

ERROR OF FACT

In the Report On Allegation of A breach of the Council's Code of Conduct for Members, Mrs Boaler has made an error of fact in part 5 (findings) . This error occurs three times in this section and is relied upon (paragraph 6) in forming Mrs Boaler's conclusion in part 6.

In the second paragraph of the first allegation of part 5 Mrs Boaler states "Mrs Weston has informed me, that she holds the surgery at Hullbridge Library with Cllr Marriott on the first Saturday of **every month** ". In the same paragraph she states that the next surgery following 28th April took place on 5th May. In the fifth paragraph of the third allegation of part 5 Mrs Boaler states that following 28th April a surgery was held one week later at the same location. These statements of fact are incorrect. In Appendix 6, I clearly state that surgeries are held on a **bi-monthly** basis as evidenced by the Parish Council's website (see first paragraph of the first allegation of part 5). The next scheduled surgery following 7th April would have been the 2nd June.

Mrs Boaler states that she was unable to access social media sites to confirm the adverse posts being made about me. This evidence is needed to confirm the reasoning behind the 28th April booking of the library, and I enclose examples for consideration. The additional surgery needed to be booked sooner rather than later, and could not be 5th May as that was earmarked for a scheduled surgery at Hockley Library. April 28th was the most appropriate and was booked for this and no other reason.

OTHER COMMENTS

Cllr M Hoy's statement (appendix 7) says that Amanda Studd saw the agent handing out leaflets. This is not confirmed by Amanda Studd in her statement (Appendix 8). Cllr M Hoy is careful not to call these leaflets election literature as he has no definitive evidence. Amanda Studd only assumes that they are. Amanda Studd does however confirm that whatever was happening outside the library it was taking place on the path, not on Council property. English law is not founded on the bases that an individual should be found guilty on the basis of assumptions and contra to proof of innocence.

You should look at the statements of Cllr Angelina Marriott (Appendix 10) and Mr Peter Hennessy (appendix 11) to confirm that April 28th was a normal surgery. Both these persons were regular attendees at these events and the Council's own staff state (Appendix 9) that Mr Hennessy was encouraging people to come in and see me not Cllr Marriott. I am not responsible for the election address distributed by Mr Hennessy on behalf of Cllr Marriott, and should not face retribution for something I was not in control of.

In her conclusion Mrs Boaler plays down the possibility that the complaint against me is politically motivated. The offending election address was distributed to all Hullbridge households in advance of 28th April. As residents of Hullbridge and fellow District Councillors, Cllr Michael Hoy, Cllr Diane Hoy and Cllr Stuart Wilson had the opportunity to bring the election address to my attention so that I could have taken action to dispel any doubts that 28th April was anything other than a normal surgery. Instead they appear to have laid in wait, conspiring with a seemingly less than independent public witness to bring this complaint. Cllr Michael Hoy may have judged this fair in his own mind as

Who's being aggressive, people are just voicing their opinion, many of us would like to put a face to a name but that dose'nt look as if that is going to happen as no one seems to be getting any replies from our new councillor, not a good start.

Carole Weston are you going to make a visit to HULLBRIDGE to meet residence who now have you as our county councillor, it would be a good gesture. Most of us have not got a clue who you are.

If county are responsible for highways and you are our representative there then surely it is your responsibility to represent us by raising our concerns with the right people. If your voice doesn't carry more weight there than an individual resident. what is the point.

Except that she is our county councillor and the elections are for district councillors (our Hullbridge district councillors are all Green Party). Neither is this the first surgery she has held at Hullbridge library. Btw I am not a Tory.
