

Executive Decision Summary Form For Infrastructure Delivery Team

Date: June 2020

Date	Decision taken	Reasons for decision <i>NB: If there is a report which sets out the reasons then please refer to the report i.e. date, title, author</i>	Options considered <i>NB: If there is a report which sets out the reasons then please refer to the report i.e. date, title, author</i>	Any conflict of interests and details of any dispensation granted
June 2020	Hamilton Primary School, Colchester: To endorse the cost of the construction works to commence the internal remodelling of Hamilton Primary School.	The school has been operating as a 420-place primary school, but its current accommodation is not sufficient to accommodate 420 pupils. The current assessed capacity of the school is a maximum of 379 places. The scheme will create better dining and kitchen facilities along with an additional classbase, and this will allow the school to function more effectively and will bolster long term sustainability at 420 places.	The possibility of reducing the school's admission number was considered, but as this is an area of high demand the places lost would have needed to be reprovided elsewhere.	-
June 2020	Friars Grove Primary School, Colchester: To endorse the cost of the pre-construction works to commence the replacement	The buildings in question, which provide a classbase for the school and accommodation for an independent childcare	An assessment of the costs required to repair the relocatable classrooms and bring them up to standard identified a total cost of	-

	of the relocatable classrooms at the school.	provider, have already reached their intended lifespan, with the condition of the timber frames likely to deteriorate more rapidly as the buildings age, and so investment in repairs is deemed to be short lived and a poor investment of capital funds.	£276,000, which would have needed to be found from the school's maintenance budget.
