

# Motions

## 1 Council Priorities

Moved by Councillor David Finch and seconded by Councillor Kevin Bentley.

'This Council gives its support to the administration's priorities of a low tax and effective organisation focussed on:

- Growing the economy
- Taking care of the old and vulnerable
- Protecting children from harm
- Providing the best possible education for all children'

## 2 The Formula for Road Maintenance

Moved by Councillor David Harris and seconded by Councillor Julie Young.

'This Council needs to review its policy in regard to the formula for road maintenance in Essex. It acknowledges that estate roads are in an appalling condition and seeks to address this by rearranging the formula from mileage of road maintenance to usage as it used to be. This would be at no extra cost to the authority but would give the majority of Essex residents living in urban areas a fair deal.'
