The Compliance Manager provided the Board with the Two-Year Training Plans for the PSB/Investment Steering Committee (ISC) and PAB which had been developed following the outcome of individual TNA meetings held with the Director for Essex Pension Fund and Investment Manager. It was noted

that the PAB Training Plan would also be presented to the PAB at their meeting that afternoon.

The Board noted the outcome of the TNA's and the Two-Year PSB/ISC and PAB Training Plans.

**5. External Audit Update**

An update was provided by the Investment Manager outlining progress to date of the external audit.

As reported at the previous meeting BDO had pushed back the start of the audit with fieldwork eventually commencing in August. Despite the efforts of Officers to provide timely responses to the queries, BDO had found it increasingly difficult to keep to the timetable specified in their Audit Planning Report sighting delays in the sign off of NHS audits having a dramatic impact in their ability to meet the deadline.

It was noted that BDO had formally written to the Audit, Governance and Standards Committee of which a copy was also shared with Members at the meeting. It confirmed that they would now not be in a position to provide the Fund's Audit Completion Report and their opinion by the statutory deadline of 30 September 2021. The revised proposal was to have substantially

completed their testing by the end of October and for their sign off by the middle of November.

Officers alerted the Board to a further potential issue in regard to a new International Standard for Auditing (ISA540) that BDO were required to adhere to, which if it transpired that further testing was required to gain additional assurance around the methods and models used in calculating material accounting estimates, this would potentially put in jeopardy their ability to meet the revised deadline.

There was recognition that these were not isolated issues for BDO LLP but industry wide.

The Board once again discussed their disappointment and concerns noting the External Audit community were aware of ISA540 since March 2020. It was suggested that the Board monitor this issue closely and escalate further if necessary.

**Resolved:**

The Board noted the update.

**4. Update on Pension Fund Activity : Quarterly Update Report**

The Compliance Manager provided the Board with the Scorecard position as at 30 June 2021 and an update on progress in relation to the 2021/22 Business Plan and Budget, and Risk Register as at 31 August 2021.

Of the forty-five areas of activities highlighted in the Business Plan, the Board noted that thirteen of these had been completed.

It was also noted that the Fund was forecasting a 7% underspend against the agreed 2021/22 Budget.

In addition to the usual Scorecard exceptions report Members were also provided with the Full Scorecard as part of their annual review process. One notable movement from amber to green was in regard to the number of risks now at their target score.

It was emphasised that the issues raised with the delays in BDO completing the External Audit, would result in a red measure as at 30 September 2021.

It was also explained that the full Risk Register had been provided as part of the Board's annual review. It was confirmed that since the last meeting two risks had been reassessed, reduced back to their target score due to the Fund continuing to be able to carry out Business as Usual throughout the Covid-19 Pandemic and with the recent lifting of restrictions. No new risks had been identified since the last meeting.

**Resolved:**
