The contract would deliver a Mechanical Biological Treatment (MBT) based, residual waste treatment facility at the Essex County Council (ECC) site in Courtauld Road, Basildon. Services would commence in June 2015, following periods of planning,

In introducing the report, the Leader of the Council commented that an important point in a long process had now been reached and he thanked officers, members and partners for their respective contributions.

The Cabinet Member for Economic Development, Waste and Recycling outlined the aims of the project and advised that the FBC had already been approved by the Cabinet and full Council of Southend-on-Sea Borough Council. He endorsed the Leader of the Council's thanks to all involved in reaching this stage in the process, also praising the efforts being made by District and Borough Councils to increase recycling rates and recognising the contribution of Essex residents in achieving this.

The Cabinet Member for Highways and Transportation spoke of her previous involvement in the project and echoed the thanks expressed previously.

- (2) That the award of the contract '1410: Residual Waste Treatment Contract' and the sub-lease of 8.5 hectares of the site to the consortium of Urbaser and Balfour Beatty be agreed on the basis that the expected total nominal cost at Financial Close is no greater than £919m.

In presenting the report, the Deputy Leader and Cabinet Member for Finance and Transformation Programme highlighted areas of particularly effective performance.

**Resolved:**
