469)	Balance as at 1 April		(616,624)
(129,835)	Revaluation of non current assets (increases)	(105,271)	
29,699	Revaluation of non current assets (subsequent decreases)	13,278	
(100,136)	Surplus on revaluations		(91,993)
14,270	Depreciation on revaluation gains	13,909	
47,711	Accumulated gains on assets sold or scrapped	92,725	
61,981	Amounts written off to the Capital Adjustment Account		106,634
(616,624)	Balance as at 31 March		(601,983)

Statement of Accounts - Notes to the Financial Statements

26.3 Capital Adjustment Account

The Capital Adjustment Account absorbs the timing differences arising from the different arrangements for accounting for the consumption of non-current assets and for financing the acquisition, construction or enhancement of those assets under statutory provisions. The following table provides an analysis of the movements on the Capital Adjustment Account.

2017/18		2018/19	
£000		£000	£000
(1,340,533)	Balance as at 1 April		(1,316,405)
	Reversal of items related to capital expenditure debited or credited to the Comprehensive Income and Expenditure Statement		
77,949	Depreciation	79,231	
19,857	Impairment of non-current assets	24,045	
(302)	Donated assets	-	
47,234	Revenue expenditure financed from capital under statute	69,862	
120,276	Cost / value of assets disposed of during the year	224,485	
265,014			397,623
	Adjusting amounts written out of the Revaluation Reserve		
(14,270)	Difference between fair value and historical cost depreciation	(13,909)	
(47,711)	Revaluation gains outstanding for assets upon disposal	(92,725)	
(61,981)			(106,634)
203,033	Net written out amount of the cost of non current assets consumed in the year		290,989
	Capital financing applied in the year		
(14,826)	Revenue reserves applied	(5,038)	
(28,415)	Statutory provision for the financing of capital investment	(33,116)	
(8,424)	Capital receipts applied	(10,283)	
	Capital grants and contributions applied to finance:		
(78,364)	Capital Expenditure	(71,536)	
(48,111)	Revenue expenditure funded from capital	(71,064)	
(1,751)	Application of grants from the Capital Grants Unapplied Account	(1,290)	
(179,891)			(192,327)
546	Repayment of loans awarded for capital purposes		1,049
440	Movement in market value of investment properties		8,095
(1,316,405)	Balance as at 31 March		(1,208,599)

26.4 Financial Instruments Adjustment Account

This account absorbs the timing differences arising from the different arrangements for accounting for income and expenses relating to certain financial instruments and for bearing losses or benefiting from gains per statutory provisions.

Statement of Accounts - Notes to the Financial Statements

The Council uses the Account to manage:

- Premiums paid on the early redemption of loans, such that the expense is recognised in the General Fund over the unexpired term that was outstanding on the loans when they were redeemed; and
- Discounts received on the early redemption of loans, such that the benefit is recognised in the General Fund over a maximum period of 10 years.

2017/18				2018/19		
Premiums £000	Discounts £000	Total £000		Premiums £000	Discounts £000	Total £000
6,789	(3,688)	3,101	Balance as at 1 April	6,567	(3,506)	3,061
(127)	18	(109)	Amortisation of premiums / discounts to the General Fund	(127)	18	(109)
(95)	164	69	Transfer from the General Fund for the difference between amounts debited/credited to the Comprehensive Income and Expenditure Statement and amounts payable/receivable to be recognised under statutory provisions relating to premiums and discounts on the early repayment of debt	(95)	146	51
6,567	(3,506)	3,061	Balance as at 31 March	6,345	(3,342)	3,003

26.5 Available for Sale Financial Instruments Reserve

The Available for Sale Financial Instruments Reserve previously contained the gains made by the Council arising from increases in the value of its investments that do not have fixed or determinable payments. The balance was reduced when investments with accumulated gains were re-valued downwards or impaired and the gains are lost.

2017/18 £000		2018/19 £000
(369)	Balance as at 1 April	(861)
-	Reclassification of financial assets	861
(369)	Restated balance at 1 April	-
(492)	Upward revaluation of investments	-
(861)	Balance as at 31 March	-

The Available for Sale Financial Instruments Reserve was closed with effect from 1 April 2018, with the accumulated gains on this reserve being appropriated to the General Fund Balance on this date and then transferred to the Pooled Investment Funds Adjustment Account.

Statement of Accounts - Notes to the Financial Statements

26.6 Pooled Investment Funds Adjustment Account

For financial assets measured and carried at fair value, changes in fair value are recognised as they arise in the Surplus or Deficit on the Provision of Services. However, statutory provisions currently allow the Council to reverse these gains and losses out of the General Fund Balance, in the Movement in Reserves Statement, to a Pooled Investment Funds Adjustment Account.

2017/18 £000	2018/19 £000
- Balance as at 1 April	-
- Reclassification of financial assets	(861)
<hr/> - Restated balance at 1 April	<hr/> (861)
- Upward revaluation of investments	(169)
<hr/> - Balance as at 31 March	<hr/> (1,030)

The ability to reverse these gains / losses out of the General Fund Balance applies to the 2018/19 accounts and ceases on 31st March 2023.

The accumulated gains on the pooled investment funds were previously held in the Available for Sale Financial Instruments Reserve (see note 26.5).

26.7 Pension Reserve

The Council accounts for post-employment benefits in the Comprehensive Income and Expenditure Statement as the benefits are earned by employees accruing years of service, updating the liabilities recognised to reflect inflation, changing assumptions and investment returns on any resources set aside to meet the costs. However, statutory arrangements require the Council to finance benefits earned as it makes employer's contributions to pension funds, or eventually pays any pensions for which it is directly responsible.

The Pension Reserve therefore absorbs the timing differences arising from the different arrangements for accounting for post-employment benefits and for funding benefits in accordance with statutory provisions.

The balance on the Pensions Reserve shows the substantial shortfall in the benefits earned by past and current employees and the resources the Council has set aside to meet them. Statutory arrangements will ensure that funding will have been set aside by the time the benefits come to be paid.

Statement of Accounts - Notes to the Financial Statements

2017/18				2018/19		
LGPS £000	Teachers £000	Total £000		LGPS £000	Teachers £000	Total £000
1,237,011	35,328	1,272,339	Balance as at 1 April	1,053,563	32,114	1,085,677
			Pension Reserve appropriation to / (from) the General Fund for:			
114,413	576	114,989	Reversal of items relating to retirement benefits debited or credited to the surplus/deficit on the Provision of Services in the Comprehensive Income and Expenditure Statement	118,953	707	119,660
(52,427)	(2,853)	(55,280)	Council contributions to the schemes	(53,662)	(2,782)	(56,444)
61,986	(2,277)	59,709	Total appropriation from Pension Reserve	65,291	(2,075)	63,216
(245,434)	(937)	(246,371)	Remeasurements of the net pension liability	(156,019)	(997)	(157,016)
1,053,563	32,114	1,085,677	Balance as at 31 March	962,835	29,042	991,877

26.8 Deferred Capital Receipts Reserve

The Deferred Capital Receipts Reserve holds the gains recognised on the disposal of non-current assets but for which cash settlement has yet to take place. Under statutory arrangements, the Council does not treat these gains as usable for financing new capital expenditure until they are backed by cash receipts. When the deferred cash settlement eventually takes place, amounts are transferred to the Capital Receipts Reserve.

2017/18 £000		2018/19 £000
(2,492)	Balance as at 1 April	(2,535)
(59)	Deferred sale proceeds credited as part of the gain/loss on disposal to the Comprehensive Income and Expenditure Statement	-
16	Transfers to the Capital Receipts Reserve upon receipt of cash	16
(2,535)	Balance as at 31 March	(2,519)

26.9 Collection Fund Adjustment Account

The Collection Fund Adjustment Account manages the differences arising from the recognition of council tax and non-domestic rates income in the Comprehensive Income and Expenditure Statement as it falls due compared with the statutory arrangements for paying across amounts to the General Fund from the Collection Fund.

Statement of Accounts - Notes to the Financial Statements

2017/18				2018/19		
Council Tax £000	Non-domestic rates £000	Total £000		Council Tax £000	Non-domestic rates £000	Total £000
(16,679)	(747)	(17,426)	Balance at 1 April	(14,527)	(1,169)	(15,696)
			Amount by which income credited to the Comprehensive Income and Expenditure Statement is different from income calculated for the year in accordance with statutory requirements			
2,152	(422)	1,730		3,482	491	3,973
(14,527)	(1,169)	(15,696)	Balance as at 31 March	(11,045)	(678)	(11,723)

26.10 Accumulated Absences Account

The Accumulated Absences Account absorbs the differences that would otherwise arise on the General Fund Balance from accruing for paid absences earned but not taken in the year (e.g. annual leave entitlement carried forward at 31st March). Statutory arrangements require that the impact on the General Fund Balance is neutralised by transfers to or from the Account.

2017/18 £000		2018/19 £000	
16,506	Balance as at 1 April		12,884
(16,506)	Settlement or cancellation of accrual made at the end of the preceding year	(12,884)	
12,884	Amounts accrued for at the end of the current year	10,533	
(3,622)	Amount by which officer remuneration charged to the Comprehensive Income and Expenditure Statement on an accruals basis is different from remuneration chargeable in the year in accordance with statutory requirements		(2,351)
12,884	Balance as at 31 March		10,533

27. Cash Flows from operating, investing and financing activities

The amount of net cash flows arising from operating activities is a key indicator of the extent to which the operations of the Council are funded by way of taxation and grant income or from the recipients of services provided by the Council.

Investing activities represent the extent to which cash outflows have been made for resources which are intended to contribute to the Council's future service delivery.

Cash flows arising from financing activities are useful in predicting claims on future cash flows by providers of capital (i.e. borrowing) to the Council.

Statement of Accounts - Notes to the Financial Statements

The cash flows from operating, investing and financing activities include the following items:

2017/18		2018/19	
£000		£000	£000
Cash flows from operating activities			
Cash inflows			
(651,368)	Taxation	(689,434)	
(936,582)	Grants	(883,234)	
(276,133)	Sales of goods and rendering of services	(301,981)	
(3,014)	Interest received	(4,049)	
<u>(1,867,097)</u>			<u>(1,878,698)</u>
Cash outflows			
490,155	Cash paid to and on behalf of employees	455,157	
38,237	Interest paid	39,772	
1,140,302	Cash paid to suppliers of goods and services	1,210,104	
116,793	Other payments for operating activities	109,954	
<u>1,785,487</u>			<u>1,814,987</u>
<u>(81,610)</u>	Net inflow of cash from operating activities		<u>(63,711)</u>
Cash flows from investing activities			
Cash inflows			
(8,424)	Proceeds from the sale of property, plant and equipment, investment property and intangible assets	(10,283)	
(20,443)	Proceeds from short and long term investments	(120,968)	
(125,072)	Other receipts from investing activities	(177,436)	
<u>(153,939)</u>			<u>(308,687)</u>
Cash outflows			
212,175	Purchase of property, plant and equipment, investment property and intangible assets	175,522	
134	Purchase of short and long term investments	369	
48,891	Other payments for investing activities	70,953	
<u>261,200</u>			<u>246,844</u>
<u>107,261</u>	Net (inflow) / outflow of cash from investing activities		<u>(61,843)</u>
Cash flows generated from financing activities			
Cash inflows			
(5,583)	Cash receipts of short and long term borrowing	(1,702)	
-	Other receipts from financing activities	(316)	
<u>(5,583)</u>			<u>(2,018)</u>
Cash outflows			
7,347	Cash payments for the reduction of liabilities related to Finance Leases (incl. PFI contracts)	8,169	
3,272	Repayment of short and long term borrowing	2,390	
<u>10,619</u>			<u>10,559</u>
<u>5,036</u>	Net outflow of cash from financing activities		<u>8,541</u>
<u>30,687</u>	Net (increase) / decrease in cash and cash equivalents		<u>(117,013)</u>

Statement of Accounts - Notes to the Financial Statements

28. Termination benefits

The Council is undertaking a major transformation programme to improve core services, meet difficult budget pressures in challenging times and deliver better customer services. This programme includes projects aimed at modernising working practices and utilising mobile technology and will reshape the Council into a smaller core organisation. Redundancies are an unavoidable consequence of this programme.

The liabilities were recognised in the Cost of Services, in the Comprehensive Income and Expenditure Statement, as follows:

2017/18 £000		2018/19 £000
513	Childrens and Families	138
944	Customer and Corporate	758
272	Economic Development	279
2,375	Education and Skills	2,077
246	Environment and Waste	194
1,186	Health and Adult Social Care	626
154	Culture and Communities	120
208	Leader	165
1,648	Finance and Commercial	-
	Recharged Strategic Support Services	
236	Customer and Corporate	1,072
611	Leader	222
240	Finance and Commercial	288
8,633	Total	5,939

Notes: The above figures include provision for termination benefits arising from formal plans for the restructuring of certain services, where actual exit packages have yet to be agreed at 31st March. Provision is raised on the basis of the best estimate of costs.

The numbers of exit packages agreed in each year are set out in the table below:

2017/18				2018/19				
No. packages agreed in the year			Total cost of packages £000	Value of exit packages	No. packages agreed in the year			Total cost of packages £000
Compulsory	Other	Total			Compulsory	Other	Total	
90	71	161	1,270	Less than £20,000	87	72	159	1,194
21	24	45	1,194	£20,000 to £39,999	24	25	49	1,335
10	20	30	1,455	£40,000 to £59,999	17	9	26	1,326
6	15	21	1,441	£60,000 to £79,999	2	4	6	397
2	5	7	624	£80,000 to £99,999	3	2	5	414
5	5	10	1,197	£100,000 to £149,999	3	3	6	771
3	-	3	545	£150,000 to £199,999	-	-	-	-
137	140	277	7,726	Total no. of agreed packages	136	115	251	5,437
			907	Other termination benefits				502
			8,633					5,939

Statement of Accounts - Notes to the Financial Statements

The exit packages include all redundancy costs, pension contributions in respect of added years, ex gratia payments and other departure costs.

The Council is required to recognise the costs of termination benefits within the Comprehensive Income and Expenditure Statement when it can no longer withdraw the offer of those benefits, even if individual exit packages have yet to be agreed. For this reason, the total cost of packages agreed may differ from the amounts charged to the Comprehensive Income and Expenditure Statement in each year; the 'other termination benefits' line provides a reconciliation between the total cost of packages agreed and the amounts charged to the Comprehensive Income and Expenditure Statement.

29. Pension Schemes accounted for as Defined Contribution Schemes

The Council has two pension schemes which are accounted for as defined contribution schemes:

▪ Teachers' Pension Scheme

Teachers employed by the Council are members of the Teachers' Pension Scheme, administered by Capita on behalf of the Teachers Pensions Agency. The scheme provides teachers with specified benefits upon their retirement, and the Council contributes towards the costs by making contributions based on a percentage of members' pensionable salaries. The Teachers' pension scheme has in excess of **10,100** participating employers.

▪ NHS Pension Scheme

Staff performing public health functions who were compulsorily transferred from a local primary care trust to the Council, and who had access to the NHS Pension Scheme on 31 March 2013, retained access to that Scheme on transfer to the Council on 1 April 2013.

The NHS Pension Scheme provides these employees with specified benefits upon their retirement, and the Council contributes towards the costs by making contributions based on contribution rates set by the Secretary of State. The NHS Pension Scheme has more than **8,600** participating employers.

These schemes are defined benefit schemes. They are unfunded and the Scheme Administrators use notional funds as the basis for calculating the employer's contribution rates to be paid by the participating employers.

Due to the number of participating employers within the schemes, the Council is not able to identify its share of the underlying financial position and performance of the Schemes with enough reliability for accounting purposes. For the purposes of this Statement of Accounts, both schemes are accounted for on the same basis as a defined contribution scheme.

Statement of Accounts - Notes to the Financial Statements

The following table shows the amounts the Council paid for pension costs in relation to these schemes:

2017/18				2018/19		
Teachers £000	NHS £000	Total £000		Teachers £000	NHS £000	Total £000
25,890	91	25,981	Employer's contributions	22,818	92	22,910
14,355	80	14,435	Employee contributions	12,547	80	12,627
40,245	171	40,416	Total	35,365	172	35,537

The Council's contributions are set in relation to the current service period only. As such, the Council is not entitled to, or liable for, any of the underlying assets or liabilities of the schemes.

The amounts in the above table reflect:

	Teachers		NHS	
	2017/18	2018/19	2017/18	2018/19
Employer's contribution rate	16.48%	16.48%	14.38%	14.38%
Employee contribution rate	7.4% to 11.7%	7.4% to 11.7%	5.0% to 14.5%	5.0% to 14.5%

There were no contributions remaining payable as at 31st March 2019 (31st March 2018: Nil).

The employer's contributions due to be paid in 2019/20 are estimated to be **£26.258m** for the teachers pension scheme and **£92,000** for the NHS pension scheme.

The Council is responsible for all pension payments relating to added years that it has awarded to teachers, together with the related increases. These costs are accounted for on a defined benefit basis and are detailed in note 30 below.

30. Defined Benefit Pension Schemes

30.1 Participation in Pension Schemes

As part of the terms and conditions of the employment of its officers, the Council makes contributions towards the cost of post-employment benefits. Although these benefits will not actually be payable until employees retire, the Council has a commitment to make the payments that need to be disclosed at the time that employees earn their future entitlement.

Statement of Accounts - Notes to the Financial Statements

The Council participates in two schemes:

- **The Local Government Pension Scheme (LGPS)**

The LGPS is a defined benefit statutory scheme, administered in accordance with the Local Government Pension Scheme Regulation 2013 and currently provides benefits based on career average revalued earnings.

The Administering Authority for the Fund is Essex County Council. The Essex Pension Fund Strategy Board and the Investment Steering Committee oversee the management of the Fund.

As administering authority to the Fund, Essex County Council, after consultation with the Fund Actuary and other relevant parties, is responsible for the preparation and maintenance of the Fund's Investment Strategy Statement.

Contributions are set every three years as a result of the actuarial valuation of the Fund required by the Regulations. The next actuarial valuation of the Fund will be carried out as at **31st March 2019** and will set contributions for the period from **1st April 2020 to 31st March 2023**. There are no minimum funding requirements in the LGPS but the contributions are generally set to target a funding level of 100% using the actuarial valuation assumptions.

In general, participating in a defined benefit pension scheme means that the Council is exposed to a number of risks:

- **Investment risk** - the Fund holds investments in asset classes, such as equities, which have volatile market values and while these assets are expected to provide real returns over the long-term, the short-term volatility can cause additional funding to be required if a deficit emerges.
- **Interest rate risk** - the Fund's liabilities are assessed using market yields on high quality corporate bonds to discount the liabilities. As the Fund holds assets such as equities the value of the assets and liabilities may not move in the same way.
- **Inflation risk** - all of the benefits under the Fund are linked to inflation and so deficits may emerge to the extent that the assets are not linked to inflation.
- **Longevity risk** - in the event that the members live longer than assumed a deficit will emerge in the Fund. There are also other demographic risks.

In addition, as many unrelated employers participate in the Essex Pension Fund, there is an orphan liability risk where employers leave the Fund but with insufficient assets to cover their pension obligations so that the difference may fall on the remaining employers.

All of these risks may also benefit the Council (*e.g. higher than expected investment returns or employers leaving the Fund with excess assets which eventually get inherited by the remaining employers*). However, these risks are also mitigated, to a certain extent, by the statutory requirements to charge to the General Fund the amounts required by statute as described in Note 1.8.3.

- **Award of discretionary post-retirement benefits upon early retirement in relation to the teachers' pension scheme**

Statement of Accounts - Notes to the Financial Statements

This is an unfunded defined benefits arrangement, under which the liabilities are recognised when awards are made. However, there are no investment assets built up to meet these pensions liabilities, and cash has to be generated to meet the actual pension payments as they eventually fall due.

30.2 Transactions relating to post-employment benefits

The Council recognises the cost of retirement benefits in the Comprehensive Income and Expenditure Statement (Cost of Services) when they are earned by employees, rather than when the benefits are eventually paid as pensions. However, the charge the Council is required to make against council tax is based on the cash payable in the year, so the real cost of retirement benefits is reversed out of the General Fund via the Movement in Reserves Statement.

The following transactions have been made in the Comprehensive Income and Expenditure Statement and the Movement in Reserves Statement during the year:

2017/18			2018/19		
LGPS £000	Teachers £000	Total £000	LGPS £000	Teachers £000	Total £000
Comprehensive Income and Expenditure Statement					
Cost of Services					
92,567	-	92,567	85,989	-	85,989
2,674	-	2,674	27,791	-	27,791
(14,132)	-	(14,132)	(21,722)	-	(21,722)
81,109	-	81,109	92,058	-	92,058
Financing and Investment Income and Expenditure					
33,304	576	33,880	26,895	707	27,602
114,413	576	114,989	118,953	707	119,660
Re-measurements of the net pensions liability					
(93,100)	-	(93,100)	(121,830)	-	(121,830)
(152,334)	(937)	(153,271)	145,108	820	145,928
-	-	-	(179,297)	(1,817)	(181,114)
-	-	-	-	-	-
-	-	-	-	-	-
(245,434)	(937)	(246,371)	(156,019)	(997)	(157,016)
(131,021)	(361)	(131,382)	(37,066)	(290)	(37,356)
Movement in Reserves Statement					
(114,413)	(576)	(114,989)	(118,953)	(707)	(119,660)
52,427	2,853	55,280	53,662	2,782	56,444
(61,986)	2,277	(59,709)	(65,291)	2,075	(63,216)

Statement of Accounts - Notes to the Financial Statements

30.3 Pensions assets and liabilities recognised in the Balance Sheet

The amount included within the Balance Sheet arising from the Council's obligation in respect of its defined benefit pension plans is:

2017/18				2018/19		
LGPS £000	Teachers £000	Total £000		LGPS £000	Teachers £000	Total £000
3,224,588	32,114	3,256,702	Present value of the defined benefit obligation	3,256,736	29,042	3,285,778
(2,171,025)	-	(2,171,025)	Fair value of plan assets	(2,293,901)	-	(2,293,901)
1,053,563	32,114	1,085,677	Net liability arising from defined benefit obligations	962,835	29,042	991,877

The liabilities show the underlying commitments that the Council has in the long run to pay retirement benefits. The total net deficit of the two Schemes of **£991.877m** (2017/18: £1.086bn) has a substantial impact on the net worth of the Council, as recorded in the Balance Sheet. However, statutory arrangements for funding the deficit mean that the financial position of the Council remains healthy:

- The deficit on the Local Government Pension Scheme will be made good by increased contributions over the next twenty years; and
- Finance is only required to be raised to cover teachers' unfunded added years when the pensions are actually paid.

Scheme Liabilities

The following table provides a reconciliation of the present value of scheme liabilities:

2017/18				2018/19

Statement of Accounts - Notes to the Financial Statements

30.4 Basis for estimating Assets and Liabilities

Liabilities have been assessed on an actuarial basis to estimate the pensions that will be payable in future years. The liabilities have been assessed using the projected unit credit method which is dependent on assumptions about mortality rates, salary levels etc. The Pension Fund liabilities have been assessed by **Barnett Waddingham LLP**, an independent firm of actuaries. The liabilities have been estimated, based upon the results of the valuation as at **31st March 2016** which was carried out for funding purposes.

The significant assumptions used by the Actuary for the Local Government Pension Scheme were as follows:

Assumptions	2017/18	2018/19
▪ Rate of inflation		
- RPI	3.3%	3.4%
- CPI	2.3%	2.4%
▪ Rate of increase in salaries	3.8%	3.9%
▪ Rate of increase in pensions	2.3%	2.4%
▪ Discount rate	2.55%	2.4%
▪ Mortality assumptions for members retiring in normal health:		
- Life expectancy for future pensioners retiring in 20 years' time at 65:		
▪ Male	24.4 years	22.9 years
▪ Female	27 years	25.4 years
- Life expectancy of current pensioners retiring today aged 65:		
▪ Male	22.2 years	21.3 years
▪ Female	24.7 years	23.6 years
▪ Expected rate of return on assets in the scheme	9%	8%

In addition to these significant assumptions, the Actuary for the Local Government Pension Scheme (LGPS) has made an adjustment of **£22.340m** to the Employer's defined benefit obligation for the possible impact of any amendments that may be required to the Local Government Pension Scheme as a result of the Court of Appeal judgement on the McCloud and Sargeant cases (related to age discrimination within the Judicial and Fire Pension schemes respectively).

The estimate of the potential impact on the Employer's defined benefit obligation is based on analysis carried out by the Government Actuary's Department and the Council's liability profile, using the assumptions reflected in the table above.

It is not yet clear how this judgement will affect LGPS members' past or future service benefits.

Statement of Accounts - Notes to the Financial Statements

The actuarial assumptions used in the calculation of the liabilities for Teachers' additional unfunded pensions were those shown on page 110 for the Local Government Pension Scheme, with the following exceptions:

Assumptions	2017/18	2018/19
▪ Rate of inflation		
- RPI	3.35%	3.5%
- CPI	2.35%	2.5%
▪ Rate of increase in pensions	2.35%	2.5%
▪ Discount rate	2.3%	2.1%

The estimation of the defined benefit obligations is sensitive to the actuarial assumptions used. Sensitivity analysis has been undertaken, based on reasonably possible changes of the assumptions occurring at the end of the reporting period. This assumes, for each change, that the assumption analysed changes, whilst all the other assumptions remain constant. In practice, changes in some of the assumptions may be inter-related. The estimations in the sensitivity analysis have followed the accounting policies for the scheme (i.e. on an actuarial basis using the projected unit credit method).

Local Government Pension Scheme	Effect of change in assumptions		
	£000	£000	£000
Adjustment to discount rate	+ 0.1%	0.0%	- 0.1%
Present value of total obligation	3,198,286	3,256,736	3,316,313
Projected Service Cost	85,913	88,043	90,228
Adjustment to long term salary increase	+ 0.1%	0.0%	- 0.1%
Present value of total obligation	3,261,673	3,256,736	3,251,835
Projected Service Cost	88,043	88,043	88,043
Adjustment to pension increases and deferred revaluation	+ 0.1%	0.0%	- 0.1%
Present value of total obligation	3,311,318	3,256,736	3,203,131
Projected Service Cost	90,226	88,043	85,911
Adjustment to mortality age rating assumption	+ 1 year	None	- 1 year
Present value of total obligation	3,375,443	3,256,736	3,142,245
Projected Service Cost	90,959	88,043	85,221

Statement of Accounts - Notes to the Financial Statements

Unfunded Teachers' Pensions	Effect of change in assumptions		
	£000	£000	£000
Adjustment to discount rate	+ 0.1%	0.0%	- 0.1%
Present value of total obligation	28,805	29,042	29,282
Adjustment to pension increases and deferred revaluation	+ 0.1%	0.0%	- 0.1%
Present value of total obligation	29,280	29,042	28,806
Adjustment to life expectancy assumptions	+ 1 year	None	- 1 year
Present value of total obligation	30,265	29,042	27,869

The methods and types of assumptions used in preparing the sensitivity analysis did not change from those used in the previous period.

30.5 Impact on the Council's Cash Flows

The objectives of the LGPS are to keep employers' contributions at as constant a rate as possible. There are no minimum funding requirements in the LGPS, but the contributions are generally set to target a funding level of 100% using the actuarial valuation assumptions. Funding levels are monitored on an annual basis. The next triennial valuation is being carried out as at **31 March 2019** and will set the contributions for the period 1 April 2020 to 31 March 2023.

The total contributions expected to be made to the Local Government Pension Scheme by the Council in the year to 31st March 2020 is **£45.495m**. Although there are not expected to be any contributions with respect to active members, the total unfunded pensions in respect of teachers are estimated to be **£2.782m** as at 31st March 2019.

The weighted average duration of the pension obligation for the Local Government Pension Scheme members is **19** years. For the Teachers additional unfunded pensions, it is **8** years.

Statement of Accounts - Notes to the Financial Statements

31. Audit costs

The following costs were incurred in relation to the audit of the Statement of Accounts and in respect of non-audit services provided by the Council's External Auditor:

2017/18 £000		2018/19 £000
	Audit fees payable to the appointed auditor	
182	External audit services carried out by appointed auditor	135
13	Other services carried out by appointed auditor	13
<u>195</u>		<u>148</u>
	Rebates received in respect of fees paid in previous years	
	Rebates received from Public Sector Auditor	
(24)	Appointments (PSAA)	-
<u>(24)</u>		<u>-</u>
<u>171</u>	Net total	<u>148</u>

The fees payable for external audit services carried out by the appointed auditor include **£9,000** for work carried out by the Council's previous external auditor in 2017/18.

The fee for 'other services carried out by the appointed auditor' relates to the certification of the Teachers Pensions grant claim, which is not covered by the Public Sector Auditor Appointments (PSAA) certification arrangements, but external audit certification is nevertheless required by the grant awarding body.

Statement of Accounts - Notes to the Financial Statements

32. Members' allowances and expenses

The total of allowances and expenses paid to Members of the Council during the year amounted to:

2017/18 £000		2018/19 £000
	Members allowances	
899	Basic allowances	899
625	Special responsibility allowances	627
<hr/> 1,524		<hr/> 1,526
63	Members expenses	65
<hr/> 1,587		<hr/> 1,591

33. Pooled budgets

33.1 Better Care Fund

The Better Care Fund aims to 'drive closer integration and improve outcomes for patients and service users and carers'. It is comprised of several funding streams:

- **Contributions from NHS Clinical Commissioning Groups (CCGs)** – funding for social care services, community health services, carers' breaks and reablement to reduce avoidable hospital admissions and to facilitate more timely hospital discharges.
- **Disabled Facilities Grant** – funding to facilitate changes to a person's home.
- **Improved Better Care Fund** – funding for adult social care, reducing pressures on the NHS, including supporting more people to be discharged from hospital when they are ready, and ensuring that the local social care provider market is supported.

Whilst the Better Care Fund was established as a pooled budget, the operation of the pool can involve the members ceding control of funds to a lead commissioner / principal or the arrangement being a joint operation.

The Essex Better Care Fund comprises six pooled funds:

- A countywide pool, comprised of NHS contributions to social care (including reablement) and the Improved Better Care Fund;
- Five other pools (one for each of the five CCGs), comprised of the Disabled Facilities Grant, carers' breaks funding and CCGs' contributions to community health services.

Each pool is governed by a Section 75 Agreement, with an overarching collaboration agreement signed by the Council and each of the CCGs. For each service included within the Section 75 agreements, either the Council or a CCG is solely responsible for the delivery of the service.

The contributions and expenses of the Pool for 2018/19 were as follows:

2017/18							2018/19						
Basildon & Brentwood	Castle Point & Rochford	Mid Essex	North East Essex	West Essex	Central Pool	Total	Basildon & Brentwood	Castle Point & Rochford	Mid Essex	North East Essex	West Essex	Central Pool	Total

Statement of Accounts - Notes to the Financial Statements

33.2 Equipment Pool

The Council entered into a pooled budget arrangement with various local authority and NHS partners in 2014/15. The primary purpose of this arrangement is to manage and control the sourcing, delivery, fitting, return and refurbishment of community equipment, adaptations and aids to daily living in service users' homes as part of an integrated community equipment service.

The agreement in place stipulates that partners will contribute to the 'pool' on the basis of their assumed activity levels. Where a partner has paid more into the pool than has been spent, the partner can either choose to carry their 'surplus' forward for use in the next financial year, or to have their 'surplus' repaid. Where there is a shortfall in the contributions made by a partner, they are expected to redress this position.

The contributions and expenses of the Pool for 2018/19 were as follows:

2017/18			2018/19		
Contributions	Expenditure	Net (surplus) / deficit	Contributions	Expenditure	Net (surplus) / deficit
£000	£000	£000	£000	£000	£000

Total			Total		

33.3 Transforming Care Partnership Pool

The Council entered into a pooled budget arrangement with various local authority and NHS partners in 2018/19, with the aim of ensuring that people with learning disabilities, autism or both can live in the community, with the right support, thereby reducing their need for in-patient services and improving their quality of life.

All the current releasable funding for the hospital placements is paid into the pool, to fund both Clinical Commissioning Group commissioned hospital placements and community placements when people are discharged from hospital. Funds released through discharges from NHSE Specialist Commissioning placements transfers into the pool at the point of discharge. If there is insufficient funding within the pooled budget to fund all the community placements, the deficit is met by the local authority partner in whose administrative area the deficit occurs.

Statement of Accounts - Notes to the Financial Statements

The contributions and expenses of the Pool for 2018/19 were as follows:

2017/18			2018/19		
Contributions	Expenditure	Net (surplus) / deficit	Contributions	Expenditure	Net (surplus) / deficit
£000	£000	£000	£000	£000	£000

Thurrock Council and Thurrock CCG are not participating in the pooled budget arrangement but remain part of the Essex Transforming Care Partnership.

34. Officers' remuneration

Officers' remuneration includes all sums paid to or receivable by employees, expense allowances chargeable to tax and the money value of benefits. It should be emphasised that this relates to payments to individuals, so part year employment can produce distortions in the presentation.

Pension payments made, whether from a funded or unfunded scheme, do not count as remuneration for this purpose.

The numbers of officers whose remuneration amounted to £50,000 or more, grouped in rising bands of £5,000, are shown overleaf.

2017/18			Remuneration band			2018/19		
Non-schools	Schools	Total				Non-schools	Schools	Total

505	397	902	Total			509	362	871

Notes: Senior officers whose individual remuneration is disclosed in note 35 (page 119) are excluded from the remuneration bandings shown in the above analysis.

Statement of Accounts - Notes to the Financial Statements

35. Senior officers' remuneration

35.1 Senior officers

Senior officers include all members of the Council's Corporate Management Board and other statutory officers.

35.2 Disclosure of senior officers' remuneration

Senior Officers' remuneration is disclosed overleaf.

Where a senior officer's annual salary is **£50,000** or more, but less than **£150,000**, remuneration is disclosed individually by way of job title. For those senior officers whose salary is **£150,000** or more, their name is also disclosed.

The employers' contribution to pensions are not amounts paid to individual members of staff, rather they reflect amounts paid by the Council into the Pension Fund; these contributions have been made at the level determined at the last actuarial valuation as necessary to meet the cost of the future pension accrual.

Bonus payments have been disclosed in the year of payment but relate to performance in the preceding financial year.

35.3 Fees paid in respect of individuals engaged on an interim basis

The Council also secured services from various other individuals on an interim basis during 2017/18 and/or 2018/19. The fees payable by the Council in respect of some of these individuals amounted to **£150,000** or more, in 2017/18 and/or 2018/19, as follows:

- Mr Jon Babb, who held the position of **Interim Head of Delivery** until December 2017 at a cost to the Council in 2017/18 of **£143,127**;
- Mrs Fran Arnold, who held the position of **Regional Development Manager – Adoption**, at a cost to the Council of **£153,070** in 2018/19 (2017/18: **£157,141**);
- Ms Akosua Bame-Ashiagbor, who held the position of **Senior Project Manager** until March 2019 at a cost to the Council of **£98,943.42** in 2018/19 (2017/18: **£152,933**);
- Ms Lauren Rochat, who held the position of **Service Manager** until March 2019, at a cost to the Council in 2018/19 of **£174,443**;
- Ms Suzanne Westhead, who held the position of **Director, Strategic Commissioning and Policy** until March 2019, at a cost to the Council in 2018/19 of **£170,928**;
- Ms Michelle Granat, who holds the position of **Commercial Programme Manager**, at a cost to the Council in 2018/19 of **£153,070**; and
- Mr Clark Povey, who holds the position of **Interim Head of Contact Centre**, at a cost to the Council in 2018/19 of **£158,508**.

The amounts disclosed in respect of these individuals are the costs incurred by the Council to secure their services. The amounts received by these individuals will have been lower.

36. Related parties

The Council is required to disclose material transactions with bodies or individuals that have the potential to control or influence the Council, or to be controlled or influenced by the Council. The intention, in making this disclosure, is to make explicit the extent to which the Council might have been constrained in its ability to operate independently or might have secured the ability to limit another party's ability to bargain freely with the Council.

Related party	Declaration
UK Government	The UK Government has effective control over the general operations of the Council. It is responsible for providing the statutory framework within which the Council operates, provides a significant proportion of its funding in the form of grants and prescribes the terms of many of the transactions that the Council has with other parties. Grants received from government departments are detailed in notes 11 (page 69) and 12 (page 69)
Elected members	<p>Members of the Council have direct control over the Council's financial and operating policies. The Council's Constitution requires members to declare their pecuniary interests and any other interests that could reasonably be regarded as likely to prejudice their judgement of the public interest in a Register of Interests and at relevant meetings. The Register of Interests is published on the Council's website. In addition, members are asked to declare separately any related party transactions with the Authority.</p> <p>Based on these declarations, the following matters require disclosure as related party transactions:</p> <ul style="list-style-type: none"> Basildon Borough Heritage Society The objectives of this charity are to advance the education of the public in the history and heritage of Basildon. The Council provided £1,000 to the charity in 2018/19. Cllr Tony Ball is a trustee of this charity. Brentwood Community Transport This charity provides transport to people who find mainstream public transport difficult to access. The Council provided £117,000 to this charity in 2018/19 (2017/18: £122,000). Cllr David Kendall is a trustee of the charity. Essex Association of Local Councils (EALC) This is a Member led Association of Essex Local Councils. Through membership of the EALC, the Parish and Town Councils of Essex are affiliated to the National Association of Local Councils. The Council provided £247,000 to this organisation in 2018/19 (2017/18: £211,000). Cllr John Jowers is the current president of the EALC. He is also the current Chairman of the County Council.

Essex Cares Ltd	<p>Essex Cares Ltd is a wholly owned subsidiary of the Council. It provides services for people requiring care, support and assistance living in the community. Essex Cares' transactions are consolidated fully within the Council's Group Accounts, which are set out on pages 128 to 142.</p> <p>The Council commissioned services from Essex Cares Ltd to the value of £35.8m in 2018/19 (2017/18: £30.7m).</p> <p>The Council provided financial, internal audit and other support services to Essex Cares Ltd during 2018/19; the value of these services in 2018/19 was £320,000 (2017/18: £179,000).</p> <p>The Council also provided cash management support to Essex Cares Ltd. The Council paid interest of £3,000 (net) on the amounts it borrowed from Essex Cares Ltd; £500 of this total was outstanding at 31st March 2019 (2017/18: <i>charged interest of £47,000 (net) on amounts it lent, £600 of which was outstanding at 31st March 2018</i>).</p> <p>As noted on page 123, Cllr Stephen Canning held a position on the Essex Cares' Board of Directors until May 2018; thereafter, Cllr Penny Channer fulfilled this role.</p>
Rochford District Council	<p>The Council provided Section 151 Officer support to Rochford District Council during 2018/19, at a cost of £71,000, of which £45,000 was outstanding at 31st March 2019 (2017/18: £60,000, <i>all of which was outstanding at 31st March 2018</i>).</p>
South East Local Enterprise Partnership	<p>The South East Local Enterprise Partnership (South East LEP) is a business-led, public / private body established to drive economic growth across East Sussex, Essex, Kent, Medway, Southend and Thurrock. It has a range of members (<i>including representatives from businesses, local authorities and higher / further education</i>).</p> <p>The South East LEP secured £91.739m from the Government's Local Growth Fund in 2018/19 to support economic growth in the area, of which £15.815m was allocated to the Council to fund major transport schemes (2017/18: £15.875m). In addition, the South East LEP awarded the Council a capital loan of £627,000 from its Growing Places fund. The funding allocated to the Council by the South East LEP followed a competitive bidding process.</p>

Statement of Accounts - Notes to the Financial Statements

37. Accounting for schools

All locally maintained schools are deemed to be entities controlled by the Council, which means their transactions, unspent resources and current assets and liabilities are consolidated into the Council's single entity accounts.

With regard to Property, Plant and Equipment, the Council only recognises the assets of its Community and Foundation Schools (other than those owned by religious bodies), and the playing fields for all categories of local maintained schools, in its Balance Sheet. It does not recognise the school building assets of the other categories of local maintained school, as there is no evidence that the rights of ownership for these buildings have been assigned either to the school governing bodies or to the Council, and it is therefore assumed that the Trustees have retained their substantive rights to take back the school property without causal action by the schools. However, the Trustees are, by Regulation, required to give a minimum of two years' notice of their intention to terminate a school's occupancy of a site, to allow the Council and/or school governing body time to make alternative arrangements for the pupils.

The number of locally maintained schools deemed to be controlled by the Council is as follows:

2017/18						2018/19				
Nursery schools	Primary Schools	Secondary schools	Special schools	Total		Nursery schools	Primary Schools	Secondary schools	Special schools	Total
2	150	1	8	161	Community schools	2	122	-	6	130
-	30	1	2	33	Foundation schools	-	28	1	1	30
-	4	-	-	4	Foundation schools (C of E)	-	4	-	-	4
-	57	-	-	57	Voluntary controlled schools	-	47	-	-	47
-	53	3	-	56	Voluntary aided schools	-	48	3	-	51
2	294	5	10	311	Total	2	249	4	7	262

The financial relationship between the Council and the schools it maintains is set out in a 'Scheme for Financing Schools'. The Scheme is produced in line with statutory requirements and is subject to approval by members of the local Schools' Forum representing maintained schools. It deals with financial management issues, and sets out the approach to, and existence of, surplus and deficit balances in schools.

The Scheme allows schools to carry forward from one financial year to the next any shortfall in expenditure relative to the school's budget share for the year plus/minus any balance brought forward from the previous year. The scheme also contains a provision which has the effect of carrying forward deficit balances but providing for deficits to be deducted from the following year's budget share. The scheme makes it clear that the Council cannot write off the deficit balance of any school. The Council can only give assistance towards elimination of a deficit balance from the Council's own schools budget (budget held centrally) where this has been agreed by the Schools Forum.

Statement of Accounts - Notes to the Financial Statements

Note 13 on the Dedicated Schools Grant (see page 71) shows the total of the Individual Schools budget, which is divided into a budget share for each maintained school.

The reduction in the number of locally maintained schools between 2017/18 and 2018/19 shown in the above table primarily results from schools converting to academy status during the year.

Academy schools are publicly funded independent schools that are held accountable through a legally binding 'funding agreement' with the Government. This means that they cease to be local maintained schools upon conversion. A school wishing to convert to academy status must apply to the Department for Education, following consultation with such persons as the school thinks appropriate.

The conversion process usually involves at least five elements:

- The setting up of an academy trust;
- Putting in place a funding agreement between the academy trust and the Secretary of State for the running and funding of the academy school;
- Transferring the employment of the staff of the school from the local authority or governing body (as applicable) to the academy trust;
- Negotiating the transfer of assets and contracts of the school from the local authority and/or governing body to the academy trust; and
- Arranging for the academy trust to have use of the land and buildings of the school(s), usually by way of a 125 year lease with the local authority or the transfer of the freehold of the land, as applicable.

To the extent that the land and buildings of a school converting to academy status are either leased by, or transferred from, the Council, or school governing body, the Property, Plant and Equipment is removed from the Council's Balance Sheet, and a loss on disposal is reported in the Comprehensive Income and Expenditure Statement (as a component of 'Other Operating Expenditure').

38. Events after the Balance Sheet Date

The Statement of Accounts was certified by the Executive Director, Corporate and Customer Services on **31st July 2019**. Events taking place after this date were not reflected in the financial statements or notes.

Statement of Accounts - Group Accounts

Introduction

In order to provide a full picture of the Council's economic activities and financial position, the accounting statements of the Council and Essex Cares Ltd have been consolidated. The Group Accounts are presented in addition to the Council's 'single entity' financial statements and comprise:

- Group Comprehensive Income and Expenditure Statement;
- Group Movement in Reserves Statement;
- Group Balance Sheet; and
- Group Cash Flow Statement.

These statements (*the purposes of which are explained on page 26*), together with those explanatory notes that are considered necessary in addition to those accompanying the Council's 'single entity' accounts, and accounting policies, are set out in the following pages, as detailed below.

Contents	Page
Group Comprehensive Income and Expenditure Statement	129

In accordance with the requirements of the CIPFA Code of Practice on Local Authority Accounting in the United Kingdom 2018/19, prior year comparative figures have not been restated. Instead, the new policies have been adopted in 2018/19, by restating opening balances for the year. Further details are provided in Note 18, commencing on page 82.

Statement of Accounts - Group Accounts

Notes to the Group Accounts

1. Group boundary

The Council has an interest in several entities, the most significant of which is Essex Cares Ltd.

Essex Cares Ltd commenced trading in July 2009 and was established by the Council to provide services for people living in the Community who require care, support and assistance. Essex Cares Ltd is a company limited by shares. Essex County Council owns 100% of the ordinary shares of the Essex Cares Ltd group, which are vested with the Council as a corporate shareholder. Essex Cares Ltd is a subsidiary of the Council for accounting purposes, and its results have been consolidated into the Group Accounts on a line by line basis using the acquisition accounting basis of consolidation.

None of the other Local Authority Trading Companies in which the Council has an interest are considered material enough, either when considered individually or in aggregate, to merit consolidation into the Council's Group Accounts.

2. Accounting policies

In preparing the Group Accounts the Council has:

- Aligned the accounting policies of the company with those of the Council and made consolidation adjustments where necessary;
- Consolidated the financial statements of the company with those of the Council on a line by line basis; and
- Eliminated in full balances, transactions, income and expenses between the Council and its subsidiary.

3. Group Expenditure and Funding Analysis

2017/18			2018/19

Statement of Accounts - Group Accounts

5. Debtors and creditors

The debtors and creditors included within the Group Accounts exclude any amounts owed within the 'Group'.

6. Defined Benefit Pension Schemes

Note 30 of the Council's single entity accounts provides an explanation of the Council's participation in two pension schemes:

- Local Government Pension Scheme; and
- Award of discretionary post-retirement benefits upon early retirement in relation to the Teachers' pension scheme.

Essex Cares Ltd participates in the Local Government Pension scheme as an admitted body.

The following paragraphs explain the Group transactions relating to retirement benefits, the Group assets and liabilities within the Local Government Pension Scheme and the basis for estimating those assets and liabilities and the change in the Group Pension Reserve.

The Council's transactions related to the award of discretionary post retirement benefits upon early retirements in relation to the teachers' pension scheme (as detailed in Note 30 of the Council's single entity accounts) are not reproduced here but are included within the Group Comprehensive Income and Expenditure Statement and the Balance Sheet.

The following transactions have been made in the Group Comprehensive Income and Expenditure Statement during 2018/19 in relation to participation in the Local Government Pension Scheme.

Statement of Accounts - Group Accounts

2,248,872	100.0%	Total assets	2,377,549	100.0%	

Note 30.4 of the Council's 'single entity' accounts, which commences on page 110, set out the significant assumptions used by the Actuary in its calculations for the Local Government Pension Scheme. The assumptions made in relation to Essex Cares Ltd are consistent with those made for the Council, except for the rate of increase in salaries where the rate for Essex Cares Ltd is estimated at **3.15%** (2017/18: 3.05%).

The sensitivity analyses below have been determined based on reasonably possible changes of assumptions occurring at the end of the reporting period. It assumes for each change that the assumption analysed changes, while all other assumptions remain constant.

Local Government Pension Scheme	Effect of change in assumptions		
	£000	£000	£000
Adjustment to discount rate	+ 0.1%	0.0%	- 0.1%
Present value of total obligation	3,274,464	3,334,528	3,395,749
Projected Service Cost	87,596	89,765	91,990
Adjustment to long term salary increase	+ 0.1%	0.0%	- 0.1%
Present value of total obligation	3,339,628	3,334,528	3,329,466

<u>1,789,563</u>			<u>1,816,029</u>
<u>(82,367)</u>	Net inflow of cash from operating activities		<u>(64,380)</u>
Cash flows from investing activities			
Cash inflows			
(8,424)	Proceeds from the sale of property, plant and equipment, investment property and intangible assets	(10,283)	
(20,443)	Proceeds from short and long term investments	(120,968)	
(125,072)	Other receipts from investing activities	(177,436)	
<u>(153,939)</u>			<u>(308,687)</u>
Cash outflows			
211,730	Purchase of property, plant and equipment, investment property and intangible assets	175,822	
134	Purchase of short and long term investments	369	
48,891	Other payments for investing activities	70,953	
<u>260,755</u>			<u>247,144</u>
<u>106,816</u>	Net (inflow) / outflow of cash from investing activities		<u>(61,543)</u>
Cash flows generated from financing activities			
Cash inflows			
(4,371)	Cash receipts of short and long term borrowing	(1,702)	
-	Other receipts from financing activities	(316)	
<u>(4,371)</u>			<u>(2,018)</u>
Cash outflows			
7,347	Cash payments for the reduction of liabilities related to Finance Leases (incl. PFI contracts)	8,169	
3,272	Repayment of short and long term borrowing	2,798	
<u>10,619</u>			<u>10,967</u>
<u>6,248</u>	Net outflow of cash from financing activities		<u>8,949</u>
<u>30,697</u>	Net (increase) / decrease in cash and cash equivalents		<u>(116,974)</u>

Statement of Accounts - Pension Fund Accounts

Introduction

The Pension Fund accounts, and accompanying notes, summarise the financial transactions and net assets related to the provision of pensions and other benefits payable to former employees of the Council, Essex district, borough and unitary councils, and for other scheduled and admitted bodies. The Pension Fund accounts are set out in the following pages, as detailed below.

The 2018/19 Code requires the Fund to undertake a credit allowance assessment on its cash balances. The Fund was required to calculate the effect on 2017/18 balances, but not required to restate 2017/18 totals. The 2018/19 net assets opening balance has therefore been restated and reduced by £61,000, to reflect the impact of the 2017/18 credit allowance assessment.

Statement of Accounts - Pension Fund Accounts

Notes to the Pension Fund Accounts

1. Background

1.1 General description of the Fund

Under the Local Government Pension Scheme (LGPS) (Administration) Regulations 2008, Essex County Council is required to maintain a pension fund ("the Fund").

The Essex Pension Fund is part of the Local Government Pension Scheme and is administered by Essex County Council ("the Administering Authority") which is the reporting entity for this pension fund.

Established by the Local Government Superannuation Regulation 1974 the scheme is governed by the Public Service Pensions Act 2013, the Fund is administered in accordance with the following secondary legislation:

- Local Government Pension Scheme (LGPS) Regulations 2013 (as amended);
- LGPS (Transitional Provisions, Savings and Amendment) Regulation 2014 (as amended); and
- LGPS (Management and Investment of Funds) Regulations 2016.

The Fund is a contributory defined benefit pension scheme administered by Essex County Council to provide pensions and other benefits for its employees and those other scheduled Bodies within its area. It is also empowered to admit the employees of certain other bodies, town and parish councils, educational establishments, contractors providing services transferred from scheduled bodies and community interest bodies. A complete list of the employers participating in the Fund is contained in the Pension Fund Annual Report and Accounts. The Fund does not provide pensions for teachers, for whom separate arrangements exist. Uniformed police and fire staff are also subject to separate pension arrangements.

The Council has delegated its pension functions to the Essex Pension Fund Strategy Board (PSB) and Investment Steering Committee (ISC). Responsibility for the administration and financial management of the Fund has been delegated to the Executive Director, Corporate and Customer Services along with the Director for Essex Pension Fund.

Independent investment managers have been appointed to manage the investments of the Fund. The Fund also invests in private equity, infrastructure and timber through the use of limited partnerships. The ISC oversees the management of these investments and meets regularly with the investment managers to monitor their performance against agreed benchmarks. The ISC in turn reports to the Essex Pension Fund Strategy Board. The Fund's Investment Strategy Statement, formally known as the Statement of Investment Principles, is contained in the Pension Fund Annual Report and Accounts and can be found on the Pension Fund website (www.essexpensionfund.co.uk).

Statement of Accounts - Pension Fund Accounts

Regional Asset Pools

In response to the Government's guidance and criteria on pooling investments issued in 2015, the Essex Pension Fund are working collaboratively with ten other like-minded LGPS Funds under the name of ACCESS (A Collaboration of Central, Eastern and Southern Shires).

In 2018 a joint procurement was undertaken by ACCESS for a passive provider with UBS Asset Management appointed as the preferred provider. In addition, in March 2018 Link Solutions Limited (Link) was appointed to act as operator of the ACCESS's Authorised Contractual Scheme (ACS). As at 31 March 2019 Link had launched 8 sub funds.

At the end of 2017/18 Essex Pension Fund had transitioned **£1.945bn** from Legal and General to ACCESS's new provider, UBS Asset Management. During 2018/19 a further **£1.532bn** had been invested into sub funds managed by Link Solutions Limited.

It is anticipated that during 2019/20 further investment will be made into the ACS managed by Link.

1.2 Membership

Membership of the LGPS is voluntary and employees are free to choose whether to join the scheme, remain in the scheme, or make their own personal arrangements outside the scheme.

Organisations participating in the Essex Pension Fund include:

- Scheduled bodies, which are local authorities and similar bodies whose staff are automatically entitled to be members of the Fund.
- Admitted bodies, which are other organisations that participate in the Fund under an admission agreement between the Fund and the relevant organisation. Admitted bodies include voluntary, charitable and similar bodies or private contractors undertaking a local authority function following outsourcing to the private sector.

There are around **650** active employer organisations within Essex Pension Fund including the County Council itself.

1.3 Funding

Benefits are funded by contributions and investment earnings. Contributions are made by active members of the fund in accordance with the LGPS Regulations 2013 and range from **5.5%** to **12.5%** of pensionable pay for the financial year ending 31st March 2019. Employees can also opt to pay a reduced contribution. This is commonly referred to as the '50/50' option. At any time, an active member can opt to pay half of their normal contribution. This option results in the pension built up during this time being reduced by half. Employee contributions are matched by employers' contributions which are set based on triennial actuarial funding valuations. The

Statement of Accounts - Pension Fund Accounts

last such valuation was at **31st March 2016**. Details can be found on the website www.essexpensionfund.co.uk.

1.4 Benefits

Prior to 1 April 2014, pension benefits under the LGPS were based on final pensionable pay and length of pensionable service.

From 1 April 2014, the scheme became a career average scheme, whereby members accrue benefits based on their pensionable pay in that year at an accrual rate of 1/49th. Accrued pension is updated annually in line with the Consumer Prices Index.

There are a range of other benefits provided under the scheme including early retirement, disability pensions and death benefits. For more details, please refer to the Essex Pension Fund website www.essexpensionfund.co.uk.

2. Basis of preparation

The financial statements have been prepared in accordance with the Code of Practice on Local Authority Accounting in the United Kingdom 2018/19 issued by CIPFA, which is based upon International Financial Reporting Standards (IFRS) as amended for UK public sector.

The financial statements summarise the Fund's transactions for the financial year ended 31st March 2019 and its position as at 31st March 2019. They do not take account of obligations to pay pensions and benefits which fall due after the end of the financial year. However, a statement calculating the Fund's actuarial present value of promised retirement benefits (IAS 26) as at 31st March 2019 using IAS 19 methodology can be found in section 3.3.

The accounts are prepared on a going concern basis.

3. Actuarial valuation

The contributions payable for 2018/19 were determined by the 2016 Actuarial Valuation.

3.1 Actuarial Valuation 2016

An actuarial valuation of the Essex Pension Fund was carried out as at 31st March 2016 to determine the contribution rates with effect from 1 April 2017 to 31 March 2020. The results of the valuation are contained within the Statement by the Consulting Actuary of the Pension Fund Report and Accounts.

On the basis of the assumptions adopted, the valuation revealed that the value of the Fund's assets of **£4,993m** (on a smoothed basis) represented **89%** of the Funding Target liabilities of **£5,598m** at the valuation date. The valuation also showed that a primary rate of contribution of

Statement of Accounts - Pension Fund Accounts

16.3% of Pensionable Pay per annum was required from employers. The primary rate is calculated as being sufficient, together with contributions paid by members, to meet all liabilities arising in respect of service after the valuation date.

In practice, each individual employer's position is assessed separately and the contributions required are set out in the Actuary's statement. In addition to the certified contributions, payments to cover additional liabilities arising from early retirements (other than ill-health retirements) will be made to the Fund by the employers.

The funding plan adopted in assessing the contributions for each individual employer is in accordance with the Funding Strategy Statement (FSS). Different approaches adopted in implementing contribution increases and deficit recovery periods are as determined through the FSS consultation process.

The valuation was carried out using the projected unit actuarial method. Full details of the actuarial assumptions are contained within the full valuation report that is available from www.essexpensionfund.co.uk.

The main financial assumptions used were as follows:

Assumptions	Past and future liabilities Rate per annum
Rate of discount	5.10%
Short term pay increase	In line with CPI assumptions for 31st March 2016 to 31 March 2020
Long term pay increase	3.90%
Rate of increase to pensions in payment	2.40%
Pension increases on Guaranteed Minimum Pension	Funds will pay limited increases for members that have reached State Pension Age (SPA) by 6 April 2016, with the Government providing the remainder of the inflationary increase. For members that have reached SPA after this date, we have assumed that funds will be required to pay the entire inflationary increase.

The assets were assessed at market value.

The next triennial actuarial valuation of the Fund is due as at 31 March 2019. Based on the results of this valuation, the contributions payable by the individual employers will be revised with effect from 1 April 2020.

3.2 Actuarial present value of promised retirement benefits

Many of the Fund's employers comply with the accounting disclosure requirements of either IAS 19 or FRS 102. These accounting standards specify the approach taken when calculating liabilities for disclosure in an employer's annual accounts – they do not determine the employer

Statement of Accounts - Pension Fund Accounts

contribution. Employer contributions are determined via the Actuarial Valuation (as described in note 3 above).

3.3 Actuarial present value of promised retirement benefits

Separate to the Actuarial Valuation, IAS 26 requires the present value of the Fund's promised retirement benefits to be disclosed. For this purpose the actuarial assumptions and methodology used should be based on IAS 19 rather than the assumptions and methodology used in the Actuarial Valuation for funding purposes.

In order to assess the present value of the Fund's obligation on this basis, the Actuary, allowing for the different financial assumptions required under IAS 19 has used a roll forward approach in valuing the Fund's liabilities which were last calculated at the triennial actuarial valuation as at 31 March 2016.

Liabilities are valued using a discount rate based on corporate bond yields.

An estimate of the Fund's future cash flows is made using notional cash flows based on the estimated duration above. These estimated cash flows are then used to derive a Single Equivalent Discount Rate (SEDR). The discount rate derived is such that the net present value of the notional cash flows, discounted at this single rate, equates to the net present value of the cash flows, discounted using the annualised Merrill Lynch AA rated corporate bond yield curve (where the spot curve is assumed to be flat beyond the 30 year point). The approach has changed from the "spot rate" approach adopted at the previous accounting date to reflect national auditor preferences.

The duration of the Fund's liabilities is the weighted average time to pay each future expected cash flow for each member. This is based on the data from the last actuarial valuation. The Fund's liability duration as at 31 March 2018 is **19 years** which in turn means a discount rate of **2.40%** per annum (31 March 2018: 2.55%).

McCloud / Sargent ruling: Two employment tribunal cases in respect of the Judicial and Firefighters' Pension Schemes were brought against the Government in relation to possible discrimination in the implementation of transitional protection following the introduction of the reformed 2015 public services pension schemes from 1 April 2015. The claimants challenged the transitional protection arrangements on the grounds of direct age discrimination, equal pay and indirect gender and race discrimination. The rulings of both cases were appealed to the Employment Appeal Tribunal and subsequently to the Court of Appeal. In December 2018, the Court of Appeal ruled that the transitional protections gave rise to unlawful discrimination. In June 2019, the Government was denied permission to appeal the decision to the Supreme Court. The result of the ruling has far reaching consequences for all public services pension schemes, including the Local Government Pension Scheme, as there is now a requirement to compensate eligible members for any discrimination suffered as a result of the transitional protections. The Government Actuary's Department (GAD) has undertaken a high-level cost analysis of the potential impact on total liabilities but, as yet, a remedy has not been negotiated or imposed by

Statement of Accounts - Pension Fund Accounts

the Employment Tribunal and applied to all public service schemes so the outcome for the Local Government Pension Scheme is still unknown. The Actuary, however, applying GAD's scenario analysis has estimated that the impact on the total liabilities at 31st March 2019 would be **0.8%** of liabilities, which equates to **£79.328m**.

The value of the Fund's promised retirement benefits as at 31st March 2019 was **£9,805m** (£9,447m as at 31 March 2018). The key financial assumptions used are:

31 March 2018 %		31 March 2019 %
2.3	Pension increases	2.4
3.8	Salary increases	3.9
2.6	Discount rate	2.4

4. Accounting policies

4.1 Fund Account – revenue recognition

4.1.1 Contribution income

Normal contributions (also referred to as Primary Contributions), both from the members and from the employer, are accounted for on an accruals basis as follows:

- Employee contribution rates are set in accordance with LGPS regulations using common percentage rates for all schemes which arise according to pensionable pay.
- Employer contributions are set at the percentage rate recommended by the Fund Actuary in the payroll period to which it relates.

Employer deficit funding contributions (also referred to as Secondary Contributions) are accounted for on the due dates on which they are payable under the schedule of contributions set by the scheme actuary or on receipt if earlier than the due date.

Employers' augmentation contributions and financial strain contributions are accounted for in the period in which the liability arises. Any amounts due in the year but unpaid are classed as a current financial asset. Amounts not due until future years are classed as long-term assets.

4.1.2 Transfers to and from other schemes

Transfer values represent the amounts received and paid during the year for members who have either joined or left the Fund during the financial year and are calculated in accordance with the Local Government Scheme Regulations (see Note 9 which commences on page 161).

Statement of Accounts - Pension Fund Accounts

Individual transfers in/out are accounted for when received/paid, which is normally when the member liability is accepted or discharged.

Transfers in from members wishing to use the proceeds of their additional voluntary contributions to purchase scheme benefits are accounted for on a receipts basis and included in Transfers in (see Note 9 which commences on page 161).

Bulk (group) transfers are accounted for on an accruals basis in accordance with the terms of the transfer agreement.

4.1.3 Investment Income

▪ **Dividend income**

Dividend income is recognised in the Fund Account on the date the shares are quoted ex-dividend. Any amounts not received by 31 March are disclosed in the Net Assets Statement as other investment balances due. Investment income also includes withholding tax where this cannot be recovered. The amount of irrecoverable withholding tax is disclosed as a separate line item on the face of the Fund Account, and a more detailed breakdown can be found in Note 15 (page 175) of the accounting notes that accompany these financial statements.

▪ **Interest income**

Interest income is recognised in the Fund Account on an accruals basis, using the effective interest rate of the financial instrument as at the date of acquisition or origination.

▪ **Income from other investments**

This income is accounted for on an accruals basis. Any amount not received by the end of the financial year is disclosed in the Net Assets Statement under other investment balances.

▪ **Property related income**

Property related income consists primarily of rental income. Rental income from operating leases on properties owned by the Fund is recognised on a straight line basis over the term of the lease.

Any lease incentives granted are recognised as an integral part of the total rental income, over the term of the lease. Contingent rents based on the future amount of a factor that changes other than with the passage of time, such as turnover rents, are only recognised when contractually due.

▪ **Change in market value of investments**

This is recognised as income during the year and comprises all increases and decreases in market value of investments held at any time during the year, including profits and losses realised on sales of investments and unrealised changes in market value.

Statement of Accounts - Pension Fund Accounts

4.2 Fund Account – Expense items

4.2.1 *Benefits payable*

Under the regulations, retirees can receive a lump sum retirement grant in addition to their annual pension. Pensions and lump sum retirement grants are accounted for from the date of retirement. When a member chooses to take a greater retirement grant in return for reduced pension these lump sums are accounted for on an accruals basis from the date that the option is exercised. Any amounts due but not paid are disclosed in the Net Assets Statement as current liabilities.

Other benefits are accounted for on the date that members leave the Fund, or upon death.

4.2.2 *Taxation*

The Fund is a registered public service scheme under section 1 (1) of Schedule 36 of the Finance Act 2004 and as such is exempt from UK income tax on interest received and from capital gains tax on proceeds of investments sold. Income from overseas investments suffers withholding tax in the country of origin, unless exemption is permitted. Irrecoverable tax accounted for as a fund expense as it arises (see note 15).

As Essex County Council is the administering authority for the Fund, VAT input tax is recoverable on all Fund activities, including expenditure on investments and property expenses.

4.2.3 *Management expenses*

The Fund discloses its pension fund management expenses where possible in accordance with the CIPFA guidance 'Accounting for Local Government Pension Scheme Management Expenses 2016'.

4.2.4 *Administrative expenses*

All administrative expenses are accounted for on an accruals basis. All staff costs of the administration part of the function are charged direct to the fund. Associated management, accommodation and other overheads are apportioned to this activity and charged as expenses to the fund. In 2018/19 this totalled **£2.860m** (2017/18: £2.377m).

The Fund in 2017/18 changed its policy on the treatment of administration recharges in accordance with CIPFA's guidance. In prior years admin expenses were offset by the administration income received to the Fund from employers. Administration expenses are now shown gross of this income. The income totalling **£1.547m** (2017/18: £1.429m) is now shown under other income in the Fund Account. The change in policy has a net nil effect.

Statement of Accounts - Pension Fund Accounts

4.2.5 Oversight and governance

All oversight and governance expenses are accounted for on an accruals basis. All staff costs associated with governance and oversight are charged direct to the Fund. Associated management, accommodation and other overheads are apportioned to this activity and charged as expenses to the Fund. In 2018/19, this totalled **£1.689m** (2017/18: £1.436m).

4.2.6 Investment management expenses

All investment management expenses are accounted for on an accruals basis.

Fees of the external investment managers and custodian are agreed in the respective mandates governing their appointments. For the investment managers who manage the main asset classes of the Fund these are broadly based on the market value of the investments under their management and therefore increase or reduce as the value of these investments change. With the investment managers who manage the alternative assets the fees are generally calculated on a commitment basis.

Some of the Fund's investments are via pooled vehicles. In the majority of cases the investment manager deducts its management fees directly i.e. the Fund are not invoiced for these costs. The gross up of management fees are offset through the change in market value of these investments.

Where an investment manager's fee note has not been received by the balance sheet date, an estimate based upon the market value of their mandate as at the end of the year is used for inclusion in the fund account. In 2018/19, **£2.412m** of fees is based on such estimates (2017/18: £3.301m). A creditor has been raised and the actual invoice amount is shown within current liabilities.

The costs of the Pension Fund investment function are charged direct to the Fund along with any direct running costs.

The cost of obtaining investment advice from external consultants is included in investment management charges. Transaction costs and custody fees are included within investment management expenses.

4.3 Net Assets Statement

4.3.1 Financial Assets

Financial assets are included in the Net Asset Statement on a fair value basis, as at the financial year end date of 31 March. The financial asset is recognised in the Net Asset Statement on the date the fund becomes party to the contractual acquisition of the asset. From this date, any gains or losses arising from changes in fair value of the asset are recognised in the Fund Account.

Statement of Accounts - Pension Fund Accounts

The values of investments shown in the Net Assets Statement have been determined at fair value in accordance with the requirements of the Code and IFRS 13 (see note 12). For the purposes of disclosing levels of fair value hierarchy, the Fund has adopted where possible, the classification guidelines recommended in Practical Guidance on Investment Disclosures (PRAG / Investment Association, 2016). Each type of investment has been assessed and a single level has been applied, based on their overall characteristics.

4.3.2 *Contingent assets*

Contingent assets are possible assets that arise from past events, whose existence will be confirmed only by the occurrence or non-occurrence of one or more uncertain events not wholly within the Pension Fund's control.

Contingent assets are not recognised in the financial statements but are disclosed as a note to the accounts where an inflow of economic benefits or service potential is probable and can be reliably measured.

4.3.3 *Valuation of investments*

The value of investments as shown in the Net Assets Statement is determined as outlined in the following paragraphs.

▪ **Market Quoted Investments**

In the majority of cases, market quoted equity investments for which there is a readily available market price is determined by the bid market price ruling on the final day of the accounting period.

▪ **Unquoted Investments**

Unquoted equity, and private equity limited partnership, investments are valued based on the Fund's share of the net assets of the partnership using the latest financial statements published by the respective fund managers. In 2018/19, these are mainly valued as at 31 December 2018, in accordance with the guidelines issued by the British Venture Capital Association or an equivalent body. As such, an estimate of the valuation at 31st March 2019 has been made. The 31 December valuation is adjusted for payments made to, and received from, the private equity managers in the period 1 January to 31st March 2019.

Investments in unquoted property, private debt, timber and infrastructure pooled funds are valued at the net asset value or a single price advised by the fund manager.

▪ **Directly held investments**

These include investments in limited partnerships, unlisted companies, trust and bonds.

Other unquoted securities typically include pooled investments in property, infrastructure, debt securities and private equity. The valuation of these pooled or directly held securities is undertaken by the investment manager or responsible entity and advised as a unit or security price. The valuation standards followed in these valuations adhere to industry

Statement of Accounts - Pension Fund Accounts

guidelines or standards set by the constituent documents of the pool or the management agreement.

- **Unit trusts and managed funds**

These are valued at bid prices provided by the relevant fund managers, which reflect the market value of the underlying investments.

In the case of pooled investment vehicles that are accumulation funds, change in market value also includes income which is reinvested in the Fund, net of applicable withholding tax.

- **Value of fixed interest investments**

Fixed interest investments in the Fund's investment portfolio are recorded at net market value, based on their current yield (i.e. excludes interest earned but not paid over at the Fund year-end, which is included separately within accrued investment income and disclosed within Note 10).

- **Direct Property Investments**

Direct property investments have been valued on a fair value basis as at 31 March 2019, by Frank Knight, Chartered Surveyors in accordance with the Royal Institute of Chartered Surveyors' (RICS) valuation standards 2017 which incorporates the International Valuation Standards and the RICS UK National Supplement effective from January 2019. The valuer's opinion of market value and existing use value was primarily derived using comparable recent market transactions on arm's-length terms.

4.3.4 Derivatives

Derivative financial instruments are used to manage exposure to specific risks arising from the Fund's investment activities – they are not held for speculative purposes.

Derivative contracts assets are held at fair value bid price, and liabilities are fair valued at offer prices. Changes in the fair value of derivatives are included in the change in market value (see note 12).

Forward foreign exchange contracts outstanding at year end are stated at fair value, which is determined as the loss or gain that would arise if the outstanding contract was required to be settled on 31 March.

4.3.5 Dividends, Interest and Foreign Currencies

Dividend, interest, purchases and sales of investments in foreign currencies have been accounted for at the spot market rates at the date of transaction. End of year spot market exchange rates are used to value cash balances held in foreign currency bank accounts, market values of overseas investments and purchases and sales outstanding at the end of the reporting period.

Statement of Accounts - Pension Fund Accounts

4.3.6 Cash and Cash Equivalents

Cash comprises of cash in hand and demand deposits. Cash equivalents are short-term highly liquid investments that are readily convertible to known amounts of cash and that are subject to minimal risk of changes in value.

4.3.7 Financial Liabilities

A financial liability is recognised in the Net Asset Statement of the date the Fund becomes party to the liability. The Fund recognises financial liabilities related to investment trading at fair value as at the reporting date, and any gains or losses arising from changes in the fair value of the liability between the contract date, the year end date and the eventual settlement date are recognised in the Fund as part of Change in Value of Investments.

Other financial liabilities classified as amortised cost are carried at amortised cost (i.e. the amount carried in the Net Asset Statement is the outstanding principal repayable plus accrued interest). Any interest charged is accounted for on an accruals basis and included in administrative costs.

4.3.8 Contingent liabilities

Contingent liabilities are possible obligations that arise from past events whose existence will only be confirmed by the occurrence or non-occurrence of one or more uncertain future events not wholly within the Pension Fund's control.

Contingent liabilities are not recognised in the financial statements, but are disclosed as a note to the accounts, unless the possibility of an outflow of resources is remote.

4.3.9 Other financial Instruments

Financial assets are recognised by the Fund on the Balance Sheet only when goods or services have been provided or rendered to a third party. Financial liabilities are recognised when the goods or services ordered from a third party have been received by the Fund and the third party has performed its contractual obligations.

The Fund currently only has liabilities carried at amortised cost and the carrying amount for instruments that will mature within the next twelve months from the balance sheet date is assumed to equate to the fair value.

The fair values of loans and receivables (which are now referred to as financial assets at amortised cost) at 31st March have been reviewed and were assessed as being the same as the carrying amounts in the Balance Sheet. Assets are carried in the Balance Sheet at fair value. The values are based on the bid price.

When an asset or liability is translated at balance sheet date the gain / loss is taken as unrealised but when the asset or liability is settled (i.e. received / paid) the gain / loss becomes realised.

Statement of Accounts - Pension Fund Accounts

The Fund has not entered into any financial guarantees that are required to be accounted for as financial instruments.

5. Critical judgements in applying accounting policies

In applying the accounting policies set out within Note 4, the Fund has had to make certain judgements about complex transactions or those involving uncertainty about future events. The critical judgements made in the Fund Accounts are:

- **Use of Financial Instruments**

The Fund uses derivatives financial instruments to manage its exposure to specific risks arising from its investments. The valuation of these types of investments is highly subjective in nature. They are inherently based on forward-looking estimates and judgements that involve many factors.

- **Unquoted private equity**

Unquoted private equities are valued by the investment managers using guidelines set out by the British Venture Capital Association. The value of unquoted private equities as at 31st March 2019 was **£321.5m** (31st March 2018: £299.5m).

- **Infrastructure**

Overseas infrastructure values are determined in accordance with generally accepted valuation principles, in compliance with article 5 (3) of the Luxembourg law of 15 June 2004 on investment companies in risk capital, and using guidelines set out by the International Private Equity and Venture Capital (IPEV) Valuation Guidelines. The value of infrastructure as at 31st March 2019 was **£356.0m** (31st March 2018: £297.8m).

- **Timber**

Timber valuations are determined by independent appraisers that typically estimate fair market values in accordance with the Uniform Standards of Professional Appraisal Practice (USPAP) and standards of professional appraisal practice that prevail in the countries where assets are located. The value of timber as at 31st March 2019 was **£212.4m** (31st March 2018: £109.9m).

- **Pension fund liability**

The pension fund liability is calculated every three years by the appointed actuary, with annual updates in the intervening years. The methodology used is in line with accepted guidelines and in accordance with International Accounting Standard (IAS) 19. Assumptions underpinning the valuation are agreed with the Actuary. This estimate is subject to significant variances based on changes to the underlying assumptions.

As permitted under IAS 26, the Fund has opted to disclose the actuarial present value of the promised retirement benefits by way of a note to the Net Assets Statement. This is shown in Note 3.3.

Statement of Accounts - Pension Fund Accounts

6. Assumptions made about the future and other major sources of estimation uncertainty

The Fund Accounts contain estimated figures that are based on assumptions made about the future or that are otherwise uncertain. Estimates are made taking into account historical experience, current trends and other relevant factors. However, because balances cannot be determined with certainty, actual results could be materially different from the assumptions and estimates. The items in the net assets statement at 31st March 2019 for which there is a significant risk of material adjustment in the forthcoming financial year are as follows:

Item	Uncertainties	Effect if actual results differ from assumptions
Actuarial present value of promised retirement benefits <i>Note: Results are taken from the 2016 Actuarial valuation)</i>	Estimation of the net liability to pay pensions depends on a number of complex judgements relating to the discount rate used, the rate at which salaries are projected to increase, changes in retirement ages, mortality rates and expected returns on pension fund assets. A firm of consulting actuaries is engaged to provide the fund with expert advice about the assumptions to be applied.	<p>The effects on the net pension liability of changes in individual assumptions can be measured. For instance, a 0.1% decrease in the discount rate assumption would result in an increase in the pension liability of £89m.</p> <p>An increase of the CPI assumption by 0.1% per annum increases the value of liabilities by approximately £76m.</p> <p>A 0.1% increase in the long-term rate of salary increase would increase the value of liabilities by approximately £8m.</p> <p>Increasing the long-term rate of improvement used in the mortality projection by 0.25% per annum would increase the liability by approximately £54m.</p>

Statement of Accounts - Pension Fund Accounts

Item	Uncertainties	Effect if actual results differ from assumptions
Pooled property funds and directly held freehold and leasehold property	<p>Valuation techniques are used to determine the carrying amount of pooled property funds and directly held freehold and leasehold property.</p> <p>Where possible, these valuation techniques are based on observable data but where this is not possible management uses the best available data.</p> <p>Changes in the valuation assumptions used, together with significant changes in rental growth, vacancy levels or the discount rate could affect the fair value of property.</p>	The effect of variations in the factors supporting the valuation could result in an increase or decrease in the value of directly held property currently valued as £383.3m by +/- 10% (i.e. an increase or decrease of £38.33m on current value of £383.3m) (note 18.6)
Private equity / Infrastructure / Timber / Private debt	Private equity investments are valued at fair value in accordance with British Venture Capital Association guidelines. These investments are not publicly listed and as such there is a degree of estimation involved in the valuation.	The total private equity, infrastructure, timber and private debt investments in the financial statements are £1.008bn . There is a risk that this investment may be under or overstated in the accounts, totalling an increase / decrease of £100.5m (note 18.6).

7. Events after the reporting date

These are events, both favourable and unfavourable, that occur between the end of the reporting period and the date when the financial statements are authorised for issue. Two types of events can be identified:

- a) those that provide evidence of conditions that existed at the end of the reporting period (adjusting events after the reporting period), and
- b) those that are indicative of conditions that arose after the reporting period (non-adjusting events after the reporting period).

For example, if there had been a marked decline in the global stock markets that would impact upon the market value of the fund's investments were they to be valued as at the date the accounts were authorized for issue, this would be deemed a non-adjusting post-balance-sheet event and would be disclosed in this note.

Statement of Accounts - Pension Fund Accounts

An example of an adjusting event would be if new information came to light regarding the methodology employed in the valuation of an asset.

8. Accounting standards issued but not yet adopted

The Code of Practice on Local Authority Accounting in the United Kingdom 2018/19 requires the disclosure of any accounting standards issued but not yet adopted. No such accounting standards have been identified for 2018/19.

9. Membership activities

9.1 Membership

31 March 2018		31 March 2019
66,449	Contributors	55,564
55,904	Deferred pensioners	70,832
40,528	Pensioners	42,430

Deferred pensioners are former employees who have chosen not to transfer their pension rights.

9.2 Pension benefits payable

2017/18				2018/19			
Pensions	Commutation of pensions and lump sums	Lump sum retirement benefits		Pensions	Commutation of pensions and lump sums	Lump sum retirement benefits	
£000	£000	£000		£000	£000	£000	
67,776	10,514	1,861	Administering Authority	71,791	12,831	1,355	
102,914	20,515	3,150	Scheduled Bodies	108,880	20,611	3,745	
11,588	2,234	253	Community Admission Bodies	12,194	2,395	62

624	120	145	Resolution Bodies	707	378	5	
189,425	35,072	5,526		200,611	38,334	5,599	

Statement of Accounts - Pension Fund Accounts

9.3 Contributions receivable

9.3.1 By category

Contributions receivable from employers are set out below:

2017/18		2018/19	
£000		£000	£000
56,186	Employee's normal contributions		57,799
	Employers' normal contributions		
140,926	Normal contributions	146,065	
75,342	Employers' deficit recovery contributions	30,313	
3,664	Employers' augmentation	5,609	
<u>219,932</u>			181,987
<u>276,118</u>			<u>239,786</u>

The terminology used in the Actuarial Report for both employer contribution categories have been changed to:

- Employer normal contributions – primary contributions;
- Deficit contribution – secondary contributions;
- Employer augmentation relates to payments for the cost of early retirements.

In 2015/16 Essex County Scout Council entered into a five year cessation plan. The fourth instalment of **£30,000** was received in 2018/19. One further payment of **£30,000** is due in 2019/20.

In 2017/18, Southend Domestic Abuse Projects entered into a payment plan, agreeing five years of instalments totalling **£76,000**, with a review agreed as at March 2019 valuation. In 2018/19, payments totalling **£18,000** were received (2017/18: £10,000 received).

In 2017/18, final termination amounts were received from Spurgeons (**£52,000**), Tendring Enterprise Studio School MAT (**£87,000**) and Churchill Epping St John contract (**£8,000**).

In 2018/19 no new final termination amounts were received.

Statement of Accounts - Pension Fund Accounts

9.3.2 By type

2017/18			2018/19	
Member £000	Employer £000		Member £000	Employer £000
16,191	50,011	Administering Authority	15,475	49,525
36,661	157,969	Scheduled Bodies	38,890	119,077
1,712	7,028	Community Admission Bodies	1,908	8,682
1,321	3,977	Transferee Admission Bodies	1,205	3,654
301	947	Resolution Bodies	321	1,049
56,186	219,932		57,799	181,987

9.4 Transfers in from, and out to, other pension funds

2017/18			2018/19	
Transfers in £000	Transfers out £000		Transfers in £000	Transfers out £000
-	1,719	Group transfers	-	19,381
10,877	9,778	Individual transfers	10,796	10,923
10,877	11,497	Total	10,796	30,304

During 2018/19 (and 2017/18) no group transfers from other schemes were received.

In 2018/19, a bulk transfer of **£19.381m** was made in respect of Epping College to London Pension Fund Authority (LPFA) following a college merger.

In 2017/18, a bulk transfer of **£1.719m** was made in respect of Essex Police to West Yorkshire Pension Fund.

Statement of Accounts - Pension Fund Accounts

10. Investment Income

10.1 By Type

2017/18 £000		2018/19 £000
30,092	Dividends from equities	32,488
403	Income from index linked securities	-
7,257	Private Equity income	2,505
15,943	Infrastructure / timberland income	17,301
9,785	Managed fund income	10,100
7,001	Income from pooled property investments	7,926
22,032	Net rent from properties	13,976
712	Interest from cash deposits	2,204
446	Other	2,142
93,671	Total investment income showing net property rent	88,642
	Add back:	
2,943	Property operating expenses	3,645
96,614	Total investment income showing gross property rent	92,287

In line with best practice guidelines, the note that accompanies investment income requires the Fund to show rent from property net of other property income and operating property expenses. However, rent from property which is included under 'investment income' in the Fund Account is shown on a gross basis.

10.2 Investment property net rental

2017/18 £000		2018/19 £000
22,711	Rental Income from investment property	17,214
(2,670)	Direct operating expenses arising from investment property	(3,535)
20,041	Total	13,679

Statement of Accounts - Pension Fund Accounts

10.3 Contractual rental receivable

The table below shows the contractual amount of rental income due to the Fund as at 31 March:

2017/18 £000		2018/19 £000
18,472	Within one year	15,733
50,676	Between one and five years	45,826
39,784	Beyond five years	47,553
108,932	Total	109,112

The above disclosure has been reduced by a loss allowance of **1.5%** per annum reflecting the Fund's expected loss from late or non-recovery of rents from tenants. This is based on fund information for the year to 31 March 2019. 2017/18 figures have not been restated.

10.4 Movement in the fair value of investment properties

	Freehold £000	Leasehold £000	Total £000
Fair value at 1 April 2017	297,415	68,770	366,185
Additions	43,359	-	43,359
Disposals	(36,769)	-	(36,769)
Net gain/loss on fair value	19,380	1,730	21,110
Fair value at 31 March 2018	323,385	70,500	393,885
Additions	7,870	12,295	20,165
Disposals	(44,507)	-	(44,507)
Net gain/loss on fair value	16,232	(2,525)	13,707
Fair value at 31 March 2019	302,980	80,270	383,250

Statement of Accounts - Pension Fund Accounts

11. Management expenses

11.1 By type

2017/18 £000		2018/19 £000
2,377	Administration costs	2,860
40,732	Investment management expenses	44,372
1,436	Oversight and governance	1,689
44,545	Total	48,921

The direct running costs recharged back to the Fund are apportioned out as per the CIPFA guidance on LGPS Management Costs.

Administrative costs are now shown gross of administration income received from employers. Administration income received from employers totalled **£1.547m** for 2018/19 (£2017/18: £1.429m) and is now shown within 'Other Income' on the face of the Fund Account.

Investment transaction costs incurred during the year are included within Investment Management expenses. These were **£783,000** for 2018/19 (2017/18: £791,000). The Fund in 2018/19 also incurred transaction costs of **£240,000** as a result of moving assets into sub funds managed by Link Solutions Limited, the ACCESS Pool Operator. ACCESS set up costs were **£116,000** for 2018/19 (£94,000 in 2017/18). These costs are shown under the oversight and governance costs line of the above note.

External audit costs were **£30,000** for 2018/19, including the audit fee of £24,000 (2017/18: £31,000, which includes the audit fee of £31,000).

11.2 Investment management expenses

2017/18 £000		2018/19 £000
39,522	Management fees	43,201
419	Custody fees	388
791	Transaction costs	783
40,732	Total	44,372

Statement of Accounts - Pension Fund Accounts

12. Investments

12.1 Value of investments held by managers

The value of investments held by each fund manager on 31 March was as follows:

2018			2019		
£m	%		£m	%	
Investments managed inside the ACCESS Pool					
-		Link Asset Solutions - Long term Global Growth Fund	507	7.2	
-		Link Asset Solutions - Global Dividend Fund	536	7.7	
-		Link Asset Solutions - Global Equity Fund	489	7.0	
1,945	30.0	UBS Asset Management	2,045	29.2	
1,945	30.0		3,577	51.1	
Investments managed outside of the ACCESS Pool					
116	1.8	Alcentra Ltd	122	1.7	
657	10.1	Aviva Investors	670	9.6	
685	10.6	Baillie Gifford and Co	-	-	
315	4.9	Stewart Investors (formerly First State)	335	4.8

Statement of Accounts - Pension Fund Accounts

The change in market value includes all increases and decreases in the market value of investments held at any time during the year, including profits and losses realised on sales of investments since 1 April.

For 2018/19, the total transaction costs were **£783,000** (2017/18: £791,000). These are included within investment management expenses (see note 11).

471,407	7.2%	M&G Global Dividend Fund	-	-	

12.4 Derivative contracts

12.4.1 Objectives and policies for holding derivatives

Most of the holdings in derivatives are to hedge liabilities or hedge exposure to reduce risk in the Fund. Derivatives may be used to gain exposure to an asset more efficiently than holding the underlying asset. The use of derivatives is managed in line with the investment agreement agreed between the Fund and the various investment managers.

12.4.2 Forward foreign currency

In order to maintain appropriate diversification and to take advantage of overseas investment returns, **67.3%** of the Fund's NAS is in overseas assets as at 31st March 2019 (31st March 2018: 67.0%).

To reduce some of the volatility associated with fluctuating currency rates (currency risk) the Fund invests in hedged overseas regional index funds via its passive provider UBS Asset Management.

13. Additional Voluntary Contributions (AVC) Investments

AVC's are not included in the accounts in accordance with section 4(2) (b) of the Local Government Pension Scheme (Management and Investments of Funds) Regulations 2009 but are disclosed as a note only.

Statement of Accounts - Pension Fund Accounts

The AVC providers to the Fund are the Equitable Life Assurance Society, Prudential and Standard Life Assurance Company. The assets of these investments are held separately from the Fund. The AVC providers secure additional benefits on a money purchase basis for those members electing to pay additional voluntary contributions. Members participating in these arrangements each receive an annual statement confirming the amounts held in their account and the movements in the year.

The Fund relies on individual contributors to check that deductions made on their behalf are accurately reflected in the statements provided by the AVC providers. A summary of the information provided by Equitable Life, Prudential and Standard Life to the Fund is shown in the table below.

13.1 Reconciliation of movements in AVC investments

2017/18 £000		2018/19 £000
6,336	Value of AVC fund at beginning of year	7,302
1,741	Employees contributions	1,982
173	Investment income and change in market value	247
(948)	Benefits paid and transfers out	(1,115)
<u>7,302</u>		<u>8,416</u>

13.2 Analysis of AVC investments by Provider

2017/18 £000		2018/19 £000
94	Equitable Life	50
2,523	Prudential	3,768
4,685	Standard Life	4,598
<u>7,302</u>		<u>8,416</u>

Statement of Accounts - Pension Fund Accounts

14. Current assets and liabilities

14.1 Analysis of current assets

31 March 2018 £000		31 March 2019 £000 £000	
Cash Balances			
80	Cash at bank	627	
23,649	Cash on short term deposits within 3 months	14,148	
<u>23,729</u>			14,775
Debtors and payments in advance			
4,291	Contributions due – employees	4,475	
14,263	Contributions due – employers	15,213	
1,390	Sundry debtors	1,872	
<u>19,944</u>			21,560
<u>43,673</u>	Total		<u>36,335</u>

14.2 Analysis of long-term debtors

31 March 2018 £000		31 March 2019 £000	
39	Financial strain instalments due	-	
2,830	Other employer contributions due	1,514	
-	Reimbursement of lifetime allowances	73	
<u>2,869</u>	Total	<u>1,587</u>	

Introduced in 2016, the lifetime allowance limits the amount of pension that can be paid by an individual pensioner without incurring an extra tax charge. Responsibility falls to the pensioner. However, the Fund offers the facility to pay all or part of the tax upfront, on the individual's behalf, and gets reimbursed by additional pension deductions over time. A long-term debtor has been raised in 2018/19 in this regard.

14.3 Contingent assets

To protect the Fund from employer default the Funding Strategy sets out safeguards to be in place on all new admission agreements. These can include a guarantee from another Fund employer with sufficient covenant strength, and a surety bond or other contingent asset.

Statement of Accounts - Pension Fund Accounts

14.4 Analysis of current liabilities

31 March 2018 £000		31 March 2019 £000
	Unpaid benefits and other current liabilities	
(179)	Contributions due – employers	(791)
(3,483)	Investment manager fees payable	(2,674)
(4,229)	Benefits payable	(5,295)
(281)	Other	(18)
<u>(8,172)</u>	Total	<u>(8,778)</u>

14.5 Contingent liabilities and contractual commitments

As at 31st March 2019, the Fund had a commitment to contribute a further **£512.6m** to its existing direct and indirect partnership investments, including private equity, infrastructure, timber, private debt and financing (31st March 2018: £563.7m). The amounts called by these funds are irregular in both size and timing over a period of between five to ten years from the date of each original commitment.

15. Taxes on income

The table below provides a breakdown of the taxes paid by the Fund in the UK and overseas.

2017/18 £000		2018/19 £000
102	UK withholding tax	78
3,264	Overseas withholding tax	3,704
599	Payment to HMRC in respect of returned contributions	865
<u>3,965</u>		<u>4,647</u>

16. Related party transactions

The Fund is required to disclose material transactions with bodies or individuals that have the potential to control or influence the Council, or to be controlled or influenced by the Council. The intention in making this disclosure is to make explicit the extent to which the Fund might have been constrained in its ability to operate independently or might have secured the ability to limit another party's ability to negotiate freely with the Fund.

Statement of Accounts - Pension Fund Accounts

16.1 Administration of the Fund

The Essex Pension Fund is administered by Essex County Council.

The Council incurred gross costs of **£3.001m** in 2018/19 (2017/18: £2.713m) in relation to the administration of the Fund and was subsequently reimbursed by the Fund for these expenses. The Council is also the single largest employer of members of the Fund and contributed **£49.525m** to the Fund in 2018/19 (2017/18: **£50.011m**). No significant amounts were owing to and due to be paid from the Fund in the year.

Surplus cash is invested by the County Council's treasury management team on the sterling money markets, in accordance with the Essex Pension Fund treasury management policy and strategy as agreed by the Essex Pension Fund Investment Steering Committee 28 March 2018. This service is provided to the Fund at a cost of **£27,000** (2017/18: £27,000).

During the year to 31st March 2019, the Pension Fund had an average investment balance of **£31.296m** (2017/18: £30.786m) earning **£176,000** interest (2017/18: £84,000).

16.2 Governance

Under IAS 24 'Related Party Disclosures' it is a requirement that material transactions with related parties, not disclosed elsewhere, should be included in a note to the financial statements. During the year, each member of the Essex Pension Board and Investment Steering Committee is required to declare their interests at each meeting. None of the Essex Pension Board Members, Investment Steering Committee Members or Senior Officers undertook any material transactions with the Essex Pension Fund. There were no material contributions due from the employer bodies at the end of the year that remained outstanding after the due date for payment.

16.3 Members of the LGPS

Essex County Council administers the LGPS for its own employees and numerous other bodies. Under legislation introduced in 2003/04, Councillors were also entitled to join the Pension Fund. However, under legislation introduced from 1 April 2015, the entitlement for Councillors to join the Pension Fund was removed. Those Members of the Essex Pension Board and Investment Steering Committee who, during 2018/19, were also members of the LGPS are listed below.

Representative of scheme members	County Councillors
▪ S. Child	▪ Cllr S. Barker
Representative of scheme employers	▪ Cllr M. Maddocks
▪ C. Riley	▪ Cllr A. Erskine
Representatives of smaller employing bodies	▪ Cllr A. Davies
▪ J. Moore	

Statement of Accounts - Pension Fund Accounts

From 1 April 2015 pension funds were required to establish a local Pensions Board under section 5 of the Public Service Pensions Act 2013 and Local Government Pension Scheme Regulations 2013. Members of this Board, (Essex Pension Fund Advisory Board) who, during 2018/19, were also members of the LGPS are listed below:

Representative of scheme employers	Representative of scheme members
▪ J. Durrant	▪ A. Coburn
▪ Cllr S. Walsh	▪ P. Hewitt
	▪ D. Hurst
	▪ M. Paget (<i>until December 2018</i>)

The employees of Essex County Council who hold key positions in the financial management of the Essex Pension Fund during 2018/19 were the Executive Director, Corporate and Customer Services, the Director for Essex Pension Fund and the Head of Essex Pension Fund. During 2018/19 approximately **2%** (2017/18: 2%) of the Executive Director, Corporate and Customer Services time was spent on the Pension Fund, with other officers spending 100% of their time in this way. As a consequence, the short-term benefits (i.e. pay) associated with the time spent by these staff working on the Fund during 2018/19 was **£161,000** (2017/18: £157,000). The 2018/19 current service cost in respect of these personnel was **£105,000** (2017/18: £110,000). The current service cost is the increase in the value of the Fund's future liabilities arising out of employees' on-going membership of the Fund.

17. Agency Services

The Essex Pension Fund pays discretionary awards to former employees of both current and former employers' of the Fund. The amounts paid are not included within the Fund Account but are provided as a service and are fully reclaimed from the employer bodies. The sums are disclosed below:

2017/18 £000		2018/19 £000
1,463	Administering Authority	1,456
5,239	Scheduled Bodies	5,209
132	Community Admission Bodies	138
2	Resolution Bodies	2
22	Former employers	20
6,858	Total	6,825

18. Financial Instruments

Accounting policies describe how different asset classes of financial instrument are measured and how income and expenditure, including fair value gains and losses, are recognised.

Statement of Accounts - Pension Fund Accounts

18.2 Net gains and losses on financial instruments

Asset value as at 31 Mar 2018 Restated £000		Asset value as at 31 Mar 2019 £000
	Financial assets	
259,611	Fair value through profit and loss	455,488
106,885	Amortised cost - unrealised gains	5,133
<u>366,496</u>	Total	<u>460,621</u>

Financial assets held by the Fund on a direct basis (e.g. direct property) have also been excluded from the above note. As per note 18.1 the gains and losses of direct private debt have been added back into 2017/18 figures following the reclassification.

The net gains and losses differ from the Fund Account by gains and losses of financial assets held directly. These gains and losses totalled **£31.689m** as at 31st March 2019 (31st March 2018: £26.368m).

18.3 Valuation of financial instruments carried at fair value

The valuation of financial instruments has been classified into three levels, according to the quality and reliability of information used to determine fair values.

- **Level 1** – Financial instruments where the fair values are derived from unadjusted quoted prices in active markets for identical assets or liabilities. Assets classified as Level 1 comprise equities, quoted fixed securities, quoted index linked securities and unit trusts. Listed investments are shown at bid prices. The bid value of the investments is based on bid market quotation of the relevant stock exchange.
- **Level 2** – Financial instruments where quoted market prices are not available, for example where an instrument is traded in a market that is not considered to be active, or where valuation techniques are used to determine fair value and where these techniques use inputs that are based significantly on observable market data.
- **Level 3** – Financial instruments where at least one input that could have significant effect on the instruments valuation is not based on observable market data.
Such instruments would include unquoted equity investments which are valued using various valuation techniques that require significant judgement in determining appropriate assumptions.

The value of the investment in private equity is based on valuations provided by the general partners to the private equity funds in which the Essex Pension Fund has invested.

Statement of Accounts - Pension Fund Accounts

These valuations are prepared in accordance with the International Private Equity and Venture Capital Valuation Guidelines, which follow the valuation principles of IRRS and US GAAP. Valuations are usually undertaken annually at the end of December, with unaudited valuations provided by the general partner as at 31 March.

The valuations of infrastructure and timber are based on net asset value provided by the fund manager.

The table below sets the valuation basis used. All assets have been valued using fair value techniques based on the characteristics of each instrument, with the overall objective of maximising the use of market based information:

Asset	Valuation Hierarchy	Basis of Valuation	Observable and Unobservable inputs	Key Sensitivities affecting the Valuation
Market Quoted Equities Unit Trusts Money Market Funds Absolute Returns	Level 1	Published Bid Market Price	N/A	N/A
Unit Linked Life Assurance Policies	Level 2	Valuation technique with quoted prices of a similar asset	Price of recent transactions for identical instrument	Significant change in economic circumstances or time lapse since the transaction took place
Fixed Income / Fixed Interest Securities	Level 2	The prices are published reflecting the NAV at each dealing point but are not exchange traded	Price of recent transactions for identical instrument	Significant change in economic circumstances or time lapse since the transaction took place
Forward Foreign Exchange Derivatives	Level 2	Market exchange rates at the year end	Price of recent transactions for identical instrument	Risk of an exchange rate changing between the transaction date and the subsequent settlement date volatility of the exchange rates during the hedge period
Direct property	Level 3	Direct Property independently valued by Knight Frank LLP in accordance with the Royal Institution of Chartered Surveyors' (RICS) Valuation Standard	Pricing inputs are unobservable and include situations where there is little market activity. Estimated rental growth Covenant strength for existing tendencies Discount rate Land/building valuation surveys	Significant changes in rental growth, vacancy levels or the discount rate could affect valuations, as could more general changes to market prices and volume of sales and purchases

Statement of Accounts - Pension Fund Accounts

Asset	Valuation Hierarchy	Basis of Valuation	Observable and Unobservable inputs	Key Sensitivities affecting the Valuation
Indirect property	Level 2	Assets are based on valuations received from the Managers which are determined in accordance with the last known NAV and adjusted for subsequent capital calls and distributions and other relevant information provided by the real estate fund.	Pricing inputs are unobservable and include situations where there is little market activity. Estimated rental growth Covenant strength for existing tendencies Discount rate Land/building valuation surveys	Significant changes in rental growth, vacancy levels or the discount rate could affect valuations, as could more general changes to market prices and volume of sales and purchases
Distressed / Private Debt	Level 3	The valuation techniques used include comparison to recent arm's length transactions, reference to other instruments that are sustainably the same, discounted cash flow analysis, option adjusted spread models and, if applicable, enterprise valuation	These techniques may include a number of assumptions relating to variables such as credit risk and interest rates	Valuations could be affected by material events occurring between the date of the financial statements provided and the Pension Funds reporting date by changes to expected cash flows, earning multiple and discount rates used in the discounted cash flow analysis
Infrastructure	Level 3	The valuation of the investment assets is determined in accordance with generally accepted valuation principles in compliance with article 5(3) of the Luxembourg law of 15 June 2004 on investment companies in risk capital	Management's cash flow projections Estimates of growth expectations and profitability Profit margin expectations Adjustments to current prices for similar assets Valuation techniques	Valuations could be affected by material events occurring between the date of the financial statements provided and the Pension Funds reporting date by changes to expected cash flows and fair value adjustments
Private Equity	Level 3	The valuation of the investment are carried at fair value as determined in good faith by the General Partner in accordance with the terms of the Partnership Agreement and US GAAP	Management's cash flow projections Estimates of growth expectations and profitability Profit margin expectations Adjustments to current prices for similar assets Valuation techniques	Valuations could be affected by material events occurring between the date of the financial statements provided and the Pension Funds reporting date by changes to expected cash flows, earning multiple and discount rates used in the discounted cash flow analysis
Timberlands	Level 3	Valuation technique is based on accepted	Management's cash flow projections	Valuations could be affected by material

Statement of Accounts - Pension Fund Accounts

18.6 Sensitivity of assets valued at Level 3

In consultation with fund managers, an analysis of historical data and expected return movements during the accounting periods in question was undertaken. The fund has determined that the valuation methods described in note 18.3 are likely to be accurate to within the following ranges and has set out below the consequent potential impact on the closing value of investments held as at 31 March 2019.

	Assessed valuation range (+/-)	Value at 1 April 2019 £000	Value on increase £000	Value on decrease £000
Freehold and leasehold properties	10.0%	383,250	421,575	344,925
Private equity	15.0%	321,530	369,760	273,301
Infrastructure	7.5%	356,015	382,716	329,314
Timber (overseas unquoted)	5.0%	212,357	222,975	201,739
Private debt	12.6%	118,654	133,604	103,704
		1,391,806	1,530,630	1,252,983

19. Nature and extent of risks arising

19.1 Risk and risk management

The Fund's primary long term risk is that the Fund assets will fall short of its liabilities (i.e. promised benefits payable to members). Therefore the aim of investment risk management is to minimise the risk of an overall reduction in the value of the Fund and to maximise the opportunity for gains across the whole of the Fund's investments. The Fund achieves this through asset diversification to reduce its exposure to a variety of financial risks: market risk; other price risk; currency risk; interest rate risk and credit risk to an acceptable level. In addition, the Fund manages its liquidity risk to ensure there is sufficient liquidity to meet the Fund's forecast cash flows. The Fund manages these investment risks as part of its overall pension fund risk management programme.

Responsibility for the Fund's risk management strategy rests with the Investment Steering Committee (ISC). Risk management policies are established to identify and analyse the risks faced by the Fund's pensions operations. Policies are reviewed regularly to reflect changes in activity and in market conditions.

Statement of Accounts - Pension Fund Accounts

19.2 Market risk

Market risk is the possibility that financial loss might occur as a result of fluctuations in equity and commodity prices, interest rates and foreign exchange. The level of risk exposure depends on market conditions, expectation of future price and yield movements and the asset mix.

Market risk is inherent in the investments that the Fund makes. To mitigate market risk the investments are made in a diversified pool of asset classes and investment approaches to ensure a risk adjusted balance between categories. The Fund takes formal advice from its institutional investment consultant, Hymans Robertson LLP, along with the Fund's independent adviser and the portfolio is split between a number of managers and investment strategies with different benchmarks and performance targets. Full details can be found in the Investment Strategy Statement (formerly referred to as the Statement of Investment Principles) which is available from the website www.essexpensionfund.co.uk. Investment risk and strategy are regularly reviewed by the Investment Steering Committee (ISC).

19.3 Other price risk

Other price risk represents the risk that the value of a financial instrument will fluctuate as a result of changes in market prices (other than those arising from interest rate risk or foreign exchange risk) whether those changes are caused by factors specific to the individual instrument, its issuer or factors affecting all such instruments in the market.

The Fund is exposed to share and derivative price risk. This arises from investments held by the Fund for which the future price is uncertain. All investments present a risk of loss of capital. The level of volatility will vary by asset class and also over time. The Fund has some diversification in the asset classes in which it invests, which seeks to reduce the correlation of price movements between different asset types, while employing specialist investment managers to best deploy capital in line with the Fund's overall strategy. The LGPS investment regulations also contain prescribed limits to avoid over-concentration in specific areas.

19.4 Other price risk sensitivity analysis

In consultation with its institutional consultants, Hyman Robertson LLP, an analysis of historical data and expected return movements during the accounting periods in question was undertaken. The table below shows the potential price movements deemed possible for the accounting period 2018/19.

The percentages shown in the following table are broadly consistent with a movement of one standard deviation in the value of the Fund's assets, and assumes that all other variables in particular foreign exchange rates and interest rates remain unchanged.

Statement of Accounts - Pension Fund Accounts

31st March 2018 Potential Market movement %	Asset type	31st March 2019 Potential Market movement %
8.7%	UK bonds	8.9%
16.8%	UK equities	16.6%
17.9%	Overseas equities	16.9%
7.2%	UK index linked bonds	7.2%
14.3%	Pooled property unit trusts	14.3%
28.3%	Private equity	28.3%
11.5%	Infrastructure funds	11.8%
11.5%	Timber	11.8%
12.6%	Private debt	12.8%
14.3%	Property	14.3%
0.5%	Cash	0.5%

Had the market price of the Fund investments increased/ (decreased) in line with the above assumptions the change in the net assets available to pay benefits would have been as follows:

31st March 2018 £000	Percentage change %	Value increase £000	Value decrease £000	Asset type	31st March 2019 £000	Percentage change %	Value increase £000	Value decrease £000

Statement of Accounts - Pension Fund Accounts

19.5 Sensitivity of funding position

Market conditions and the underlying investment performance of the Fund's assets will have a direct impact on the funding position, albeit that a smoothed rather than spot rate methodology is used by the Fund's Actuary.

Barnett Waddingham's approach adopted at the 2016 Actuarial Valuation includes the following features:

- Financial assumptions such as inflation and the discount rate are based on smoothed market indicators from around the valuation date, specifically over the six month period from 1 January 2016 to 30 June 2016. The discount rate is based on the expected investment return from the Fund's assets.
- The market value of assets at 31st March 2016 is then adjusted to also be smoothed over the same six month period so that a consistent comparison can be made with the liabilities.

19.6 Interest rate risk

The Fund invests in financial assets for the primary purpose of obtaining a return on investments. These investments are subject to interest rate risk, which represent the risk that the fair value of future cash flows of a financial instrument will fluctuate because of changes in market interest rates. Interest rate risk primarily impacts on the valuation of the Funds' bond holdings and, to a lesser degree, the return it receives on cash held. The Fund has three bond mandates; a passive bond mandate with Legal and General (until February 2018), UBS Asset Management (from March 2018) and bond mandates with MandG Investments (MandG) and Goldman Sachs Asset Management (GSAM) in which exposure is actively managed. In addition the Fund has an investment in a private debt mandate.

The Fund's direct exposure to interest rate movements is shown below. The underlying assets are shown at their fair value.

Asset value as at 31 Mar 2018 £000	Asset type	Asset value as at 31 Mar 2019 £000
149,108	Cash and cash equivalents	145,961
23,729	Cash balances	14,775
242,167	Fixed interest securities	404,594
433,664	Index-linked securities	391,041
106,570	Private debt	118,654
955,238	Total assets	1,075,025

Statement of Accounts - Pension Fund Accounts

19.7 Interest rate risk sensitivity analysis

Interest rates have remained constant but this is not always the case and can vary. As a result, any variation in interest rates affects the level of income achievable and the value of the net assets of the Fund to pay benefits. The Fund's institutional consultants, Hymans Robertson, have undertaken a sensitivity analysis and advised that it is reasonable in today's climate that a movement increase/(decrease) of not more than 100 basis points on a year to year basis is possible based on past experience.

The table below shows the effect in the year on the net assets available to pay benefits of an increase/(decrease) of 1% change in interest rates assuming all other factors remain unchanged.

Asset value as at 31 Mar 2018 £000	Impact of 1% increase £000	Impact of 1% decrease £000	Asset type	Asset value as at 31 Mar 2019 £000	Impact of 1% increase £000	Impact of 1% decrease £000
149,108	149,108	149,108	Cash and cash equivalents	145,961	145,961	145,961
23,729	23,729	23,729	Cash balances	14,775	14,775	14,775
242,167	239,745	244,589	Fixed interest securities	404,594	400,548	408,640
433,664	433,664	433,664	Index-linked securities	391,041	391,041	391,041
106,570	105,504	107,636	Private debt	118,654	117,467	119,841
955,238	951,750	958,726	Total change in assets available	1,075,025	1,069,792	1,080,258

The above analysis demonstrates that a 1% change in interest rates will only impact the fair value of fixed interest and private debt, interest received would be unaffected.

A 1% movement of interest rates on cash and index linked securities would not impact the fair value and would have a negligible effect on interest received in the region of +/- £1k based on the above asset values.

19.8 Currency risk

Currency risk is the extent to which the fair value of future cash flows of a financial asset/liability will fluctuate due to changes in exchange rates. The Fund is exposed to currency risk on all assets that are denominated in any currency other than sterling its reporting currency. To reduce the volatility associated with fluctuating currency rates (currency risk) the Fund invests in hedged overseas regional index funds via its passive provider UBS Asset Management.

Statement of Accounts - Pension Fund Accounts

The following table summarises the Fund's currency exposure as at 31st March 2019 and prior year:

31 Mar 2018 £000	Asset type	31 Mar 2019 £000
1,838,222	Overseas equities quoted	812,994
774,160	Overseas unit life assurance policies	809,471
496,794	Global unit life assurance policies	597,136
471,407	Global unit trusts	-
-	ACCESS pooled global equity funds	1,532,112
299,444	Overseas private equity	321,526
297,755	Overseas infrastructure	356,014
109,869	Overseas timber	212,357
76,894	Overseas private debt	88,250
4,364,545	Total overseas assets	4,729,860

19.9 Currency risk sensitivity analysis

In consultation with the Fund's institutional consultant, Hymans Robertson the Fund considers the likely volatility associated with exchange rate movements to be in the region of **13%** (2017/18: 13%) (approximately one standard deviation) assuming other factors remain constant.

The table below shows the effect of a **13%** (2017/18: 13%) strengthening/weakening of the pound against the investments the Fund holds in various other currencies. The increase/ (decrease) on the net assets of the Fund are as follows:

Asset value as at 31 Mar 2018 £000	Change in year in the net assets to pay benefits		Asset type	Asset value as at 31 Mar 2019 £000	Change in year in the net assets to pay benefits	
	+13% £000	-13% £000			+13% £000	-13% £000
1,838,222	2,077,191	1,599,253	Overseas equities quoted	812,994	918,683	707,305
774,160	874,801	673,519	Overseas unit life assurance policies	809,471	914,702	704,240
496,794	561,377	432,211	Global unit life assurance policies	597,136	674,764	519,508

-	-	-	ACCESS pooled global equity funds	1,532,112	1,731,287	1,332,937
299,444	338,372	260,516	Overseas private equity	321,526	363,324	279,728
297,755	336,463	259,047	Overseas infrastructure	356,014	402,296	309,732
109,869	124,152	95,586	Overseas timber	212,357	239,963	184,751
76,894	86,890	66,898	Overseas private debt	88,250	99,723	76,778
4,364,545	4,931,936	3,797,154	Total change in assets available	4,729,860	5,344,742	4,114,979

19.10 Credit Risk

Credit risk is the possibility that the counterparty to a transaction or a financial instrument might fail in its obligation to pay amounts due to the Pension Fund resulting in a financial loss. The

Statement of Accounts - Pension Fund Accounts

market value of investments reflects an assessment of credit in their pricing and consequently the risk of loss is implicitly provided for in the carrying value of the Fund's financial assets and liabilities.

The Fund is exposed to credit risk in all its operational activities through forward currency contracts, derivative positions (futures) where applicable and treasury management activities. However, the selection of high quality counterparties, brokers and financial institutions minimises credit risk that may occur through the failure to settle a transaction in a timely manner.

19.11 Commercial

Commercial credit risk also arises with those organisations that pay monies over to the Fund (debtors) as part of the administration function, principally contributions from employers and transfers in from other registered pension schemes.

Except in certain bulk transfer cases, the Fund does not apply service credits in respect of transfers in until cash settlement is made.

Monthly receipt of contributions is closely monitored by the Employer team. In addition, member records are updated throughout the year with any new information provided to them. At the end of the financial year employers are required to provide an annual return which is used to reconcile both member information and the contributions paid over in the year by both the employee and the employer.

The Funding Strategy Statement requires safeguards to be in place on all new admission agreements to protect the Fund from an employer default, including through a guarantee from a tax backed scheme employer for any new body. An analysis of debtor balances at 31st March 2019 is provided in Note 14.

19.12 Forward currency contracts

Forward currency contracts are undertaken by the Fund's appointed fund managers. The largest single contracts were entered into as part of a overseas passive currency overlay programme. The ISC took the decision to cease the currency overlay programme in April 2018. The counterparties on these contracts as at 31 March 2018 are shown in the table below. The counterparty on contracts entered into by other investment managers is at the discretion of those managers. All parties entering into forward contracts on behalf of the Fund are FSA regulated and meet the requirements of the LGPS (Management & Investment of Funds) Regulations 2016. Further details of forward foreign exchange contracts are provided in note 12.

Statement of Accounts - Pension Fund Accounts

Exposure at 31 March 2018		Counterparty	Exposure at 31 March 2019	
£000	%		£000	%

19.13 Bonds

Credit risk will also be considered by the Fund's bond managers in their portfolio construction. A bond is a saleable debt instrument issued by a corporation, government or other entity, the instrument may be purchased direct from the issuer or in the secondary market.

In addition to the passive manager, UBS Asset Management, the Fund has two active bond managers MandG and GSAM. The former also manage a financing fund.

Both MandG and GSAM manage pooled assets against a LIBOR plus benchmark. At 31st March 2019, the average credit quality of the MandG bond mandate was **BBB+** rated (**A** rated as at 31st March 2018). The portfolio had suffered five defaults since inception, none of which was experienced in the financial year ended 31st March 2019 or 31st March 2018. The average credit rating of the financing fund was **BB+** rated as at 31st March 2019 (BB rated as at 31st March 2018), and the portfolio has not suffered any defaults since inception. The portfolio managed by GSAM as at 31st March 2019 had an average credit quality of **AA+** (AA rated as at 31st March 2018) and has suffered twelve defaults since inception, with one occurring in 2018/19 and five occurring in 2017/18.

Statement of Accounts - Pension Fund Accounts

19.14 Cash held on deposit and current accounts

Cash managed internally – The Fund has operated a separate bank account since 1 April 2010 with Lloyds Bank plc, which is also banker to the Administering Authority. The Bank holds an **A+** (A as at 31st March 2018) long term credit rating with Standard and Poor. Cash is invested with Lloyds and is placed with institutions on the Administering Authority's approved counter-party list. The management of cash is carried out by the Treasury Management function of the Administering Authority in accordance with the treasury management policy and strategy approved by the ISC. The ISC have approved the management of cash in accordance with the policies and practices followed by the Administering Authority for its own investments as outlined in the CIPFA Code of Practice for Treasury Management in the Public Services. The Authority sets detailed credit criteria having taken independent advice and has maximum exposure limits to any single institution. Details of such are shown in the following tables. At 31st March 2019 **£14.775m** (31st March 2018: £23.729m) was under management by the Administering Authority's Treasury Management Team. Over the last five financial years the Pension Fund has no experience of default or uncollectible deposits.

Cash managed externally – The majority of the cash held by the Fund's custodian, the Northern Trust, is swept overnight to one of two AAA rated money market funds. As at 31st March 2019, the total balance held in the Sterling and US dollar AAA money market funds was **£117.940m** with a smaller balance of **£28.021m** held in the custodian current account (31st March 2018: £120.060m and £29.048m respectively). The use of a money market fund provides an underlying diversification of counter-party and avoids exposure to a single institutional balance sheet, in this case the custodian.

Statement of Accounts - Pension Fund Accounts

The table below provides a breakdown of where the Pension Fund cash is managed:

31 March 2018			31 March 2019		
Rating	£000		Rating	£000	
Cash managed externally					
Cash held on deposit (GLF)					
AAA	57,745	BNP Paribas	AAA	66,717	
AAA	6	L&G TA Liquidity Fund	AAA	-	
AAA	62,309	Northern Trust	AAA	51,223	
Cash held in Current Account					
AA-	29,048	Northern Trust	AA-	28,021	
	<u>149,108</u>	Total cash managed externally		<u>145,961</u>	
Cash managed internally					
Cash held on fixed term

23,729	Total cash managed internally	14,775			3
172,837	Total cash	160,736			56

19.15 Liquidity Risk

Liquidity risk is the possibility that the Fund might not have adequate cash resources available to meet its financial commitments as they fall due.

The ISC reviews its strategy on a yearly basis and where necessary takes steps to ensure that the Fund has adequate readily realisable resources to meet its financial commitments. The majority of the Fund's investments are quoted on major stock markets and are in readily realisable form. The Fund also has an allocation to alternative investments, which are relatively illiquid.

In 2017 the ISC took the decision to de-risk reducing its equity allocation from 60% to 50% as a result the strategic allocation to alternatives will increase from 27% to 37% as and when opportunities arise. The Fund is relatively immature with almost as many contributors as pensioners, dependants and deferred pensioners. In consequence the Fund has a neutral cash flow and is able to pay benefits from contributions and income received. As the Fund is not in the position of a forced seller, i.e. it does not need to sell assets in order to pay benefits, it is considered appropriate to hold such illiquid investments to increase diversification, minimise risk and improve long-term investment performance.

The Fund as at 31st March 2019 had immediate access to its pension fund cash holdings held internally and externally of **£160.736m** (31st March 2018: £172.837m). These monies are primarily invested on an overnight basis on the money market.

Officers of the Fund prepare periodic cash flow forecasts to understand and manage the timing of the Fund's cash flows. The Investment Strategy Statement outlines the appropriate strategic level of cash balances that the Fund can hold. More detail can be found in the Pension Fund Annual Report and Accounts.

Statement of Accounts - Pension Fund Accounts

19.16 Refinancing Risk

Refinancing risk is the risk of the Fund replenishing a significant proportion of its financial assets at a time of unfavourable interest rates. The Fund is not subject to this particular risk as it does not hold any assets that would require refinancing in the future.

19.17 Custody

Northern Trust are the global custodian with responsibility for safeguarding the assets of the Fund. As at 31st March 2019 Northern Trust had **\$8.2 trillion** of assets under custody (31st March 2018: \$8.1 trillion) and had a credit rating of **AA-** (31st March 2018: AA-). Monthly reconciliations are performed between the underlying records of the custodian and all investment managers and partnerships of the Fund.

19.18 Investment Management

The Fund has appointed a number of segregated and pooled fund managers to manage portions of the Fund. An Investment Management Agreement is in place for each relationship. All appointments meet the requirements set out in the LGPS (Management and Investment of Funds) Regulations 2016.

The 2016 Investment Regulations require each LGPS be a part of a regional pool. It is expected that funds will migrate majority of investment assets into the Pool over time in order to benefit from greater economies of scale achieve cost savings. The Essex Pension Fund is part of the ACCESS pool.

During 2017/18 ACCESS funds jointly procured UBS Asset Management to manage the passive assets of ACCESS. In addition, Link Solutions Limited were appointed as ACCESS Pool Operator. At the end of 2017/18 Essex Pension Fund had transitioned **£1.9bn** of its passive assets from Legal and General to UBS Asset Management. During 2018/19 a further **£1.5bn** had been invested into sub funds managed by Link Solutions Limited.

Reports on manager performance are monitored by the ISC on a quarterly basis. The Fund makes use of the custodian's performance measurement service to monitor performance. In addition to presenting to the ISC, managers also meet with Fund officers and advisers to review progress on an annual basis.

20. Events after the Balance Sheet date

The Statement of Accounts was certified by the Executive Director, Corporate and Customer Services on **31st July 2019**. Events taking place after this date were not reflected in the financial statements or notes.

Statement of Accounts - Glossary

Term	Explanation
Accruals	Sums included in the accounts to cover income or expenditure attributable to an accounting period for goods received or work done, but for which payment has not been received / made, by the end of that accounting period.
Actuarial gains and losses	Changes in the net pensions' liability that arise because events have not coincided with assumptions made at the last actuarial valuation, or because the actuaries have updated their assumptions.
Actuarial valuation	A type of appraisal which requires making economic and demographic assumptions in order to estimate future liabilities.
Actuary	A suitably qualified independent consultant employed to advise the Council upon the financial position of either the Pension Fund or the Council's insurance arrangements.
Accumulating Absences	Accumulating absences are those that are carried forward and can be used in future periods if the current period entitlement is not used in full. In local authorities, annual leave, flexitime and time in lieu would usually be accumulating. Accumulating absences are typically earned by employees as they provide services.
Additional voluntary contributions	Additional voluntary contributions (AVC's) are an option available to individuals to secure additional pension benefits by making regular payments in addition to those payable on basic earnings.
Amortised cost	A way of measuring financial instruments that ignores changes in fair value. Defined as the amount at which a financial instrument is measured when it is first brought onto the Balance Sheet.
Amortised financial assets	Investments for which any gains and losses in fair value are not accounted for until the investment matures or is sold.
Amortisation	Amortisation is the writing down of costs to the Comprehensive Income and Expenditure Statement over several years.
Appropriations	Appropriations are the transfer of resources between, to and from the various reserves.
Available for sale financial assets	Financial assets that have a quoted market price and/or do not have fixed or determinable payments.
Billing authority	City, district and borough councils are responsible for the billing and collection of Council Tax and Non-domestic rates (NDR).
Cabinet	The Cabinet comprises the Leader, and other Members appointed by the Leader. Each member of the Cabinet has a defined portfolio of responsibilities for the discharge of the Council's business; these portfolios are assigned by the Leader and are reported to the Council.
Capital Adjustment Account	<p>This account represents:</p> <ul style="list-style-type: none"> ▪ Amounts set aside from revenue resources to repay external loans; ▪ The financing of capital payments from capital receipts and revenue reserves; and ▪ The consolidation of gains arising from the revaluation of property, plant and equipment prior to 1 April 2007.
Capital expenditure	This is expenditure on the acquisition of property, plant and equipment (with certain minor exceptions) that will be of use or benefit to the Council in providing its services for more than one year.
Capital financing costs	Costs associated with the financing of property, plant and equipment, representing interest and principal repayments on loans and contributions from revenue reserves towards capital payments.

Statement of Accounts - Glossary

Term	Explanation
Capital financing requirement	This is a measure of the Council's underlying need to borrow for capital financing purposes.
CIPFA	The Chartered Institute of Public Finance and Accountancy (CIPFA) is the main professional body for accountants working in the public service.
Collection Fund	Account maintained by billing authorities for the collection and distribution of Council Tax and non domestic rates.
Community Assets	Assets that the Council intends to hold in perpetuity, that have no determinable useful life and that may have restrictions on their disposal. Examples of community assets are parks and monuments.
Community Schools	Locally maintained schools that are owned and run by the Council. The Council employs the staff, owns the land and buildings and decides upon the schools' admission criteria.
Council tax	A local tax set by local authorities to finance their revenue expenditure. The level set by a Council will be dependent on the level by which its budgeted expenditure exceeds income from other sources (for example, grants awarded by central government).
Credit losses	A measure of how much the Council would lose if the amounts owed to it by debtors and borrowers are not repaid. Defined as the shortfall between all the cash flows that are due contractually to the Council and those that it expects to receive.
Creditors	Amounts due, but not yet paid, for work, goods received or services received during the financial year.
Current service cost	The increase in pension liabilities because of service earned during the year.
Current value	A measurement reflecting the economic environment prevailing for the service or function the asset is supporting at the reporting date. Current value measurement bases include 'Existing Use Value', 'Depreciated Replacement Cost' and 'Fair Value'.
Debtors	Amounts due, but not yet received, for work done or services supplied, during the financial year.
Defined benefit pension scheme	A defined benefit pension scheme is any scheme other than a defined contribution scheme. Usually the scheme rules define the benefits independently of the contributions payable and the benefits are not directly related to the investments of the scheme. The scheme may be funded or unfunded (including notionally funded).
Defined contribution pension scheme	A pension or other retirement benefit scheme into which an employer pays regular contributions fixed as an amount or as a percentage of pay and will have no legal or constructive obligation to pay further contributions if the scheme does not have enough assets to pay all employee benefits relating to employee service in the current or prior periods.
Depreciated Replacement Cost	A method of valuation which provides a measure of the current cost of replacing an asset with a modern equivalent asset, less deductions for all physical deterioration and all relevant forms of obsolescence and optimisation. It involves imagining what the current asset would need to be substituted with to deliver the same level and quality of service currently being delivered.
Depreciation	Depreciation is a measure of the wearing out, consumption or other reduction in the useful economic life of a fixed asset, whether arising from use, passing of time or obsolescence through technical or other changes.
Discount	Arises from prematurely repaying a loan where the prevailing interest rate is above the rate of interest payable on the loan being repaid - the Council is compensated for the interest rate differential, which is referred to as a 'discount' arising from early settlement of the loan.

Statement of Accounts - Glossary

Term	Explanation
Discretionary benefits	Retirement benefits which the employer has no legal, contractual or constructive obligation to award and which are awarded under the Council's discretionary powers.
Effective interest rate	The effective interest rate is the rate that exactly discounts estimated future cash receipts through the expected life of the financial asset or, when appropriate, a shorter period, to the net carrying amount of the financial asset. It is used to calculate the amortised cost of an asset or liability.
Employee benefits	Employee benefits include wages and salaries, paid annual leave and paid sick leave, bonuses and non monetary benefits for current employees.
Existing Use Value	A valuation method that estimates amount for which an asset or liability should exchange on the valuation date between a willing buyer and a willing seller in an arm's length transaction and disregarding potential alternative uses for the asset.
Expected credit losses	The credit losses that the Council estimates will arise from the amounts that it is currently owed. Expected credit losses are calculated by measuring the losses that would arise from different default scenarios and calculates a weighted average loss based on the probability of each scenario taking place.
Fair value	The price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date.
Fair value through profit and loss	Defined as financial assets that do not qualify for measurement at amortised cost.
Fees and charges	Charges made to the public for a variety of services such as the provision of school meals, meals-on-wheels, letting of school halls and the hire of sporting facilities.
Finance leases	Finance leases transfer all, or the majority of, the risks and rewards of ownership of a fixed asset to the lessee. Consequently, the fixed asset is included within the Balance Sheet of the lessee, even though the lessor retains legal title of the asset (also see 'Leasing' and 'Operating Leases').
Financial instruments	Any contract that gives rise to a financial asset of one entity and a financial liability or equity instrument of another. Examples include the borrowing or lending of money and the making of investments.
Foundation Schools	Locally maintained schools that are state-funded by the Council. These schools are run by their governing body. The governing bodies employ the staff, determine the school admission policies and own the school land and buildings.
Heritage Assets	Tangible assets with historical, artistic, scientific, technological, geophysical or environmental qualities that are held and maintained principally for their contribution to knowledge and culture.
IAS	International Accounting Standards.
IFRS	International Financial Reporting Standards. These are accounting standards by which the Council prepares its accounts.
Inventories	Assets acquired or produced for resale or to be consumed or distributed in the provision of services.
Investment properties	Properties held solely to earn rentals and/or for capital appreciation purposes. This definition is not met if the property is used in any way to facilitate the delivery of services or production of goods or is held for sale.
Investments	A long term investment is intended to be held for use on a continuing basis in the activities of the Council. Investments are so classified only where an intention to hold the investment for the long term (greater than one year) can clearly be demonstrated or where there are restrictions as to the investor's

Statement of Accounts - Glossary

Term	Explanation
	<p>ability to dispose of the investment.</p> <p>Investments, other than those related to the pensions fund that do not meet the above criteria, are classified as current assets.</p>
Joint operations	Joint operations are arrangements where the parties that have joint control of the arrangement have rights to the assets and obligations for the liabilities relating to the arrangement.
Lease	An arrangement for securing the use of a use of capital assets without legal title (ownership). There are two main types of leasing arrangements – namely finance leases and operating leases.
Lessee	The party in a lease arrangement who secures the use of an asset over an agreed period of time in exchange for payment, but does not secure legal title to the asset.
Lessor	The party in a lease arrangement who retains legal title of an asset but lets out that asset to another party in exchange for rental payments.
Loans and receivables	Assets that have fixed or determinable payments but are not quoted in an active market.
Non Domestic Rates	These rates are how local businesses contribute to the cost of providing local authority services. Business rates are collected by the billing authorities and are distributed in accordance government regulations.
Net interest on the net defined benefit liability	The change during the period in the net pension liability that arises from the passage of time. It includes interest income on plan assets and interest costs on the pension liability. It is calculated by applying the discount rate used to measure the net pension obligation at the beginning of the period to the net pension liability at the beginning of the period – considering any changes in the net pension liability during the period as a result of contribution and benefit payments.
Non-current assets held for sale	Property, Plant and Equipment assets that the Council is formally committed to sell and is actively marketing them in their current condition and where sale is expected within the next 12 months.
Operating lease	<p>Operating leases are agreements for the rental of assets where the rewards and risks of ownership of the asset remain with the leasing company.</p> <p>The annual rentals are charged directly to the Income and Expenditure Account (also see Leasing and Finance Leases).</p>
Past service cost	The increase in pension liabilities arising from a current year pension scheme amendment or a curtailment, whose effect relates to years of service earned in earlier years.
Pooled Budget	A type of partnership arrangement whereby NHS organisations and local authorities contribute an agreed level of resource into a single pot (the 'pooled budget') that is then used to commission or deliver health and social care services.
Precept	The amount the County Council requires the City, Borough and District Councils to pay from the Council Tax they have collected (on behalf of all authorities that set Council Tax) to meet the cost of County Council services.
Premium	Arises from prematurely repaying a loan where the prevailing interest rate is below the rate of interest payable on the loan being repaid. The differential between the two rates is paid to the lender, in the form of a 'premium' arising from early settlement of the loan.
Private Finance Initiative (PFI)	A long-term contractual public private partnership under which the private sector takes on the risks associated with the delivery of public services in exchange for payments tied to agreed standards of performance.

Statement of Accounts - Glossary

Term	Explanation
Property, Plant and Equipment	Assets that have physical substance and are held for use in the provision or supply of goods or services, for rental to others, or for administrative purposes and are expected to be used during more than one financial year.
Provisions	An amount set aside to provide for a liability that is likely to be incurred as a result of a past event, prior to the balance sheet date, but where the exact amount and the date on which it will arise is uncertain.
Public Private Partnership (PPP)	An arrangement where the private sector partner agrees to provide a service to a public sector organisation.
Public Works Loan Board	The PWLB is a government agency that provides longer-term loans to local authorities, at interest rates marginally above the Government's own borrowing rate.
Remuneration	Remuneration includes all amounts paid to or receivable by a person, including sums due by way of expense allowances (so far as these are chargeable to tax) and the estimated money value of any other benefits received by an employee otherwise than in cash.
Return on plan assets	Interest, dividends and other income derived from the Local Government Pension Scheme's assets (excluding amounts included in net interest on the net defined benefit liability), together with realised and unrealised gains or losses on those assets, less costs of managing the assets and any taxes payable.
Reserves	<p>The Council's accumulated surplus income in excess of expenditure, which can be used to finance future spending and is available to meet unforeseen financial events.</p> <p>Earmarked reserves are amounts set aside for a specific purpose in one financial year and can be carried forward to meet expenditure in future years.</p>
Revenue provision for repayment of debt	The minimum amount which must be charged, by Regulation, to the revenue account each year for repaying external loans.
Revenue Support Grant	This is the central government financial support towards the general expenditure of local authorities.
Retirement benefits	All forms of consideration given by an employer in exchange for services rendered by employees that are payable after the completion of employment. Retirement benefits do not include termination benefits payable. This is because these are not given in exchange for services rendered by employees.
RICS	The Royal Institution of Chartered Surveyors (RICS) is the professional body for qualifications and standards in land, property, infrastructure and construction.
Salary	Salary represents the amounts received under contract of employment for services rendered, other than bonuses, allowances, benefits in kind or compensation payments.
Scheme liabilities	The liabilities of a defined benefit pension scheme for outgoings due after the valuation date. Scheme liabilities measured using the 'projected unit method' reflects the benefits that the employer is committed to provide for service up to the valuation date.
SeRCOP	CIPFA Service Reporting Code of Practice provides a framework for consistent financial reporting by local authorities in order that consistency and comparability are achieved.
Settlement	An irrevocable action that relieves the employer (or the defined benefit scheme) of the primary responsibility for a pension obligation and eliminates significant risks relating to the obligation and the assets used to effect the settlement.
Specific	These represent central government financial support towards local authority services, which the

Statement of Accounts - Glossary

Term	Explanation
government grant	Government wishes to target.
Surplus properties	Properties not being used to deliver services but which do not meet the criteria to be classified as either investment properties or non-current assets held for sale.
Termination benefits	Termination benefits are payable either because of an employer's decision to terminate an employee's employment before the normal retirement date, or an employee's decision to accept voluntary redundancy in exchange for those benefits. They are often lump-sum payments, but also include enhancement of retirement benefits; and salary until the end of a specified notice period if the employee renders no further service that provides economic benefits to the entity.
Voluntary aided schools	In these schools, all the running costs and most of the building costs are funded by central government via the Council. The remaining building costs are met by the religious body that owns the school land and buildings. The governing body, comprising most governors appointed by the religious body, employs the school staff and sets the school's admission arrangements in consultation with the Council.
Voluntary controlled schools	These schools are state funded via the Council. A religious body has some formal influence in running the school, including appointing a proportion of the school governors, and owns the school land and buildings. The Council employs the school staff though, and has primary responsibility for the school's admission arrangements.

Annual Governance Statement

Essex County Council

Annual Governance Statement

Introduction

This statement summarises the outcome of Essex County Council's (ECC) review of the governance arrangements that have been in place during 2018/19.

ECC is responsible for ensuring that there is a sound system of governance which incorporates the system of internal control. The local [code of governance](#) is underpinned by the seven principles of good governance set out in the CIPFA/SOLACE publication 'Delivering Good Governance in Local Government: Framework 2016'.

The local code of Governance framework comprises a collection of systems, policies, procedures, rules, processes, behaviours and values by which ECC is controlled and governed.

The framework was reviewed in February 2019 in line with current CIPFA guidance and the [code of governance](#) external webpage was also refreshed at the same time.

The effectiveness of key elements of the governance framework are assessed throughout the year by the Corporate Governance Steering Board, the Audit, Governance and Standards Committee, Internal Audit and other Officers and Members as required. The review of effectiveness is informed by the work of senior officers who have responsibility for the development and maintenance of the governance environment, the Head of Assurance's annual report, Service Assurance Statements (completed by all Executive Directors) and from comments received from external auditors and other review agencies and inspectorates.

Findings

The findings of this review are outlined under points 1 – 20 below:

- 1. Developing codes of conduct which define standards of behaviour for members and staff, and policies dealing with whistleblowing and conflicts of interest and that these codes and policies are communicated effectively.**

All ECC employees and Members must conduct themselves in accordance with the terms of the [Officer Code of Conduct](#) and [Member Code of Conduct](#) (part 5 of the Constitution).

All Members have attended training on the code of conduct and refresher sessions are offered annually.

The Audit, Governance and Standards Committee advises the Council on the local Code of Conduct for members and to promotes high standards of conduct by members. The Committee's terms of reference are set out in the [Constitution](#). Records of the Committee's meetings and decisions are available online. There was one Standards complaint referred to the Committee during 2018/19.

Annual Governance Statement

ECC corporate governance e-learning training includes modules called 'How We Behave' and 'Good Decision Making' which cover the Code of Conduct and other expectations we have of Councillors and employees. The modules were launched to ECC Members in September 2017 following the May 2017 elections. Completion rates for all governance e learning modules for Officers and Members are monitored at Corporate Governance Steering Board.

In May 2016 the Council adopted a [Policy](#) that all Members are asked to undergo a Disclosure and Barring Service (DBS) check when elected. This was followed up after the May 2017 elections and all members were DBS checked.

ECC has arrangements in place for employees, consultants or contractors to raise any concerns they have in the workplace. The Whistle-Blowing Policy is available for employees online and provides advice and guidance about informal and formal ways to raise concerns relating to wrongdoing.

An external company called Expolink provides an independent and confidential route for any whistle-blowing allegations from staff and contractors. Any referrals through this route are rigorously investigated through a set process, there were no referrals in 2018/19. These arrangements are also covered in the Anti-Fraud and Corruption corporate governance e-learning.

ECC has a strong counter-fraud team that supports investigations into allegations raised through any of the above routes and instigates appropriate recovery action where necessary. The team is being strengthened by recruitment of a data analyst.

All employees must declare any interests in line with the Declaration of Interests Policy, all employees are asked to complete this once a year or whenever their situation changes.

Members are required to register details of Disclosable Pecuniary Interests and a series of interests defined by the Code of Member Conduct. Declarations are required to be completed within 28 days of becoming a Member (or being re-elected or reappointed) in the Authority's Register of Members' Interests. This is set out in section 24.6 of the Constitution. In May 2017 we moved to an online form to aid efficient reporting of member interests.

2. Ensuring compliance with relevant laws and regulations, internal policies and procedures, and that expenditure is lawful.

The Monitoring Officer is the Director, Legal and Assurance, and is responsible for ensuring lawfulness in decision making. The Section 151 Officer is the Executive Director for Corporate and Customer Services and is responsible for financial administration and financial probity and prudence in decision making. Both roles are defined within Part 2 of the [Constitution](#).

The Chief Audit Executive is responsible for providing assurance on internal controls and ensuring that there are adequate mechanisms in place for the investigation and reporting of fraud. The Chief Audit Executive is the Head of Assurance.

Annual Governance Statement

Each Executive Director is required to complete and formally sign off a Service Assurance Statement (SAS) accompanied by a plan setting out actions to be taken to strengthen any areas of weakness identified. The SAS covers key lines of enquiry on governance arrangements including service planning, budget, people, information, partnerships, risk, business continuity, equalities and health and safety. This gives an overall picture of assurance across the authority.

These Statements were completed in March 2019, collated and analysed. The organisation's 2018/19 Service Assurance Statements returned an adequate overall assessment. Where necessary improvements have been identified and the relevant directors are responsible for securing remedial action in these areas.

All reports prepared for Cabinet require legal advice to be sought prior to their submission, and all reports to Cabinet or Cabinet Members must incorporate comments from both the Section 151 Officer and Monitoring Officer before they are submitted for consideration. The Reports are also considered at a Cabinet Agenda Setting Meeting before the public meeting. This allows members of the Cabinet and the Corporate Leadership Team to make the decision before they are formally submitted for Cabinet.

The scheme of delegations to officers, to committees and to cabinet members ensures that decisions are not *ultra vires* whilst allowing ECC to exercise its powers in a convenient way.

The Council seeks to comply with both the specific requirements of legislation and the general responsibilities placed on us by the common law and public law, bringing the key principles of good administrative law into processes and decision making.

3. Documenting a commitment to openness and acting in the public interest.

ECC's [Publication scheme](#) details the different classes of information which ECC routinely makes available and the '[Your right to know](#)' webpage which provides guidance for the public about what information is available to them and how they can access it, including via Freedom of Information (FOI), Environmental Information and Subject Access Requests. We also publish all [responses](#) to FOI requests.

The [ECC website](#) is accessible to a wide audience, with relevant and regularly updated news articles online.

Copies of the agendas, documents, minutes and decisions of all Committees, Cabinet and Council are available promptly online and an interactive online calendar of future meetings enables public attendance where appropriate. Audio of all Council, Cabinet and most other committee meetings are broadcast live on the website and are [available to listen to after the meeting](#).

ECC publishes data under the [Government's Transparency Code](#) including [Council spending](#), [Council contracts](#), [senior salaries](#) and [Counter Fraud outcomes](#).

Annual Governance Statement

The Essex Vision, developed with partners and ECC's Organisational Strategy (see sections 5 and 6) outline how ECC commits to work in the public interest. ECC's commitment to transparency, as detailed above, enables the public to assess this and they can then use the [complaints policy](#) and the consultation process to feedback their views. For 2018/19 89% of corporate complaints were responded to within 10 days.

4. Establishing clear channels of communication with all sections of the community and other stakeholders, ensuring accountability and encouraging open consultation.

The [Communications and Marketing Strategy 2018/19](#) outlines how ECC communicates with all sections of the community, employees and stakeholders. It outlines changes being made to communications and marketing approaches, firstly in order to reach audiences with the information, advice and guidance they need in the way they want; and secondly, to tell the story of what the County Council is doing to improve the quality of life of residents through the [Vision for Essex](#) (with partners) and the [Organisation Strategy](#).

All communications are branded to ensure that they are easily recognised, and the information can be translated into different languages and alternative formats as required.

The [constitution](#) allows public speaking at Cabinet and Scrutiny Committees and for public questions to be heard at Full Council. ECC's social media feeds have encouraged people to listen to public meetings as they are simultaneously audio-broadcast online. At many meetings members of the public can now ask a question and expect their elected representatives to respond. Within the last few years there has been a steady increase in the number and frequency of questions from members of the public. At the [extraordinary meeting of Full Council](#) relating to a motion put forward by opposition members relating to the future libraries strategy in March 2019 we had 13 members of the public asking questions. These, and the answer received, were broadcast in full for the first time.

The [Petitions Policy](#) is available online, in 2018/19 we received the highest number of signatures on a single topic to date with 55 petitions and 59,855 signatures about the Essex Libraries Consultation.

ECC proactively engages with the community in order to seek out their views, actively listen to them and support them to respond. There are a range of ways in which people can be involved in shaping decisions. These are inclusive and meet individual needs. This includes statutory consultations, surveys which can be completed online or paper questionnaires plus telephone and accessible format options, focus groups, face to face interviews, ethnographic work, workshops and consultation/discussion events.

The Council's 'Operations Board' has taken on an oversight role to all consultations that ECC is currently undertaking or planning to undertake in the near future. This seeks to ensure that the Consultation that is presented to the public engages with the target communities and seeks a full set of responses which can be used to inform the Council's decision making. Operations Board

Annual Governance Statement

monitors a consultation tracker which lists all current consultations and enables officers seeking to undertake consultation to discuss the requirements with experts across the Council.

The consultation portal '[Consultations in Essex](#)' also known as [Citizen Space](#) is used by ECC for both public and internal consultations and for truly collaborative Partnership consultations, to manage online consultations. There is a list of open and closed consultations and purpose of each consultation is described so it is possible to take part in those that are open. The contact details of the consultation owners are given so that anyone with a question can contact the owner and there is a 'We Asked, You Said, We Did' section so that citizens can view information about what happened as a result.

Over the past 18 months ECC has been working collaboratively with adults with an experience of disability to review current service user groups and explore how we might work differently together in the future, so that together we can ensure that true co-production is happening across the system. The new model for engagement is known as Collaborate Essex and provides various channels of engagement that give opportunities to a much wider range of people. This includes a new 'Citizen's database' which will be used to support recruitment for engagement activity. Local learning disability (LD) groups, which will be user-focused and empower and enable adults with LD to be involved in meaningful engagement activity and A Collaboration In Action Forum, which will have representatives across all disabilities, who will meet with senior ECC officers and members to set a forward plan for co-production and engagement activity.

ECC also supports young people to provide views through a range of groups including the Young Essex Assembly and the Children in Care Council.

5. **Developing and communicating a vision which specifies intended outcomes for citizens and service users and is used as a basis for planning.**
6. **Translating the vision into courses of action for the authority, its partnerships and collaborations.**

A [Vision](#) called 'the Future of Essex' is available online. The Essex vision was co-created alongside partners in 2017 and is intended to set out ambitions for the County until 2035.

The [vision](#) for ECC is also published online:

'ECC is dedicated to improving Essex and the lives of our residents. Our ambition is to deliver the best quality of life in Britain. We will achieve this by providing high-quality, targeted services that deliver real value for money.'

The [Organisational Strategy](#) 2017-21 can be found online and articulates ECC's strategic aims and priorities as well as the organisational building blocks needed to do this.

Annual Governance Statement

The [Organisation Plan and budget 2018/19](#) was approved on 13 February 2018. In 2018, for the first time, the Council combined the Organisation Plan and the Budget report so that plans and how they will be resourced were considered by Council at the same time.

ECC's [Organisation Plan and budget 2019/20](#) was endorsed at Full Council on 12 February 2019.

In addition the [Essex Joint health and wellbeing strategy](#) was considered and endorsed by the Health and Well-being Board in July 2018 and at Cabinet in September 2018.

Employees are supported by a comprehensive individual performance management process. A review of the individual performance management framework began in January 2019 and design will continue into summer 2019. This will ensure it is fit for purpose and meets the need of the Organisation Strategy and People Plan.

Essex is committed to a shared vision called 'the Future of Essex' which comprises a set of ambitions which can only be delivered through effective, joined-up partnership. This sets out the Council's aims that 'whole system thinking' is the key to improving public services, reducing costs to taxpayers and getting the best outcomes for residents.

ECC has made substantial steps forward in developing partnership work in Essex. Recent examples include:

- Creating a movement of whole system leadership via 'Leading Greater Essex' programmes. LGE2018 built upon the pilot "Greater Essex Leadership Collaborative 2016/17 and another cohort is going through LGE2019.
- Essex Partners are sponsoring a series of thematic projects which respond to the ambitions set out in the Future of Essex and seek to generate tangible outcomes within 12-18 months (www.essexfuture.com)
- Essex Partners are also continuing to drive system leadership by developing the building blocks of partnership working, including through a systems dashboard to improve outcomes and accountability, and establishing a task and finish group to focus on our approach to communications and engagement.

ECC works closely with NHS partners across Essex and is increasingly integrating the way we work and commission with NHS partners. This work is overseen by the Essex Health and Wellbeing Board.

As part of the Better Care Fund (BCF), ECC has established pooled funds with the five clinical commissioning groups in Essex. The BCF is "owned" by the Health and WellBeing Board (HWB) on behalf of ECC and the five Clinical Commissioning Groups (CCG), NHS England require that it is approved by the HWB before submission. BCF is also approved by Cabinet and the individual CCG Boards.

Annual Governance Statement

The Public Sector Equality Duty requires public bodies to publish one or more equality objectives every 4 years. ECC's new equality objectives for 2018-2021 were agreed by the Political Leadership Team and Strategic Business Board in March 2018, these are closely aligned to the strategic aims and priorities that appear in the Organisation Strategy. The Equality priorities for the organisation are set out in the Organisation Plan.

The Essex Faith Covenant is a set of principles agreed by public services and faith-based organisations. The principles aim to harness trust, build effective dialogue and break down barriers in the pursuit of delivering shared outcomes that help those most in need. Currently, the main focus for this partnership is to tackle isolation, loneliness and disadvantage in the areas that have currently signed up (Basildon, Braintree, Colchester, Chelmsford, Maldon and Rochford). Other partners have also expressed a desire to get involved.

7. Reviewing the effectiveness of the decision-making framework, including delegation arrangements, decision-making in partnerships, information provided to decision makers and robustness of data quality.

Article 5 of the [Constitution](#) defines the responsibilities for decision making and the principles in accordance with which decisions must be made.

The Strategy, Insight and Engagement Team provides ECC with the evidence it needs to inform decisions affecting commissioning and operational service delivery, such as population analysis, demand forecasting and needs assessments, as well as enabling the organisation to manage performance, engage with citizens and service users and maintain key business intelligence systems.

All agendas, minutes and decisions taken by Cabinet members are available to the public through [ECC's website](#). We have an online committee management system which ensures easily accessible and good quality information is always available about decisions and Member meetings, this also ensures that the committee process is efficiently managed.

Reports to Cabinet are considered at a Cabinet Agenda Setting Meeting before the formal Cabinet meeting. This allows members of the Cabinet and the Corporate Management Board to improve the quality of reports and make them easier for the public to understand before they are formally submitted to a Cabinet meeting.

The Overview and Scrutiny Committees play a key role to inform and challenge decisions carried out within each service. Each Overview and Scrutiny Committee has its own terms of reference and these are set out in the [Constitution](#). All relevant papers can be found on ECC's [Committee Management Information System](#).

ECC intranet pages provide officers and councillors with access to information about how we deal with decision making, including easy access to guidance, including an easy to use decision tree on how to make formal decisions. The Corporate Governance E-learning also covers decision making (see section 13).

Annual Governance Statement

In 2018/19, 96.1% of published decisions had an Equality Impact Assessment completed.

ECC has a robust Data Quality Strategy in place which was reviewed and updated in May 2018, it is due for a further review in May 2019.

For further information on partnerships please see section 20.

8. Measuring the performance of services and related projects and ensuring that they are delivered in accordance with defined outcomes and that they represent the best use of resources and value for money.

The Organisation Performance Report is reviewed by The Corporate Leadership Team (CLT) on a quarterly basis. ECC publishes an annual report which shares progress in delivering the aims in the organisational strategy. The [2017/18 report](#) can be found online and the 2018/19 report will be published later in 2019.

Scrutiny plays a key role in ensuring quality is delivered, providing an independent and robust challenge to delivery of ECC's objectives and holding Cabinet to account for delivery.

The Procurement Strategy and procedures provide a framework of best practice for all procurement activities which support ECC in achieving value for money and delivering on corporate objectives.

ECC Service Quality has been recognised nationally during 2018/19:

- Children's Services achieved an Outstanding rating from Ofsted following an assessment in November 2018.
- The Essex Youth Offending Service were rated as Outstanding following an assessment by HM Inspectorate of Probation in October 2018.
- ECC won Best Social Work Employer of the Year at the 2018 Social Worker of the Year Awards.
- The Kingsmoor Flood Alleviation Scheme in Harlow won the national award for 'Small Project of the Year' at the British Construction Industry Awards in November 2018. The award recognises the best construction scheme under £10 million that has had a big impact on a local community. The project was led by ECC) working closely with Harlow District Council and other partners.
- The Quality Innovation team won the 2018 Healthcare Service Journal Patient Safety Award for Mental Health and Learning Disabilities Award. It was awarded for their project to encourage people with learning disabilities and autism to attend health appointments.
- In a survey of 150 councils Essex County Council came seventh out of 150 councils for spending money most effectively and getting the best outcomes for residents. The survey was published in November 2018 by [iMPower](#), an independent consultancy. It was

Annual Governance Statement

developed to show which councils are the most productive - achieving better outcomes for residents from a less-than-average spend per head. The results show that Essex County Council has improved its productivity, moving from 23rd place in 2017 to seventh in 2018. The results are drawn from performance measured against six different areas: children's social care, older people, disability, health and social care, housing and homelessness, and waste and recycling. Each council is scored for productivity and is ranked accordingly.

9. Defining and documenting the roles and responsibilities of members and management, with clear protocols for effective communication in respect of the authority and partnership arrangements.

The law and [Constitution](#) clearly defines the responsibilities of key member and officer roles.

Part 3 of the [Constitution](#) sets out how Councillors' authority is delegated to Cabinet Members and Officers. Chief Officers are in turn responsible for authorising delegations to their officers. All of these delegations are updated when roles or structures change.

The protocol on Member/Officer relations contained within Part 5 of the [Constitution](#) further defines the day-to-day roles and responsibilities of Officers and Members.

The Council has [Financial Regulations](#) which provide a framework to identify financial responsibilities and the financial limits assigned to individual Officers. These also outline the responsibilities in relation to partnerships and commissioning arrangements. The Financial Regulations are kept under regular review, with the last update approved at Full Council on 11 July 2017.

10. Ensuring that financial management arrangements conform with the governance requirements of the CIPFA Statement on the Role of the Chief Financial Officer in Local Government (April 2016), where they do not, explain why and how they deliver the same impact.

Financial management arrangements conform with the governance requirements of the CIPFA Statement on the Role of the Chief Financial Officer in Local Government (April 2016). The Chief Financial Officer for 2018/19 was the Executive Director for Corporate and Customer Services and the deputy was the Director, Finance and Procurement.

11. Ensuring effective arrangements are in place for the discharge of the monitoring officer function.

For 2018/19 the Monitoring Officer was the Director, Legal and Assurance and the Head of Legal and the Head of Democracy and Transparency were the deputy monitoring officers.

12. Ensuring effective arrangements are in place for the discharge of the head of the paid service function.

For the year 2018/19 the Head of the Paid Service was the Chief Executive.

Annual Governance Statement

13. Providing induction and identifying the development needs of members and senior officers in relation to their strategic roles, supported by appropriate training.

The Member Development Steering Group takes ownership of members' development and is responsible for shaping the Member Development Programme. ECC achieved the Member Development Charter Plus in November 2014, following achievement of Charter status in March 2013. In November 2016 we passed the mid-point review of Charter Plus. The full re-assessment took place in March 2018 where evidence was submitted to an external assessment team who then visited the Council to interview key officers, Members and partners. Essex County Council maintained Charter Plus Status following this visit.

Following elections in May 2017 all members were asked to complete a personal development planning questionnaire and then supported in developing a Personal Development Plan. By March 2018 87% of Members had a Personal Development Plan in place. Members were offered a comprehensive Induction after the May 2017 Election and there are regular briefing and development sessions throughout their term of office.

In November 2018 we launched a People Plan – a new workforce strategy which sets out how ECC will build employee capability, skills and culture for the future. The People Plan is a key building block of the [Organisation Strategy](#) and will help ensure ECC achieves the strategic priority to transform the council to achieve more with less. A key strand of this plan is enabling growth and development which will focus on three areas:

- Management and leadership development
- Learning organisation
- Career development

Employees' annual training and development needs are identified through the performance management process. In addition to a comprehensive induction programme, there are a number of internal training courses available to employees, covering a wide range of topics and issues. The learning management system 'Learn' brings together professional, leadership, management, personal skills and IT development opportunities. As part of the Essex Social Care Academy, both the Family and Adult Operations Workforce Development teams design and commission training specifically for those teams.

All employees are required to complete comprehensive corporate governance e learning programme.

14. Reviewing the effectiveness of the framework for identifying and managing risks and for performance and demonstrating clear accountability.

ECC's Risk Management Strategy 2017-21 was approved at Audit Committee in June 2017 and is annually reviewed and refreshed. It is available to staff with accompanying guidance and these are reviewed at least annually to ensure they remain fit for purpose.

Annual Governance Statement

The Risk Assurance Statement for 2018/19 was included in the Head of Assurance Annual Report which was presented to the Audit, Governance and Standards Committee in June 2019.

ECC has a corporate risk management system that records both strategic and service risks and the assigned owners. The system provides automated prompts to risk owners for updates to recorded risks.

A Strategic Risk Report is formally considered on a quarterly basis by the Corporate Leadership Team where they consider current and emerging risks.

A Risk Maturity review has been conducted by PWC and we will be considering this and how to optimise risk management arrangements during 2019/20.

15. Ensuring effective counter fraud and anti-corruption arrangements are developed and maintained in accordance with the Code of Practice on Managing the Risk of Fraud and Corruption (CIPFA, 2014).

ECC has a dedicated Counter Fraud Team within the Assurance Service, delivering services to all ECC staff. The Counter Fraud Team have undertaken proactive prevention and detection work, including participation in the National Fraud Initiative (NFI), data matching exercises with other Essex authorities and internal data matching exercises. The team also deliver directed fraud awareness training in addition to the mandatory Corporate Governance e-learning modules which includes Anti-Fraud and Corruption and Anti-Bribery and Money Laundering.

An external company called Expolink provides an independent and confidential route for any whistle-blowing allegations from staff and contractors. Any referrals through this route are rigorously investigated through a set process.

A total of **284** referrals have been received and investigated by the Counter Fraud Team during 2018/19.

The Audit, Governance and Standards Committee received quarterly updates in respect of counter fraud activity and a summary is included in the Head of Assurance Annual Report.

The Council's counter fraud arrangements have been assessed against the CIPFA Counter Fraud Code of Practice by using the CIPFA self-assessment tool. A set of 68 statements of performance are graded to provide an overall summary of the Council's position. The assessment is divided into 5 main areas:

- Acknowledge Responsibility
- Identify Risks
- Develop a Strategy
- Provide Resources

Annual Governance Statement

- Take Action

The overall summary reported that: *'The organisation has reached a good level of performance against the CIPFA Code of Practice on Managing the Risk of Fraud and Corruption.'*

16. Ensuring an effective scrutiny function is in place.

Essex County Council has four policy and scrutiny committees. In addition, there are two Joint Health Overview and Scrutiny Committees specifically looking at proposals arising from local Sustainability and Transformation Plans, one with Suffolk County Council and the other with Southend and Thurrock unitary authorities.

Three of the policy and scrutiny committees are chaired by the governing administration. The Corporate Policy and Scrutiny Committee is chaired by the Leader of the largest opposition group. Each of the Committees has two vice-chairmen, one opposition member and one administration member.

Induction, training and support is provided to individual Members and whole committees to support them in their policy development and holding-to-account roles. Following the election in 2017 all committee members received significant levels of training and development and this continues.

The Chairmen of the four committees (and the Chairman of the Audit, Governance and Standards Committee) meet as the Scrutiny Board on a bi-monthly basis, to oversee the coordination of scrutiny activity, consider its development strategically and share best practice.

There is close working between committee Chairmen, Vice-Chairman and their cabinet counterparts, with regular meetings place to discuss key areas of work and direction. Scrutiny Members are involved in influencing policy development (pre-decision scrutiny) and well as post decision scrutiny.

In 2018/19 scrutiny in ECC was supported by officers within Democratic Services and the Head of Democracy and Transparency is the Statutory Scrutiny Officer.

A review of ECC's scrutiny arrangements concluded in 2017 and changes were implemented. The Scrutiny Board continues to discuss issues influencing the effectiveness of scrutiny.

17. Ensuring that assurance arrangements conform with the governance requirements of the CIPFA Statement on the Role of the Head of Internal Audit (2010) and, where they do not, explain why and how they deliver the same impact

The role of the Chief Audit Executive was fulfilled by the Head of Assurance during 2018/2019. The Head of Assurance also has responsibilities for other operational services including Health & Safety, Risk Management, Insurance, Counter Fraud, Emergency Planning and Business Continuity. The arrangements for ensuring independence were outlined in the [Audit Charter](#)

Annual Governance Statement

which was reviewed, updated and presented to the Audit, Governance and Standards Committee in June 2018.

Assurance arrangements for 2018/19 conform with the governance requirements of the CIPFA Statement on the Role of the Head of Internal Audit.

In February 2018 the Internal Audit Function was subject to an External Quality Assessment (EQA) by CIPFA to assess its compliance with the Public Sector Internal Audit Standards. The assessor reported that she 'identified some minor areas of non-compliance with the standards, but nothing that would compromise the effectiveness of the service'. These have now been fully addressed.

18. Undertaking the core functions of an audit committee, as identified in Audit Committees: Practical Guidance for Local Authorities and Police (CIPFA, 2013).

The [Audit, Governance and Standards Committee](#) has undertaken the key functions required of it by Chartered Institute of Public Finance's (CIPFA) guidance on the role of audit committees. The Audit, Governance and Standards Committee role and purpose is set out in Articles of the [constitution](#).

The Committee continues to have a close working relationship with the internal and external auditors and has played an active role in relation to counter-fraud, as stated above.

In July 2018, the Audit, Governance and Standards Committee approved ECC's 2017/18 [Statement of Accounts](#) it approved the 2019/20 Internal Audit Plan in March 2019.

The Committee met 5 times during the 2018/19 financial year, in public. [Their work](#) has included receiving internal audit and counter fraud progress reports, including detail of all limited assurance reviews from the Head of Assurance and the extent to which remedial recommendations have been implemented.

All recommendations arising from Internal Audit and Counter Fraud activity are tracked with monthly automated emails sent to owners of recommendations to request status updates via a web-based system. Summary reports on outstanding recommendations are presented to Audit, Governance and Standards Committee, Corporate Leadership Team, and Functional Leadership Team meetings quarterly. The Corporate Governance Steering Board also monitor implementation of recommendations as one of their indicators of effective organisational governance. This provides good accountability and visibility of Internal Audit recommendations. All reviews with a 'No' or 'limited assurance' opinion are also subject to a follow-up audit review.

19. Ensuring that the authority provides timely support, information and responses to external auditors and properly considers audit findings and recommendations.

The Chief Accountant and the Chief Audit Executive meet with the external auditors on a regular basis to discuss audit activity and ensure that appropriate support is being provided. Quarterly

Annual Governance Statement

meetings are also held with the Executive Director for Corporate and Customer Services (the S151 Officer), the Chief Executive, the Leader and the Cabinet Member with responsibility for Finance to ensure the external auditors are aware of key organisational activity.

20. Incorporating good governance arrangements in respect of partnerships and other joint working and ensuring that they are reflected across the authority's overall governance structures

The Essex Partnership is a working relationship between representatives of organisations who deliver services to the public across Essex. Governance of Essex Partnership activity is the responsibility of the Essex Partners Board, who meet three times per year to steer the work of partners together to deliver shared priorities for Essex communities.

The Essex Partnership Board directs and oversees progress on, strategic plans which influence the decisions made to shape the future direction of policy and the provision of services within the county.

Essex Partners host the Essex Assembly twice per year, where all senior partners across Essex come together to take forward delivery of the ambitions set out in the Essex vision, Future of Essex and strengthen whole system working.

Essex Partners and the Essex Health & Wellbeing Board are supported by Essex Strategic Coordination Group, who meet every 6 weeks to coordinate action responding to priorities identified by partners and partnerships across the whole Essex system.

The County Council is the accountable body for the South Essex Local Enterprise Partnership (SELEP). This year has been one of change for Local Enterprise Partnerships (LEPS) and following the publication of the 'Strengthened Local Enterprise Partnerships' the Ministry of Housing, Communities and Local Government have issued a wider range of requirements upon LEPS. Accordingly, the SELEP has been working with officials from the MCHLG Cities and Local Growth Unit to ensure that it is actively working towards meeting these requirements. The SELEP has undergone its Annual Performance Review which looked at three key themes, Governance, Delivery and Strategy. The SELEP were found to be compliant with the National Assurance Framework and achieved a 'Good' ranking in relation to Governance and Delivery; a ranking of requires improvement was received in relation to Strategy which has been identified as a priority area by SELEP in 2019/20. In addition to the Annual Performance Review, Essex County Council's internal auditors have undertaken a review of the controls in place for SELEP and the arrangements in place to ensure compliance with the Assurance Framework; the outcome of this audit was an overall opinion of Adequate Assurance, with no critical or major finding arising from the review. The SELEP have developed a delivery plan and have an action plan in place to ensure that there are positive steps taken in ensuring its policies and Assurance Framework are reviewed and updated. Following the Government's expectation that all LEPS must be incorporated, the SELEP are taking steps to achieve this ready for April 2020.

Annual Governance Statement

NHS England has established Sustainability and Transformation Partnerships (STPs). Essex County Council's area is covered by three of the 44 STPs nationally:

- Mid and South Essex (covering Braintree, Chelmsford, Maldon, Brentwood, Basildon, Castle Point and Rochford districts, and the two unitary authority areas of Southend and Thurrock)
- West Essex and Hertfordshire (covering Epping Forest, Harlow and Uttlesford)
- North East Essex and Suffolk (covering Colchester and Tendring)

The governance arrangements for STPs were developed during 2016/17 and were finalised by April 2017. In general terms they all include a Programme Board with representation at director level, as well as reporting links to the Essex Health and Wellbeing Board. STP boards do not change the individual accountabilities and responsibilities of individual organisations as STPs are not statutory.

The NHS Long Term Plan (published in January 2019) expects STPs to become integrated care systems by 2021. These will bring together commissioners and providers across health and social care together under a shared financial envelope to achieve shared goals and health and wellbeing outcomes. Essex County Council is clear that it will not pool funding across county boundaries. The Essex STPs are at different stages of development:

- The Suffolk and North East Essex STP is part of the national wave 2 programme of integrated care systems. A governance framework has been developed and is currently being socialised with, and considered by, partners. It includes proposals for an independent Chair; an Integrated Care System Partnership Board covering Suffolk and North East Essex; and local provider alliances (with a single alliance for North East Essex). The three CCGs across Suffolk and North East Essex are now sharing a single accountable officer and moving towards shared management teams across the three CCGs. Once the governance design work has completed, Cabinet would be asked to approve ECC's support and engagement
- The Hertfordshire and West Essex STP is just starting the process of designing how its ICS might work. It appointed an independent Chair in November 2018. There is already a West Essex Local Delivery Board, bringing together local health and care partners in West Essex, and this is likely to move towards becoming an integrated care alliance
- The Mid and South Essex STP is just starting the process of designing how its ICS might work. This STP has agreed to recruit a new independent Chair in 2019.

The NHS long Term Plan was also accompanied by proposals from NHSE for some changes to the law. These are currently being consulted on nationally. If enacted, they would facilitate the formation of statutory joint committees between NHS providers and commissioners and change some procurement rules for the NHS. It is not clear if – or when – these reforms would be implemented.

The Essex Health Overview Policy and Scrutiny Committee (HOSC) has established two Joint Health Overview and Scrutiny Committees with neighbouring authorities in the STPs. The Essex

Annual Governance Statement

HOSC has been working with Southend and Thurrock HOSCs to consider the implications of STP proposals in Mid and South Essex which are now on hold pending resolution of referrals made to the Secretary of State. In another Joint Committee the HOSC is working with the Suffolk HOSC continuing to scrutinise the implementation of the merger of Colchester and Ipswich Hospitals as well as emerging proposals being developed for North East Essex and Suffolk STP. Further joint working may be developed with Hertfordshire HOSC in due course.

Head of Assurance Opinion

The Head of Assurance's overall audit opinion on the internal control environment (framework of governance, risk management and internal control) is one of **Adequate Assurance** which means that which means although there are some weaknesses which may put individual system/process/service objectives at risk of achievement, there is an overall satisfactory system of internal control, appropriately designed to meet the Council's objectives, and controls are generally being applied consistently.

The Head of Assurance Annual Report provides a summary of the activity used to support this opinion and concludes 'this adequate assurance opinion demonstrates that the control environment has remained relatively stable during 2018/2019, with a similar percentage of limited and no assurance opinions compared to the prior year'.

External Audit

The External Auditors (EY) provided an [unqualified opinion](#) on the 2017/2018 financial statements. This was reported to the Audit, Governance and Standards Committee in September 2018.

The external auditors for the 2018/19 financial year are BDO LLP.

External inspections

Essex Youth Offending Service (YOS)

Essex YOS were rated as Outstanding following an assessment by HM Inspectorate of Probation in October. Inspectors found many aspects of work to prevent offending by children and young people to be impressive and successful.

They commented that work is led well by both strategic leaders and operational managers and although we have one of the largest youth offending teams in the country we have achieved a consistent approach and performance throughout.

Work with children and young people subject to both court orders and dealt with by out-of-court disposals was found to be carried out to "an exceptionally high standard."

Annual Governance Statement

Children and young people, together with their parents and carers, were involved meaningfully at every stage and, unusually, make a valuable contribution to quality assurance of cases.

Inspectors noted a few areas for improvement which are being implemented by the service.

Children's Services

Children's Services achieved an Outstanding rating from Ofsted following a period of assessment in November 2018. Inspectors judged the local authority to be outstanding in its services to children, with consistently high standards applied across the county, innovative and high quality help and support available and a well-trained and highly skilled workforce.

The report in particular praised the staff and social workers, highlighting that "Staff enjoy working in Essex; morale and motivation are high. Workers describe the work they are able to undertake with children and families as the reason they came into social work." And that "Social workers know children very well. They demonstrate a good understanding of their needs and plans and are passionate about securing and sustaining improvements in their lives."

The report also highlighted that the strong political and corporate support has meant the local authority has been able to manage demand and prioritise children's needs across the council, with praise for senior leaders in their pursuit of excellence for children.

Allied Healthcare's 'reablement' service (commissioned by ECC)

In September 2018 the Care Quality Commission (CQC) published a report from an inspection of Allied Healthcare's 'reablement' service which took place in March. The CQC carried out the unannounced inspection after service users, their relatives and staff raised serious concerns. They found that safety was inadequate, and that there was inadequate leadership. Since the inspection the Allied decided to transfer its business and ECC worked with Allied to ensure a seamless transfer of care to new providers.

Information Governance

The Information Commissioner's Office has made the following comments in its Decision Notices issued during 2018/19, none of which have resulted in monetary penalties or enforcement action:

- Of the five decision notices received in 2018/19 from the ICO regarding complaints made to them about ECC compliance:
 - Two were FOI related and three were EIR related.
 - Two were not upheld (i.e. ECC had been found not to have breached the law), three were confirmed as upheld. Of those complaints that were upheld, two required ECC to disclose information that it had previously withheld. And on the final notice, ECC was not required to take any further action because it had released the information during the ICO's investigation.

Annual Governance Statement

Monthly performance in responding to statutory requests under FOI/EIR has exceeded the ECC corporate target during 2018/19. However, monthly performance in responding to statutory requests under GDPR (SAR) is 5% below the corporate target. This is monitored by the Corporate Governance Board on a quarterly basis.

General compliance issues relating to processing of personal data are being managed under the GDPR project which remains in place. In addition to Egress, a secure way of sending emails implemented in 2017, we have now implemented TLS secure email solutions across a number of organisations. This replaces the GCSx secure email, when transferring information to public sector bodies. The Data Security and Protection Toolkit has been submitted in 2019 and as ECC has met all mandatory requirements, this demonstrates the ECC's compliance with the National Data Guardians standards and ensures ongoing access to the Health and Social care network, a critical way of sharing information. Measures around information security are monitored by the Corporate Governance Board on a quarterly basis.

Local Government Ombudsman (LGO)

ECC received 100 contacts from the Local Government and Social Care Ombudsman (LGSCO) between 1 April 2018 to 31 March 2019 which is slightly lower than 117 contacts received in 2017/2018. A total of 35 escalated to formal investigation with 18 cases not upheld and 17 upheld finding either maladministration and/or injustice with all agreed recommendations carried out within timeframe set by the investigator. Where the investigations have found fault, the Ombudsman makes recommendations to remedy that fault. This can come in the form of an apology, a financial payment or a reassessment of services. Ombudsman recommendations may also include wider improvements to services including re-visiting training, policies and procedures. The Compliance and Complaints team continues to work constructively with the Ombudsman's office to remedy injustices and capture the learning from cases and share this across relevant service areas and the wider organisation.

Health and Safety

There have been no prosecutions, or other enforcement notices served, under health and safety legislation, against the Council during the financial year 2018/19.

However, there are currently three actual or potential "material breaches" of health and safety legislation under investigation by the Health and Safety Executive (HSE).

The first was included in the Corporate Governance Statement a year ago as follows:

"The Health and Safety Executive investigated a potential breach of the Gas Safety (Installation and Use) Regulations 1998 on a Voluntary Controlled school site (i.e. where ECC is the employer but does not own the school buildings), in November 2017. At the time of writing the outcome of this investigation is not yet known. Although enforcement action is most likely to be against the contractor used by the school the HSE may still take enforcement action against other duty holders such as the school and/or ECC."

The HSE wrote to ECC, in July 2018, informing us that this may result in a Fee for Intervention (FFI).

Annual Governance Statement

In July 2018 there was an incident at a Community School which resulted in ECC reporting a Dangerous Occurrence to the HSE, due to the potential exposure of five ECC employees (and two employees of a contractor) to asbestos contamination. This, again, resulted HSE writing to ECC informing us that this may result in a Fee for Intervention (FFI).

The HSE visited a County Park in October 2018 and issued a formal FFI letter in November alleging a breach of the Control of Substances Hazardous to Health (CoSHH), with respect to inadequate welfare facilities for the public wishing to feed the deer. To date no further correspondence has been received.

Essex Libraries Consultation

The Consultation on the draft 5 year strategy for future library services in Essex ran from 29 November 2018 to 21 February 2019. The results of the consultation are due to be presented to Cabinet in summer 2019. The consultation attracted significant public interest, including 59,855 signatures from 55 petitions. It was also the subject of an [Extraordinary Full Council](#) meeting in March 2019.

Disability Confident

ECC has been accredited as a Disability Confident Leader. ECC is now working with Purple, a disability organisation based in Essex to drive forward a range of activity aimed at maintaining its leader status during 2018-2020. This work includes looking at ECC's recruitment, retention and procurement practices as well as at support for people with mental health conditions.

ECC Owned Companies

ECC has interests in and is involved in a number of companies for lots of different reasons. For example, we may want to trade services for profit or we may set up a joint decision-making forum with partners. The Council has adopted company guidance which sets out requirements about creating new companies or joining a new company. The creation of an ECC company is a significant step. No ECC company may be created or dissolved without a formal Cabinet or a formal decision by the Leader. ECC has a Shareholder Board which oversees relationships with ECC companies, delivery of each ECC company's business plan, performance, financial issues, investments and governance arrangements. This Board met for the first time in February 2019.

Previous Governance Matters Arising

All Governance remedial actions identified in the 2017/18 Annual Governance Statement have been adequately addressed, with implementation being reviewed by the Corporate Governance Steering Board. The Corporate Peer Challenge was postponed by the LGA and therefore reappears in the action plan below. The implementation of Essex Pay, ECC's new Pay and Grading arrangements, was delayed because some Organisational Design programmes were implemented later than originally anticipated. Currently 63% of those in scope are on Essex Pay so this action also reappears below.

Annual Governance Statement

Action Plan

We do not consider that there have been any significant governance issues arising in 2018/19. However, the actions detailed below are in place to maintain good governance arrangements throughout 2019/20.

Subject	Action(s)	Responsible Officer	Target completion date
Corporate Peer Challenge	Enable and contribute to the Corporate Peer Challenge	Chief Executive	During 2019/20
Assurance	Implement all actions identified as part of the SAS process	All Executive Directors	During 2019/20, varies depending on individual action.
Standards	Monitor progress on implementation of the recommendations for the Committee in Standards in Public Life	Monitoring Officer	Ongoing
Internal Audit	Improve compliance with audit recommendations	All Executive Directors	Ongoing
Pay and Grading	Implement the new Pay and Grading arrangements	Chief Executive	Summer 2019
Information Governance	Monthly performance in responding to statutory requests for information to be monitored and reviewed	Head of Democracy and Transparency	Ongoing
	Retention and Destruction project to continue to ensure compliance. This includes further updating of the retention schedule to ensure that information is reviewed and destroyed in line with GDPR.		28th October 2018 (ongoing)
	Develop and update Information Security Disaster recovery plan 2019/20		Ongoing
	ECC high risk systems have been reviewed and evaluated, further work is ongoing relating to medium/low risk systems.		Ongoing
	Contract monitoring process to be further developed and implemented		Ongoing

Annual Governance Statement

We have been advised on the outcome of the result of the review of the effectiveness of the governance framework and consider that the arrangements provide adequate assurance and continue to be regarded as fit for purpose in accordance with the governance framework. We are committed to monitoring the implementation of the action plan, via the Corporate Governance Steering Board, as part of the next annual review.
