July 2020	To endorse entering into a Design & Build contract with Elite Systems (GB) Ltd to permanently expand St Lawrence Primary School in Rowhedge by providing a single classbase to accommodate 30 additional pupils, expanding the school's capacity from 210 to 240 pupils by September 2020	Essex's 10 Year Plan for Meeting the Demand for School Places 2019 – 2028 showed a forecast deficit of Reception places in St Lawrence CE Primary School's planning group. The proposed additional classbase on the site will provide suitable accommodation for the bulge year.	As the school is in an isolated area (no reasonable walking routes to other nearby schools), where spikes in demand are likely in the future, providing permanent additional accommodation will allow the school to admit bulge classes again in the future, without the repeated cost of installing and removing temporary accommodation.	-
