

Liberal Democrat Amendment to Motion 1: Essex Joint Health and Wellbeing

LIBERAL DEMOCRAT AMENDMENT TO MOTION

Moved by Councillor Robinson and seconded by Councillor Mackrory

Motion 1: Essex Joint Health and Wellbeing

'This Council welcomes the new Joint Health and Wellbeing Strategy and recognises it as a significant piece of collaboration with partners across Essex.

We commit ourselves to working with them to improving the health and longevity of residents and ensuring an effective, integrated health and social care system.

Our vision is of an Essex where people:

1. wherever possible can live healthily in their communities without the need to touch the Health and Social Care system in the first place,
2. are treated early and effectively minimising recourse to acute care,
3. receive timely hospital care, early diagnosis and where discharge is planned effectively to achieve safe and lasting returns home,
4. have access to a full range of options to enable them to live independently,
5. needing long-term care achieve quality care in the right place.

We ask all our partners to join with us in achieving this outcome for the people of Essex and to lobby Government to ensure that we have the staff to deliver it and the money to at least meet the shortfall identified by the Local Government Association.'

The amended motion to read:

Motion 1: Essex Joint Health and Wellbeing

'This Council welcomes the new Joint Health and Wellbeing Strategy and recognises it as a significant piece of collaboration with partners across Essex.

We commit ourselves to working with them to improving the health and longevity of residents and ensuring an effective, integrated health and social care system.

Our vision is of an Essex where people:

1. wherever possible can live healthily in their communities without the need to touch the Health and Social Care system in the first place,
2. are treated early and effectively minimising recourse to acute care,
3. receive timely hospital care, early diagnosis and where discharge is planned effectively to achieve safe and lasting returns home,
4. have access to a full range of options to enable them to live independently,
5. needing long-term care achieve quality care in the right place.

We ask all our partners to join with us in achieving this outcome for the people of Essex and to lobby Government to ensure that we have the staff to deliver it and the money to at least meet the shortfall identified by the Local Government Association.'
