

Corporate Plan: Progress Report

Quarter 3 2012/13

Information and Intelligence Service

Essex County Council

Priority 1: Enabling every individual to achieve their ambitions by supporting a world-class education and skills offer in the county

What does success look like?

- Children and young people achieve well in early years education (age 5), at KS2 (age 11), at GCSE (age 16) and beyond (up to age 19)
- Adults take up opportunities to learn through adult community learning courses, Essex libraries offer learning opportunities to all, and residents feel they have enough information, guidance and support to access education and life-long learning
- Apprenticeships are undertaken in Essex, and young people participate in post-16 learning and aspire to life long learning and self improvement

Where have we come from and where do we want to be?

Outcome 1: Helping Essex residents achieve their full potential through learning

What do we know has happened this year?

Exception

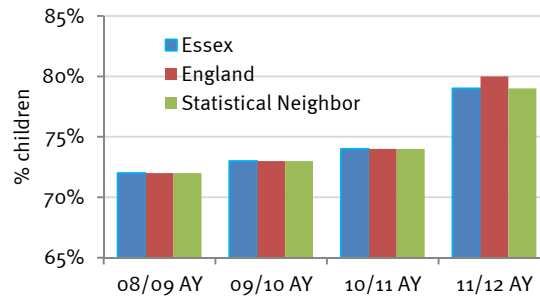

The county still has progress to make in providing good or outstanding schools for all its children.

1.1.1: % achieving good level of development in EYFS

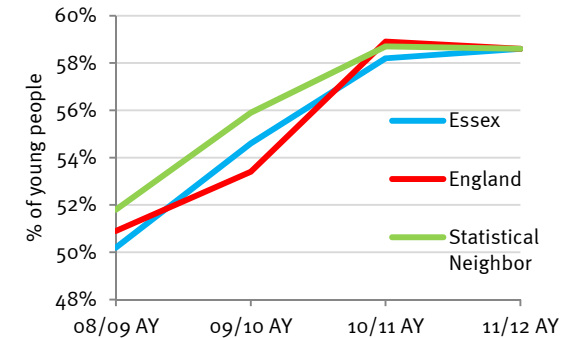

Gap with England has narrowed.

1.1.2: % achieving expected levels in KS2 England and Maths

Improvement seen but performance is below England average.

1.1.3: % achieving 5+ A*-C GCSEs including English and Maths

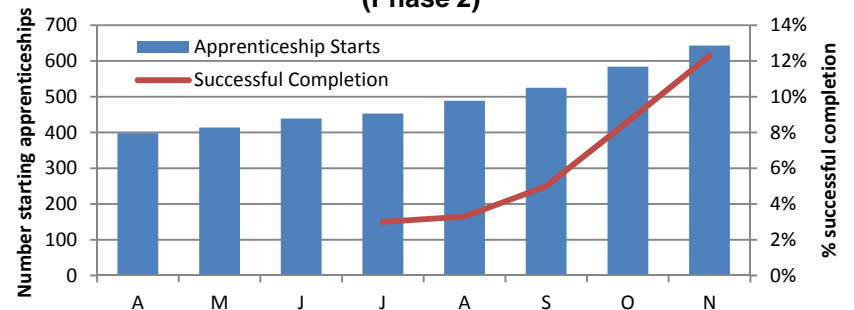

GCSE attainment now level with England and Statistical Neighbour average.

1.2.3: Physical and Virtual Visits to Libraries (per 1,000 population)

Comparative data not yet available, but data shows a slowing in the rate of decline for library visits.

1.3.1/2: Number of people undertaking apprenticeships in Essex (Phase 2)

A low completion rate is to be expected at this stage as many apprenticeships have only recently begun. The target is to achieve a 70% completion rate by the end of Phase 2.

Priority 2: Securing the infrastructure and environment to enable business to grow

What does success look like?

- Essex business community is supported to grow, attract investment and succeed in new markets, and jobs (particularly high value jobs) are present within the Essex economy. Whilst infrastructure supports Essex businesses to trade and grow, whilst the road network is well maintained
- Young people are in education, employment or training
- There is sufficient childcare to support parents choosing to go back to work, and low unemployment in key sections of the community

Where have we come from and where do we want to be?

Outcome 1: Supporting business to generate wealth, jobs and opportunities

What do we know has happened this year?

2.3.1: % of 16-19 year olds who are not in education, employment or training (NEET)

After a peak during September and October (in line with trend) performance is now back on target.

2.3.4: % of resident population aged 16-64 years claiming Job Seekers Allowance

Essex continues to maintain trend with the East of England

Priority 3: Improving Public Health and Wellbeing

What does success look like?

- People receive the support needed to regain or maintain independence, and communities who rely most on local bus services receive a punctual service
- There are low occurrences of smoking, obesity, alcohol and drug misuse, avoidable illness, death and disability, and people are supported to live active lives
- Residents experience of Essex's urban and rural environment is a positive one, and Essex's environmental impact is low

Where have we come from and where do we want to be?

What do we know has happened this year?

3.1.1: % social care users receiving personal budgets

There is a greater proportion of social care users receiving personal budgets, whilst cash payments appears on track to meet target.

3.1.2: % people achieving a positive outcome from reablement

Whilst the proportion of people achieving a positive outcome from reablement has increased, there has been a decrease in the number of people starting reablement compared to 2011/12

Exception

3.1.3: Older people supported through assistive technology

We have seen a decrease in activity levels in Adult Social Care – any decrease in activity levels may in turn impact on assistive technology.

Exception

3.1.6: % non-frequent bus services that run on time

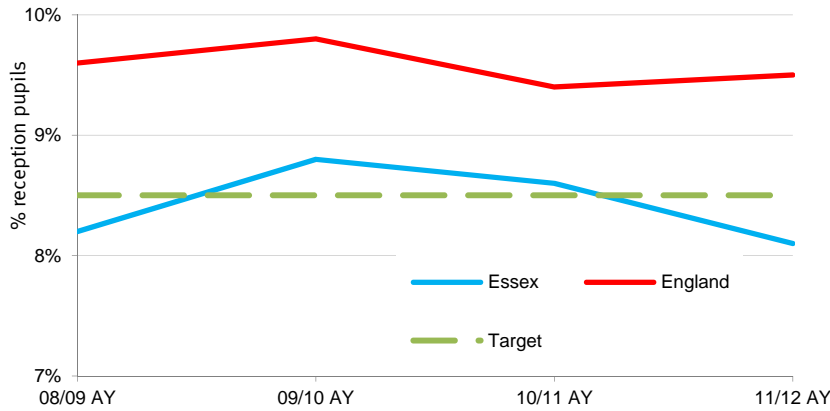

Improvements have been seen year on year, with September 2012 results broadly in line with previous years, but local target unlikely to be met across the whole year.

3.1.7: Number of people using public transport (millions)

Passenger numbers are broadly in line with last year, bucking the national trend of a decrease in passenger numbers for non-metropolitan authorities

3.2.4: % reception year pupils measured as obese

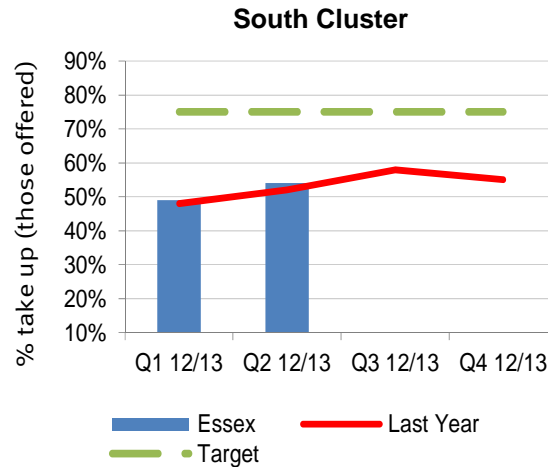

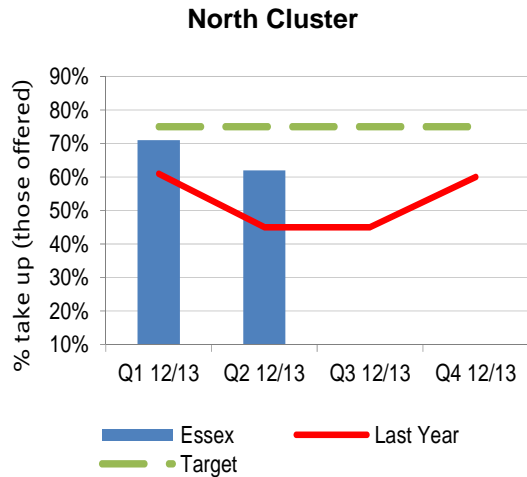

New data that has been released shows that Essex remains below the national average and within target for obesity at reception age.

3.2.5: % year 6 pupils (aged 10 and 11) measured as obese

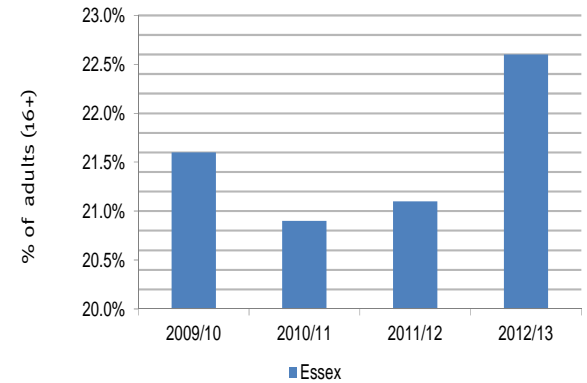

New data that has been released shows that Essex remain below the national average and within target for obesity at year 6.

3.2.9: Take up of health screening programmes

Great strides have been made over the last few months in securing additional GP sign up to offer and deliver health checks. Local data up to Nov 12 suggests performance is getting back on track.

3.2.11: % adults who exercise

Whilst the October 2011 to October 2012 Active People Survey shows an increase in the proportion of adults exercising, the increase is not statistically significant.

3.3.1: User satisfaction with country parks

Q2 saw an exceptionally high satisfaction score of 99%.

3.3.2: % footpaths and rights of way that are easy to use

The July 2012 result remained within the targeted threshold of between 67% and 75%.

3.3.5: % household waste sent for re-use, recycling or composting

Recycling rates across the county have increased when compared to the same period last year.

3.3.6: The level of household waste generated across Essex (Kgs)

The level of household waste generated is broadly in line with the volume in the previous year.

Priority 4: Protecting and Safeguarding Vulnerable People

What does success look like?

- People receiving social care services have good physical, mental and emotional wellbeing and adults with learning disabilities have opportunities for employment
- Low numbers of older people admitted to hospital following falls, adults using our services feel safe and our processes for safeguarding vulnerable children are effective
- Children in care enjoy stable placements or are placed permanently with adoptive families and carers are supported to enjoy a good quality of life

Where have we come from and where do we want to be?

Outcome 1: Enabling vulnerable people to enjoy a better quality of life

What do we know has happened this year?

4.1.2: Number of adults with learning disabilities in paid employment

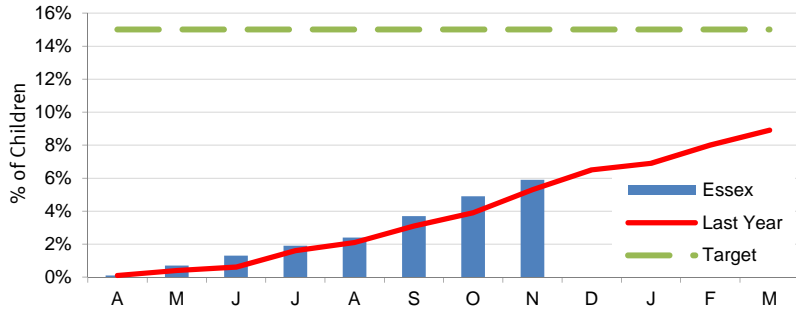

Despite the challenging economic climate, paid employment levels for adults with learning disabilities has increased compared to the level at the end of 2011/12. Essex is in the upper quartile for the proportion of adults with LD in paid employment at 9.2% compared to an average of 7.5% amongst comparators.

4.3.1.1: % Children in Care who have been in the same placement for 2 or more years

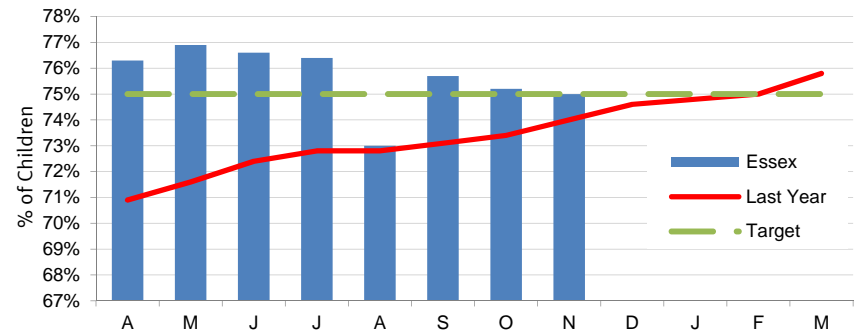

Whilst there has been a reduction in children in care who have been in the same placement for 2+ years, it is less than anticipated.

4.3.1.2: % Children in Care who have had 3 or more placements in the year

Whilst numbers of children with 3 or more placements is slightly higher than last year, Essex remain well below the maximum threshold.

4.3.2: % Children in Care who are in foster care family placements

Although the proportion of children in foster care placements has now fallen below levels seen at the end of 2011/12, Essex remains in line with the target of 75%

Exception

4.3.3: % Children in Care who are adopted each year

Essex is below target for the percentage of children who leave care being adopted.

Exception

4.3.4: Number of carers assessments provided to adults who regularly care for others (per 1,000 population age 18+ years)

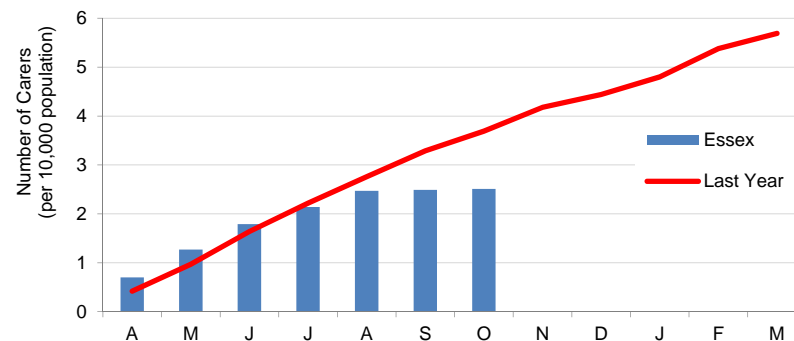

We have seen a decrease in activity levels in Adult Social Care – any decrease in activity levels may in turn impact on carers assessments.

Exception

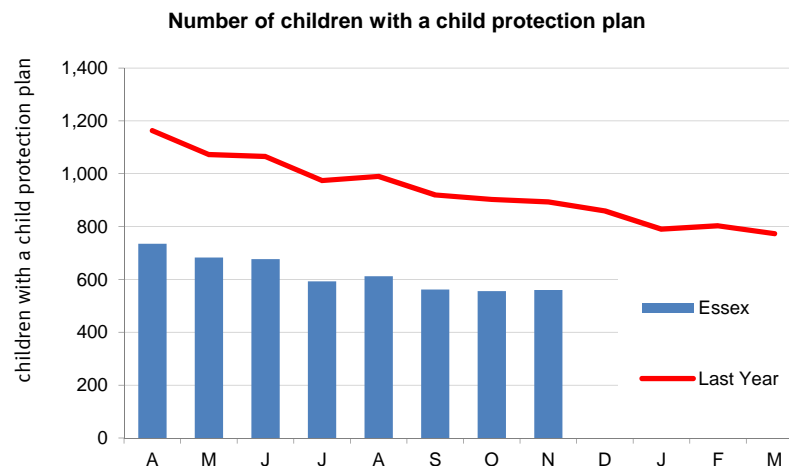

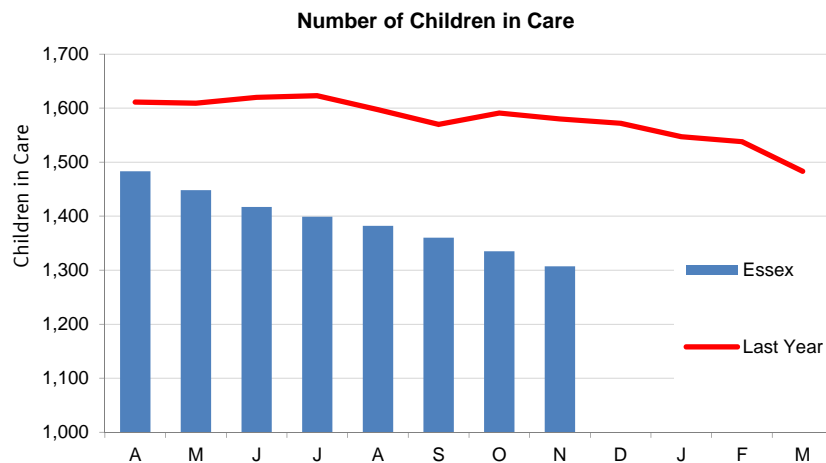

4.3.5: Number of carers receiving direct payments (per 10,000 population age 18+ years)

We have seen a decrease in activity levels in Adult Social Care – any decrease in activity levels may in turn impact on carers.

Safe and appropriate alternatives to care...

As a result of our work with families most in need of our support and early identification of needs, we are seeing an overall reduction in both the numbers of children in care and the numbers subject to a Child Protection Plan.

Priority 5: Giving People a Greater Say and Greater Role in Building Safer and Stronger Communities

What does success look like?

- Low levels of crime and residents feel safe in their communities, traders do not partake in rogue or dangerous behaviour and Essex roads are safe
- Residents are involved in their communities
- There is closer working between local authorities across Essex, and Citizens have power to scrutinise and challenge public services

Where have we come from and where do we want to be?

Outcome 1: Making Essex a safer county in which to live and work
