Committee Health Overview and Scrutiny

Date 1 June 2011

Review of Stroke Services

Report by Graham Redgwell, Governance Officer

The Care Quality Commission (CQC) review of stroke services was published in January 2011. A copy of that document is attached.

The East of England scored poorly as a whole. The issue was therefore raised initially at the Regional Health Chairs Forum. Given the disparity of outcomes, it was agreed that the issue should be looked at locally by individual HOSCs in the first instance.

The ratings given to the five Essex PCTs were as follows:-

PCT	SCORE OUT OF 5	CATEGORY
SOUTH WEST	3.2	BETTER PERFORMING
MID	2.73	FAIR
NORTH EAST	2.53	LEAST WELL PERFORMING
WEST	2.4	LEAST WELL PERFORMING
SOUTH EAST	1.87	LEAST WELL PERFORMING

The PCT clusters have been invited to comment on how they are responding to the Review but, at the time of preparation of this agenda, no responses had been received.

The Cabinet Member for Adult Social Care has expressed her own concerns, particularly in respect of South East Essex (the lowest scorer). Copies of correspondence she has had with the local PCT are also attached.

The Committee views are sought.
