

**AFM/09/10**

**Forum:** Mid Essex Area Forum

**Date:** 16 September 2010

**MATTERS ARISING FROM AREA FORUM MEETING ON 24 JUNE 2010**

Two particular matters relating to highways had follow-up actions as a result of discussion at the last Area Forum meeting:

(a) Policy Covering Side Entry Gullies

It was agreed to investigate whether the policy covering gullies could be amended to benefit cyclists by restricting the specification to side entry (kerb) gullies only. An email response on this matter is attached as **Appendix A**.

(b) Current list of congestion hotspots

At the last meeting it had been confirmed that the Highways Department did review traffic survey data and maintained a list of congestion hotspots which formed the basis for determining traffic management work to be prioritised and completed. It was agreed that the list of congestion hotspots be distributed to Members of the Area Forum. The current list is attached as **Appendix B**.
