

Library Success and Ambitions

Introduction

Engaging with residents on changes

- Set the scene and gain feedback
- Introduce draft strategy and launch consultation process

Background

- First in the country to re-open services
- The service has developed over 100 virtual sessions
- We have had over 100,000 views and this number is still growing!

Hi Team. Brian has delivered my books today. He left them on the doorstep. We were in. If he rang the doorbell we didn't hear it. Would you please pass on my grateful thanks. I can now spend the rest of lockdown binge reading William Shaw! I really do appreciate his kindness in delivering the books. Thank you all so much for keeping us going through these difficult times. Kind regards [Redacted]

How we will deliver

Our strategy will set out how we will work and makes a clear commitment to working in a joined up, collaborative open-minded and evidence-based way.

Update and next steps

- Consult on our key principles
- Consult on the draft strategy in October 2021.
- People and Families Scrutiny committee to give valuable input so that we can work together to meet the Councils strategic aims.

Thank you
