Liberal Democrat Amendment to Motion 4: Greater Infrastructure devolution to deliver growth

Moved by Councillor Mohindra and seconded by Councillor Bentley

'This Council recognises ~~with gratitude~~ the huge investment that the Government and SELEP have already pledged to invest into Essex with such schemes as the new Junction 7A on the M11 and improvements to existing junctions 7 and 8, not to mention the collaborative working with DFT in joint financing with ECC on the A120 consultation and preparation work plus the improvements planned to the A12.

This Council now calls on the Government to go further and ~~help~~ <u>give specific commitments by the end of the next financial year</u> with funding other schemes, such as the A127 and the A13 as major corridors of economic growth and to enter into joint working to deliver these and other vital projects. To also, where possible, devolve the monies needed to ECC to enable consultation and design work needed, emulating the close working relationship as witnessed over the A120 work.'
